**City of Detroit  
Brownfield Redevelopment Authority**

September 30, 2010

Honorable City Council:

Re: 8900 Gratiot Brownfield Redevelopment.

The enclosed Brownfield Plan for the 8900 Gratiot Redevelopment Project (the "Plan") (Exhibit A), submitted by the Detroit Brownfield Redevelopment Authority Board (the "DBRA") to the Community Advisory Committee (the "CAC"), has been considered and reviewed by the CAC and a public hearing was held by the DBRA and the CAC on September 17, 2010 to solicit public comments. At its September 8, 2010 regular meeting, the CAC considered and

approved a resolution recommending approval of the Plan by the Authority and City Council in the form presented by the DBRA.

On September 29, 2010, the Authority adopted a resolution (Exhibit B) approving the Plan and authorizing the submission of a certified copy of its resolution and the Plan to the City Clerk, together with a request that the Detroit City Council call a public hearing concerning the Plan and to take all other actions to approve the Plan in accordance with Act 381.

The Plan is now presented to the City Council for approval. The Detroit City Council will, after publication of the notices required by law, hold a public hearing on the Plan. After the public hearing, the City Council shall determine whether the Plan constitutes a public purpose and, if so, may approve or reject the Plan or approve it with modifications.

Project Introduction

Detroit Catholic Pastoral Alliance is the project developer (the "Developer"). The Plan entails a two-story, mixed-use commercial/residential new construction development located 3 blocks southeast of the intersection of I-94 and Gratiot. The first floor will offer approximately 12,000 square feet of commercial space where four tenants are planned. The second floor will consist of eleven affordable residential apartments. Total investment is estimated at \$4,325,000.

On August 11, 2010 the Developer received an invitation letter from the MEDC for a 20% Michigan Business Tax (the "MBT") credit of \$731,160 on an eligible investment of \$3,655,801. The Developer is also requesting Tax Increment Financing ("TIF") reimbursement of \$393,300.

Property Subject to the Plan

The property comprising the Plan consists of three parcels located at 8900 Gratiot, 5906 Rohns and 5905 Holcomb generally bounded by Gratiot Avenue to the north, Holcomb Avenue to the east, the property line and residential development to the south, and Rohns Street to the west on Detroit's east side.

Basis of Eligibility

The Property is considered "eligible property" as defined by Act 381, Section 2 because (a) the Property was previously utilized for a commercial and residential purposes; (b) it is located within the City of Detroit, a qualified local governmental unit under Act 381; and (c) the Property is determined to be blighted or adjacent and contiguous to a blighted parcel as defined by Act 381. An initial determination of blight has been made by the City Planning Commission (the "CPC"). The final determination will be made by the Detroit City Council upon approval of the Plan.

Eligible Activities and Projected Costs

The "eligible activities" that are intended to be carried out at the Property are

considered "eligible activities" as defined by Sec 2 of Act 381, because they include Baseline Environmental Assessment activities, preparation of a brownfield plan and work plan, demolition, site preparation, and public infrastructure improvements. The eligible activities and budgeted costs are intended as part of the development of the Property and will be financed solely by the Developer. The Authority is not responsible for any costs of eligible activities and will incur no debt. It is currently anticipated that construction will begin in the first quarter of 2011 and eligible activities will be completed by within eighteen (18) months.

Tax Increment Financing (TIF) Capture

The Developer desires to be reimbursed for the costs of eligible activities. Tax increment revenue generated by the Property will be captured by the DBRA and used to reimburse the cost of the eligible activities completed on the Property after approval of this Plan pursuant to the terms of a Reimbursement Agreement with the DBRA.

Estimated Cost of Eligible Activities

1. Phase I and Phase II	\$ 16,210.00
2. Brownfield Plan and Work Plan Preparation	\$ 18,000.00
3. Demolition	\$167,500.00
4. Site Preparation	\$ 15,000.00
5. Public Infrastructure Improvements	\$ 84,850.00
6. 15% Contingency	\$ 40,102.50
<b>Subtotal</b>	<b>\$341,662.50</b>
7. Interest	\$ 51,638.09
<b>Total Reimbursement to Developer</b>	<b>\$393,300.59</b>
8. Authority Administrative Costs	\$ 67,374.64
9. Local Site Remediation Revolving Fund	\$153,814.51
<b>TOTAL Estimated Costs</b>	<b>\$614,489.74</b>

The costs listed are estimated costs and may increase or decrease depending on the nature and extent of environmental contamination and other unknown conditions encountered on the Property. While these are projections, the estimated costs of eligible activities may exceed the anticipated tax capture. The actual cost of those eligible activities encompassed by this Plan that will qualify for reimbursement from tax increment revenues of the DBRA from the Property shall be governed by the terms of the Reimbursement Agreement.

Honorable City Council:  
 Re: 2010-11 Neighborhood Opportunity Fund (NOF)/Community Development Block Grant (CDBG) Recommendations.

Attached is a revised resolution and chart regarding recommendations for subrecipient funding under the Community Development Block Grant programs for your Honorable Body's consideration the chart reflects all City Council actions within the limits of the categories as approved in May of this year. There is no need for reprogramming.

The entirety of City Council's subrecipient funding recommendations could not be met under the current category allocation amounts. As a result, City Planning Commission staff recommends that the City Council request the Administration to draft a reprogramming request for the 2010-2011 CDBG program to address the following items:

- That the Minor Home Repair category be decreased from \$4,000,000.00 to \$3,900,000.00.
- That the Public Facility Rehabilitation category be increased from \$550,000.00 to \$650,000.00 to grant the following additional amount:
  - Sickle Cell Disease Association (proposal #197), be increased by \$100,000.00 PFR.
- That the Public Service Health category be decreased from \$350,000.00 to \$300,000.00.
- That the Public Service Recreation category be decreased from \$600,000.00 to \$550,000.00.
- That the Public Service Public Safety category be increased from \$225,000.00 to \$265,000.00 to grant the following additional amount:
  - NSO-Youth Initiative Project (proposal #273), be increased by \$40,000.00 PS-Safety;
  - That the Public Service Education category be increased from \$1,450,000.00 to \$1,510,000.00 to grant the following additional amounts:
    - Sickle Cell Disease Association (proposal #196), be increased by \$20,500.00 PS-Education;

- Detroit Area Pre College Engineering Program, Inc. (proposal #59), be increased by \$32,500.00 PS-Education.

- City Year, Inc. (proposal #153), be increased by \$7,000.00 PS-Education.

Please find attached a resolution expressing these specific adjustments.

Lastly, as it concerns funding of the emergent City Council initiatives, CPC staff believes a resolution expressing your desires and intention is also appropriate to the extent that council understands and is comfortable with those pursuits. Attached please find a resolution that indicates the Council's desire to explore HUD eligible, charter compliant initiatives supported through the reprogramming of CDBG funds from previous years.

We trust that this report and the preceding joint report with the Research and Analysis Division bearing the same date address Council's immediate questions and concerns.

Respectfully submitted,  
 MARCELL R. TODD, JR.  
 Director

The police women worked twenty-four hours a day, seven days a week, investigating all child abuse and neglect cases, juvenile delinquency by girls (and boys under the age of 10), all sexual assaults, and checked bars, dance halls, theaters, etc., looking for illegal minors on the premises. Policewomen worked as detectives in plainclothes and wore hats and gloves. When the Women's Division was started, Policewomen did not carry guns or prep radios. September 27, 2010

Honorable City Council:  
Re: New Center Commons — Payment in Lieu of Taxes (PILOT) Amendment #1.

New Center Commons is an existing PILOT, which is currently paying a service charge of the lesser of the tax before rehabilitation began or 10%. The development sits on five tax parcels and has a total of 71 dwelling units. One of the buildings consist of 8 studios, 44 one and 9 two bedroom garden style units, the other building consists of 10 units, 8 of which are townhouse style. Ginosko Development Company who has formed GDC-NCC LIMITED DIVIDEND HOUSING ASSOCIATION LIMITED Partnership is acquiring the development. The project will be financed with a Section 1602 Tax Credit Exchange Loan of \$2,908,000 at 0% for 50 years from the Michigan State Housing Development Authority (MSHDA);

a City of Detroit Home Loan of \$3,100,000, with said funds being divided into two notes, one for \$2,900,000 at 1% for 20 years, and the other for \$200,000 at 6% for 20 years; A Preservation Loan of \$514,728 from MSHDA; and equity from the Developer of \$241,962.00.

The planned rehabilitation to the development includes: parking lot repair, tuck pointing, replacement of some windows, mini blinds, new kitchen appliances, new kitchen cabinets and countertops and sinks, bathroom renovations. Other renovations includes replacement of carpeting in selected units, removal of carpet in hallways and common areas and adding resilient flooring, replace 60 gas fired boilers in one of the buildings and replacement of air conditioning units in other building. Other repairs will include replacement doors and painting etc.

In order to make this development economically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1996, (P.A. 346 as amended, MCLA 125.1415A).

Tenants will occupy the units whose income does not exceed 60% of the area median income adjusted for family size. Four (4) of the units will be occupied by the tenants with incomes of 30% of area median income (AMI) adjusted for family size. Twenty-five (25) of the units will be occupied by tenants with incomes 60% of AMI adjusted for family size. Eight (8) of these units will be reserved for special needs tenants, all 2 bedroom units. Ten (10) 2 bedroom units will be reserved for families with children. One unit will be occupied by the manager/employee.

Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a service charge 7% of the net shelter rent.

Respectfully submitted,

**Planning & Development Department**

June 16, 2010

Honorable City Council:

Re: A resolution to amend the Detroit Master Plan of Policies for a portion of the Eastern Market District to facilitate the construction of a senior high school (Master Plan Change #4).

Pursuant to the City of Detroit's City Charter (Section 8-102), the Planning and Development Department's Planning Division has submitted for your consideration and action a proposed Amendment to the Detroit Master Plan of Policies. Adoption by your Honorable Body of this resolution would accommodate changes in the Master Plan of Policies that would facilitate the construction of a senior high school for Detroit Edison Public School Academy.

**Location**

**St. Aubin Avenue one block south of Mack Avenue.**

The subject site is located in the Neighborhood Cluster 4, Middle East Central Neighborhood Area of the Master Plan of Policies. The site is bounded by Hale Street on the north, St. Aubin Avenue on the east, Wilkins Street on the south, and the Dequindre Cut on the west.

**Existing Site Information**

**Future general land use:**

"IDP", Distribution/Port Industrial

**Existing land and/or building use:**

Mostly vacant land and a vacant industrial building, with a school at the south end of the site

**Existing zoning:**

M3 (General Industrial District)

**Size (acreage):** 16.45 acres

**Surrounding Site Information**

**Future general land use:**

**North, South, and West:** "IDP", Distribution/Port Industrial

**East:** "RLM", Low-Medium Density Residential

**Existing land and/or building use:**

**North:** Commercial use

**East:** Vacant land and scattered residential

**South and West:** Warehousing and meat packing uses

**Existing zoning:**

**North, South and West:** M3 (General Industrial)

**East:** R2 (Two-Family Residential)

**Project Proposal**

**Future general land use:**

"INST", Institutional

**Proposed land and/or building use:**

Detroit Edison Public School Academy (DEPSA) plans to purchase property in the vicinity of St. Aubin Avenue and Hale Street from the City of Detroit in order to construct a senior high school. The new high school will feature the construction of a classroom building, gymnasium, cafeteria/kitchen and multipurpose room, and will be completed with the installation of a parking lot. The new high school will accommodate approximately 500 students and cost \$10 million. It will be located in the Eastern Market district immediately north of DEPSA's existing K-8 school.

**Proposed zoning (most likely):**

PD (Planned Development)

**Interpretation**

Impact on Surrounding Land Use

The proposed development will provide a higher and better use for the subject property, which, with the exception of the existing K-8 school, is now primarily vacant and blighted. The subject site lies along the eastern edge of the Eastern market district, and is easily accessible to downtown. The new high school's proposed location immediately adjacent to the K-8 facility will create a larger campus for DEPSA while serving to help revitalize the surrounding area.

Impact on Transportation

The proposed high school will bring significant traffic from cars and buses picking up and dropping of students. Scott and Hale Streets will be retained, which should enhance access into and out of the school campus off St. Aubin. A designated stacking area for buses should be incorporated into the site plan. DDOT bus routes servicing the area include the Russell, Chene, Mack, and Gratiot lines. SMART also operates a route along Gratiot.

**Recommended Master Plan Amendment**

The Planning and Development Department requests this proposed Amendment to the Master Plan of Policies to facilitate the construction of a new high school for Detroit Edison Public School Academy (DEPSA). The proposed development site is north of the existing K-8 school and is a largely vacant and blighted area that is in need of redevelopment. The proposed new high school conforms to the land use

plan of the Eastern Market District Economic Development Strategy, which identifies the site as a location for DEPSA expansion. However, the proposed development does not conform to the Wholesale No. 3 Rehabilitation Project Modified Development Plan, which designates Wholesale or Retail Food Distribution & Processing as the permitted land use for the subject site. Therefore, the Wholesale No. 3 Rehabilitation Project Modified Development Plan will need to be amended along with the Master Plan.

The Planning Division of the Planning and Development Department therefore requests that the proposed future land use on the Future Land Use map in the Master Plan of Policies be changed for the subject area from "IDP", Distribution/Port Industrial to "INST", Institutional.

Respectfully submitted,  
 MARJA M. WINTERS  
 Deputy Director

On October 14, 2010, a public hearing in connection with the proposed transfer of the captioned property in the Wholesale Distribution Center Rehabilitation Project No. 3 (Eastern Market) was held before your Honorable Body. All

interested persons and organizations were given an opportunity to be heard.  
 The proposed redeveloper, Detroit Edison Public School Academy, wishes to use this property to construct a charter high school complex to accompany their existing K-8 school located south and adjacent to this site. This use is subject to the amendment of the City of Detroit Master Plan of Policies and the Wholesale Distribution Center Rehabilitation Project No. 3 Development Plan, the rezoning of the site from M-3 (General Industrial District) to SD2 (Special Development District), Site Plan approval by the Planning and Development Department and City Planning Commission and all necessary approval actions as required.  
 The net value of the property has been set at \$163,000, representing an estimat-

ed market value of \$203,500 less a reduction of \$40,500 to assist in the clean up of environmental contaminants. The disposal of this land by negotiation is an appropriate method of making the land available for development. The proposed developer has submitted satisfactory evidence that they possess the ability to secure the necessary financial resources required to develop land in accordance with the Development Plan for the project area.

We, therefore, request that your Honorable Body authorize and confirm the sale and authorize the Planning and Development Department's Director, or his authorized designee, to execute an Agreement to Purchase and Develop Parcel 500-A, together with a deed to the property and such other documents as may be necessary to effect the sale, in the Wholesale Distribution Center Rehabilitation Project No. 3, with Detroit Edison Public School Academy, a Michigan Non-Profit Corporation, for the amount of One Hundred Sixty Three Thousand and 00/100 Dollars (\$163,000).

Respectfully submitted,  
WARREN P. PALMER

Director

By Council Member Jenkins:

Be It Resolved, In accordance with the foregoing communication, that:

1) The offer by Detroit Edison Public School Academy, a Michigan Non-Profit Corporation, to purchase Parcel 500-A, as more particularly described in the attached Exhibit A, (the "Property") for the amount of \$163,000 is in satisfactory form;

2) The estimated net market value for Parcel 500-A of \$163,000 is approved;

3) The sale of Parcel 500-A is hereby authorized subject to a) an amendment to the Detroit Master Plan of Policies changing the Property's designation to INST (Institutional); b) an amendment to the Wholesale Distribution Center Rehabilitation Project No. 3 Development Plan to provide for Detroit Edison Public School Academy's intended use of the Property; and c) an amendment to the City's zoning ordinance designating the Property "SD2" (Special Development District).

4) The Director of the Planning and Development Department, or his authorized designee, is authorized to execute an agreement to purchase and develop the Property, together with a deed to the Property and such other documents as may be necessary to effectuate the sale of the Property to Detroit Edison Public School Academy, consistent with the terms set forth in this resolution and provided that all conditions precedent to such sale have been satisfied;

And be it further,

Resolved, That this agreement be con-

sidered confirmed when signed and executed by the Planning and Development Department's Director, or his authorized designee, and approved by the Corporation Counsel as to form.

P&DD has identified as the bond-funding source, funds encumbered in for the Princeton Estates Development Non-Profit Housing Corporation infrastructure project, contract **CPO #2696541** previously approved by City Council in May 10, 2006. The total amount of this contract was \$900,000.00. The remaining balance of \$100,000.00 will be un-encumbered to return to free balance of the bond to support similar infrastructure projects in the future. Our records indicate that work under contract #2696541 never started due to the inability of the developer to proceed with his residential project.

Therefore, the P&DD respectfully requests that the Honorable City Council approve and adopt the attached resolution, with a Waiver of Reconsideration. This resolution will provide the authorization for P&DD to un-encumber \$800,000.00 of the \$900,000.00 currently encumbered in the Princeton Estates infrastructure contract and transfer \$800,000.00 from **CPO #2696541** and obligate this \$800,000.00 to provide public infrastructure improvements to support the Emerald Springs Residential project.

Respectfully submitted,

**WARREN P. PALMER**

Director

By Council Member Jenkins:

Whereas, The Planning and Development Department has identified much needed public right of way improvements for the Emerald Springs Residential Project.

Whereas, \$800,000.00 will be required to complete the infrastructure improvements in the public right-of-way.

Whereas, P&DD has identified \$900,000.00 that is currently available in an expired existing contract for the Princeton Non-Profit Housing Development Corporation CPO #2696541. These funds are General Obligation Bonds which are eligible to be used to support public infrastructure improvements.

Whereas, P&DD is herein formally requesting that the Detroit City Council approve and adopt this resolution, with a Waiver of Reconsideration, in support of the public improvements.

Now therefore be it

Resolved, That the Honorable Detroit City Council grant the authorization to the City of Detroit, through the Planning and Development Department, to un-encumber \$900,000.00 currently in place in the Princeton Non-Profit Housing Development Corporation contract (CPO #2696541) so that funds, in the amount of \$800,000.00 can be utilized to support the public infrastructure improvements

required for the Emerald Springs Residential Developments.

Honorable City Council:

Re: Address: 19640 Hoyt. Name: Andrew Thomas. Date ordered removed: July 6, 2010 (J.C.C. page ).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on September 10, 2010 revealed the building is secured and appears to be sound and repairable.

The owner has paid current taxes due as of January 15, 2011.

The proposed use of the property is rehabilitation and sale. This is the first deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Compliance, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been main-

tained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

Respectfully submitted,  
MICHAEL TAYLOR  
Deputy Director

Honorable City Council:

Re: Petition No. 368 — Greater Apostolic Faith Temple, requesting closure of the public alley located on the west side of Ferdinand Street, south of Fort Street.

Petition No. 368 of "Greater Apostolic

Faith Temple" request the conversion of the east-west public alley, 20 feet wide, (deeded to City of Detroit on November 3, 1926) in the area south of Fort Street, 100 feet wide, and between Morrell Avenue, 60 feet wide, Ferdinand Avenue, 50 feet wide into a private easement for the utility companies.

The request was approved by the Solid Waste Division — DPW, and the Traffic Engineering Division — DPW. The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

All City departments and privately owned utility companies have reported no objections to the conversion of public rights-of-way into private easements for public utilities. Provisions protecting utility installations are part of the resolution.

I am recommending adoption of the attached resolution.

**COMMUNICATIONS FROM MAYOR  
AND OTHER GOVERNMENTAL  
OFFICIALS AND AGENCIES

**PUBLIC COMMENT**

**SANDRA HOLT:** Ms. Holt has concerns regarding the \$150 million wanted by DTE. She feels DTE should go "green", which would generate funds for the City of Detroit. Ms. Holt feels the City should support Gemo Thermo, which is a new way of heating and cooling one's home. Going that route, one would have to pay gas and light bills. There would also be a Stimulus Package from the government.

**GARY BROWN:** Council President Pro Tem. Brown invited Ms. Holt to attend the Public Health and Safety Standing Committee on November 1, 2010 to speak on this matter.

**GREG MURRAY (Sr. Accountants, Analysts and Appraisers Association):** Their association had an oppor-

tunity of the willingness of three unions to work on a process with City representatives, to indemnify the City against all consequences associated relative to violation of a collective bargaining agreement and the City of Detroit's Privatization Ordinance. The City refused to engage in discussion regarding what a waiver and indemnification might have been regarding the matter.

Their association had to revert to strategies and processes that continue the divide between unions and the City working in concert for the betterment of the City. As a result, an injunction had to be filed relative to the City violating their collective bargaining agreement.

Council's approval of the contracts is violating the Privatization Act, and Judge Drain's order of July 19, 2009, not to further violate the Privatization Ordinance. City employees are treated as second class citizens.

**MELVIN BRABSON (AFSCME Local No. 25):** Mr. Brabson opposes Contract No. 2641560. Union members currently perform this work. Money is spent to have an outside contractor perform this work. Mr. Brabson requests Council to vote no on this contract.

**JOANN WATSON:** Council Member Watson stated Council Member Brenda Jones requested this contract be held by City Council because it is in violation of the Privatization Ordinance.

**ANDRE SPIVEY:** This contract is already in place; this requests a one year extension for parts.

**ROBERT BROWN (Second Baptist Church):** Mr. Brown has concerns relative to the sidewalk project, regarding the church which have not been resolved. The Department of Transportation (DOT) made a mistake. Their church should not be held responsible for the mistakes, inconsistencies and the uncooperativeness of DOT regarding the Greek Town Project, which is an important situation to Second Baptist Church. They wish the situation to be resolved.

Council President Pro Tem. Gary Brown requested a verbal update from the Public Works Department relative to a construction over-site by the developer regarding Second Baptist Church, a historic church in the City of Detroit.

Council Member JoAnn Watson stated church members should not have to compromise for entrance into their church.

**LARRY HUDSON:** Mr. Hudson has a complaint regarding flooding property in the area of Bonnie Brook Golf

Course, the Rouge River, Seven and Eight Mile Roads. There are also fallen trees in the area. This has been occurring for ten years.

**STEVEN ROSS (Broadway/Randolph Merchants Association and Owner of Serman's Clothes):** Approximately three years ago they came before Council requesting assistance to implement and develop a Street Scape Program for the area. The Greek Town area has been completed; however, their area has not.

They're requesting new sidewalks; landscaping of the median and new light posts.

**GARY BROWN:** REFERRED MR. ROSS TO THE CITY PLANNING COMMISSION (CPC). Council President Pro Tem. Brown does not understand the bid process and how it would affect this business investment.

**MICHAEL ADEBAYO (City Planning Commission):** Mr. Adebayo stated CPC would work on the problem.

**ROSS:** Mr. Ross stated they are the Eastern portal for entrance into the City. Gratiot, Broadway and Randolph converge at that point. The area needs a face lift.

**BROWN:** REQUESTED THE MOST EXPENDITIOUS WAY TO MAKE THE FACE LIFT HAPPEN.

**JOANN WATSON:** The Economic Growth Corporation (EGC), three years ago, had stated the face lift was on a time line to be handled. That corner, as well as Paradise Valley, were scheduled for renovation. City Council had created that district; the money was there.

AN INVESTIGATION NEEDS TO BE DONE RELATIVE TO THE MONEY BECAUSE THE YOUNG PEOPLE BEING PAID BY THE MCKENZIE GROUP, FOR THE REDESIGNING OF DETROIT ARE BEING PAID \$4 MILLION FUNDED BY EGC.

Those funds are to be used to upgrade Downtown Detroit; it's not to be re-routed to contracts. Three years ago, the Mayor's Office agreed this would be done.

CITY COUNCIL REQUESTS A REPORT REGARDING THE ALLOCATIONS COMING FROM UDAG MONEY. UDAG money should only be spent on Economic Development Projects. It cannot be used as a special fund to give \$4 million to out of town consultants to re-design the City of Detroit.

**ANDRE SPIVEY:** Council Member Spivey offered to help out Mr. Ross.

**WILLIE MAE JACKSON:** Ms. Jackson complained of dangerous homes in the area of Camden, Coplin and Newport.

STANDING COMMITTEE**

**Taken from the Table**

Council Member K. Cockrel, Jr. moved to take from the table a proposed ordinance amends Chapter 18 of the 1984 Detroit City Code, *Finance and Taxation*, Article V, *Purchases and Supplies*, by repealing Division 6, *Detroit Living Wage Ordinance*, which consists of Sections 18-5-81 through 18-5-86, to make the Code consistent with the Michigan Court of Appeal's decision in *Rudolph et al vs. Guardian Protective Services Inc. et al*, Unpublished Opinion of the Michigan Court of Appeals (Docket No. 279433), laid on the table October 12, 2010, which motion prevailed.

Honorable City Council:

Re: Expiration of terms of appointments to Entertainment Commission (Status Report).

On June 30, 2010, the terms of appointment for four (4) members of the Entertainment Commission (EC) expired. Those persons are Dr. Denise Davis Cotton (Cockrel), Darnell Small (Spivey), Robert St. Thomas (Pugh) and Tom Schoenith (Mayor). Of these four, only Darnell Small and Tom Schoenith were seeking reappointments for three-year terms to the EC.

As of October 19, 2010, Mr. Small has been reappointed to the EC, and the appointment for Mr. Scott Lipscomb has been revoked in favor of Mr. Tony Stovall, the new appointee of Council President Pro Tem. Brown. Council President Pugh has identified Mr. Rick Sperling as his appointee, and a resolution effectuating that appointment is attached. Council Member Cockrel is presently in the process of identifying his appointee, and the Mayor's office has yet to take action on its expired appointment.

Additionally, we have been informed by Ms. Karinda Washington, the appointee of Council Member Watson, that she may be forced to resign her appointment later this year. We will provide the details upon hearing from Ms. Washington.

Please let us know if you have any additional questions.

**City Planning Commission**

October 14, 2010

Honorable City Council:

Re: Request of the Planning and Development Department for site plan review and approval for the Planned Development (PD) District bounded by Freud, Emerson, and Dickerson Avenues (Recommend Approval).

**NATURE OF REQUEST**

The Planning and Development Department (PDD) has requested that a site plan review be conducted for the existing PD (Planned Development District) in the area bounded by Freud, Emerson, and Dickerson Avenues. The site is presently vacant. The previously-approved plans were for townhomes, but these were never developed. The site was rezoned to PD in 2002 by ordinance No. 24-02, but because the land is within the Jefferson-Chalmers Urban Renewal area, an approved site plan was not required as a part of the PD rezoning at that time.

The proposed use is a 66-unit, three (3) story senior citizen apartment building, to be built on the southern half of the site. All of the units are two-bedroom. The northern portion would be landscaped with two low berms and a water-retention area. Access to the 66 space parking lot is proposed to be from Emerson Avenue. The developer is MHT Housing, Inc.

As you can see from the attached drawings, the building is configured in an "L" shape, with the long axis along Emerson Avenue. The main entrance of the building would be from the parking lot on the Dickerson Avenue side of the building. The first floor of the building is proposed to be clad in brick, with the upper-stories being vinyl siding. Balconies are shown for some units, which help to break up the long walls of the building.

The Dickerson frontage is shown to be landscaped with arbor vitae, while the northern portion of the site (within the perimeter of a six-foot tall wrought-iron-style fence) is landscaped with a mix of plantings. In addition, a gazebo and landscaped berms are proposed to the north. The Freud Ave. frontage is proposed to be landscaped with yew bushes.

PDD, under its required site plan review of developments in areas governed by urban renewal plans, has reviewed the proposed site plan and requested landscaping upgrades. These modifications are reflected in the attached drawings.

**SURROUNDING LAND USES AND ZONING**

- To the north: School, PD
- To the south: Multi-family housing, PD
- To the east: Multi-family housing and school, PD
- To the west: Residential, primarily vacant, R2

**MASTER PLAN AND DEVELOPMENT PLAN CONFORMANCE**

The Master Plan designation for this area is RL — Low Density Residential, which is defined as having an overall density of up to eight dwelling units per net residential acre. This project has been determined by PDD to be consistent with the overall Master Plan for the area. The Modified Development Plan for Jefferson-Chalmers (the "Plan") shows the allowed uses for this parcel as "single family detached duplexes, and townhouses or garden apartments." PDD has determined that the proposed development is consistent with the Plan.

**COMMUNITY RESPONSE**

The Jefferson Chalmers Citizens' District Council supported a substantially similar residential project on the same site in its May 8, 2007 letter to the Planning and Development Department. In addition, letters of support were received by the developer from the Jefferson East Business Association and the Southeast Waterfront Neighborhood Association.

**ANALYSIS**

The proposed development appears to be appropriate for the area, with a large amount of multi-family housing present already. The upgrades to the landscaping requested by PDD enhance the site.

**RECOMMENDATION**

CPC has completed its review of the proposed development, as has the Planning and Development Department staff. We and PDD find that the development would be in keeping with the spirit and intent of the applicable urban renewal plan and Master Plan designations for the site. Therefore, staff recommends approval of the proposed site plan and elevations. Please find attached the appropriate resolution to effectuate your approval.

Re: Master Plan of Policies Review of a proposed senior citizen apartment building in the Jefferson-Chalmers Urban Renewal area.

Pursuant to the City of Detroit's City Charter (Sections 6-202 and 6-204), the Planning and Development Department's (P&DD) Planning Division submits the following review of a proposed Planned Development District (PD) modification.

The proposed PD modification, requested by P&DD on behalf of MHT Housing, Inc., will accommodate the construction of a 66-unit, three-story senior citizen apartment building in the Jefferson-Chalmers neighborhood on Detroit's lower east side.

**Location**

**Northwest corner of Dickerson and Freud Avenues**

The subject site is located in Neighborhood Cluster 3, East Riverside Neighborhood Area of the Master Plan of Policies. The site is generally bounded by Dickerson, Freud, and Emerson Avenues.

##### **Proposed land and/or building use:**

MHT Housing, Inc. is proposing to construct a three-story 66-unit senior citizen apartment building on the southern half of a vacant site bounded by Dickerson, Freud and Emerson Avenues. Each of the units will contain two bedrooms. The northern half of the site will be landscaped with two low berms and a water retention area. An 82-space parking lot will also be built with access off of Emerson Avenue. The previous site plan approve for the subject property after its rezoning to PD called for townhomes, which were never developed.

##### **Proposed zoning:**

PD (Planned Development); no change

#### **Interpretation**

##### **Impact on Surrounding Land Use**

There is a significant level vacancy and blight both at the subject property and immediately west, which will partially be addressed by the proposed development. The proposed senior facility will blend in with the nearby residential development to the east and south, which is multi-family as well. In addition, the project is supported by the Jefferson-Chalmers Citizens' District Council, the Jefferson East Business Association, and the Southeast Waterfront Neighborhood Association.

##### **Impact on Transportation**

The proposed development site plan shows that 82 parking spaces are provided (82.5 spaces are required). Ingress and egress to and from the site are from one access point on Emerson Avenue. DDOT provides bus service along E. Jefferson and Conner. SMART also operates a route along E. Jefferson.

##### **Additional Analysis**

The proposed development is located in the Jefferson-Chalmers Urban Renewal area. The Land Use and Development Plan & Land Disposition Plan map calls for Housing as the primary land use and commercial as a secondary use. Among the residential uses permitted for the subject site are single family detached, duplexes, and townhouses or garden apartments. As a mid-rise structure, P&DD has determined that the proposed development meets the definition of a garden apartment.

#### **Master Plan Amendment**

The current Master Plan, adopted July 28, 2009, generally does not account for smaller uses as long as those uses do not significantly alter the general land use characteristics of the area (in this case, low density residential, which should have an overall density of 8 dwelling units/acre). Although the proposed PD modification would produce a density of approximately 14 units/acre, it would not alter the characteristics of the area as it calls for the mid-rise apartment building in an area that is close proximity to other multi-family uses. Furthermore, three area non-profit organizations are in support of the proposed development. Therefore, we determine that the proposed project does not alter the general characteristics of the "RL", Low Density Residential land use for the subject area and conforms to the intent of the Master Plan of Policies. No amendment will be necessary.

**City of Detroit  
 Brownfield Redevelopment Authority**  
 October 14, 2010

Honorable City Council:  
 Re: 3800 Woodward Brownfield Redevelopment.

The enclosed Brownfield Plan for the 3800 Woodward Redevelopment Project

(the "Plan") (Exhibit A), submitted by the Detroit Brownfield Redevelopment Authority Board (the "DBRA") to the Community Advisory Committee (the "CAC"), has been considered and reviewed by the CAC and a public hearing was held by the DBRA on October 8, 2010 to solicit public comments. At its September 29, 2010 special meeting, the CAC considered and approved a resolution recommending approval of the Plan by the Authority and City Council in the form presented by the DBRA.

On October 13, 2010, the Authority

adopted a resolution (Exhibit B) approving the Plan and authorizing the submission of a certified copy of its resolution and the Plan to the City Clerk, together with a request that the Detroit City Council call a public hearing concerning the Plan and to take all other actions to approve the Plan in accordance with Act 381.

The Plan is now presented to the City Council for approval. The Detroit City Council will, after publication of the notices required by law, hold a public hearing on the Plan. After the public hearing, the City Council shall determine whether the Plan constitutes a public purpose and, if so, may approve or reject the Plan or approve it with modifications.

Project Introduction

Marwood Holdings, LLC is the project developer (the "Developer"). The Plan entails a newly constructed 200,000 square foot, LEED certified building, a 1,000 car parking deck, and a 15,000 square foot retail building. The state-of-the-art facility will offer office, medical, and retail space to businesses, while complimenting other new development projects along Woodward Avenue with its unique design and street from retail. Total investment is estimated to exceed \$80,000,000.

On September 24, 2010 the Developer received an invitation letter from the MEDC for a Michigan Business Tax (the "MBT") credit up to 20%, for a maximum of \$10,000,000 on an eligible investment of \$55,788,760. The Developer is also requesting Tax Increment Financing ("TIF") reimbursement of \$10,037,333.

Property Subject to the Plan

The property comprising the Plan consists of one parcel located 3800 Woodward, generally bounded by East Alexandrine Street to the north, John R Road to the east, Mack Avenue to the south, and Woodward Avenue to the west in Detroit's Midtown District.

Basis of Eligibility

The Property is considered "eligible property" as defined by Act 381, Section 2 because (a) the Property was previously utilized or is currently utilized for a commercial; (b) it is located within the City of Detroit, a qualified local governmental unit under Act 381; and (c) the Property is determined to be functionally obsolete as defined by Act 381; and is a facility in accordance to Part 201 of PA 451.

Eligible Activities and Projected Costs

The "eligible activities" that are intended to be carried out at the Property are considered "eligible activities" as defined by Sec 2 of Act 381, because they include Baseline Environmental Assessment activities, site preparation, demolition, asbestos abatement, the preparation of a Brownfield Plan, 381 Work Plan, and Due Care Plan and plan review fees. The eligible activities and budgeted costs are

intended as part of the development of the Property and will be financed solely by the Developer. The Authority is not responsible for any costs of eligible activities and will incur no debt. It is currently anticipated that construction will begin in the spring of 2011 and eligible activities will be completed within two (2) years.

Tax Increment Financing (TIF) Capture

The Developer desires to be reimbursed for the costs of eligible activities. Tax increment revenue generated by the Property will be captured by the DBRA and used to reimburse the cost of the eligible activities completed on the Property after approval of this Plan pursuant to the terms of a Reimbursement Agreement with the DBRA.

**ESTIMATED COST OF ELIGIBLE ACTIVITIES**

1. Site Preparation and Demolition	\$ 3,150,000.00
2. Environmental Assessments, Investigations, and BEA	\$ 80,700.00
3. Contingencies (15%)	\$ 484,605.00
4. Brownfield Plan Preparation	\$ 10,000.00
5. Due Care Plan	\$ 1,800.00
6. 381 Work Plan	\$ 10,000.00
7. 381 Work Plan and Brownfield Plan Review Fees	\$ 3,000.00
<b>Subtotal</b>	<b>\$ 3,740,105.00</b>
8. Interest	\$ 783,274
<b>Total Reimbursement to Developer</b>	<b>\$ 4,523,379.00</b>
9. Authority Administrative Costs	\$ 990,575.00
10. Local Site Remediation Revolving Fund	\$ 4,523,379.00
<b>TOTAL Estimated Costs</b>	<b>\$10,037,333.00</b>

The costs listed are estimated costs and may increase or decrease depending on the nature and extent of environmental contamination and other unknown conditions encountered on the Property. While these are projections, the estimated costs of eligible activities may exceed the anticipated tax capture. The actual cost of those eligible activities encompassed by this Plan that will qualify for reimbursement from tax increment revenues of the DBRA from the Property shall be governed by the terms of the Reimbursement Agreement.

Other Development Incentives

The property included in this Plan is seeking additional project support through the Detroit Land Bank Authority and Recovery Zone Bonds.

Honorable City Council:

Re: Redford High School Brownfield Redevelopment.

The enclosed Brownfield Plan for the Redford High School Redevelopment Project (the "Plan") (Exhibit A), submitted by the Detroit Brownfield Redevelopment Authority Board (the "DBRA") to the Community Advisory Committee (the "CAC"), has been considered and reviewed by the CAC and a public hearing was held by the DBRA on October 11, 2010 to solicit public comments. At its September 29, 2010 meeting, the CAC considered and approved a resolution recommending approval of the Plan by the Authority and City Council in the form presented by the DBRA.

On October 13, 2010, the Authority adopted a resolution (Exhibit B) approving the Plan and authorizing the submission of a certified copy of its resolution and the Plan to the City Clerk, together with a request that the Detroit City Council call a public hearing concerning the Plan and to take all other actions to approve the Plan in accordance with Act 381.

The Plan is now presented to the City Council for approval. The Detroit City Council will, after publication of the notices required by law, hold a public hearing on the Plan. After the public hearing, the City Council shall determine whether the Plan constitutes a public purpose and, if so, may approve or reject the Plan or approve it with modifications.

**Project Introduction**

Lormax Stern Detroit Development, LLC is the project developer (the "Developer"). The Plan includes the complete demolition of the existing one million square foot building and preparation of the site for the construction of one or two retail buildings containing a total of approximately 225,000 square feet and three potential out lots to serve area residents. Total investment is estimated to exceed \$25,000,000.

On August 18, 2010, the Developer received an invitation letter from the MEDC for a 20% Michigan Business Tax (the "MBT") credit of \$3,010,000 on an eligible investment of \$15,050,000; under the condition development contains a grocery anchor or significant grocery component. The Developer is also requesting Tax increment financing ("TIF") reimbursement of \$6,592,500.

**Property Subject to the Plan**

The property comprising the Plan consists of an approximately 24 acre site that contains several parcels within its boundaries located at 21431 W. Grand River Avenue, on Detroit's west side, bounded by W. Grand River Avenue and W. McNichols Road to the north, Westbrook Street to the east, Verne Avenue to the south and Burgess Street to the west.

**Basis of Eligibility**

The Property is considered "eligible property" as defined by Act 381, Section 2 because (a) the Property was previously utilized for a public purpose; (b) it is located within the City of Detroit, a qualified local governmental unit under Act 381; and (c) the Property is determined to be functionally obsolete as defined by Act 381.

**Eligible Activities and Projected Costs**

The "eligible activities" that are intended to be carried out at the Property are considered "eligible activities" as defined by Sec. 2 of Act 381, because they include Baseline Environmental Assessment activities, due care activities, lead and asbestos abatement, preparation of a brownfield plan and work plan and work plan review, demolition, site preparation, and infrastructure improvements. The eligible activities and budgeted costs are intended as part of the development of the Property and will be financed solely by the Developer. The Authority is not responsible for any costs of eligible activities and will incur no debt. It is currently anticipated that construction will begin in

the summer of 2011 and eligible activities will be completed by within five (5) years.

**Tax Increment Financing (TIF) Capture**

This Developer desires to be reimbursed for the costs of eligible activities. Tax increment revenue generated by the Property will be captured by the DBRA and used to reimburse the cost of the eligible activities completed on the Property after approval of this Plan pursuant to the terms of a Reimbursement Agreement with the DBRA.

**ESTIMATED COST OF ELIGIBLE ACTIVITIES**

1. Environmental Baseline Assessment Activities	\$10,000.00
2. Due Care Activities	\$10,000.00

6. Infrastructure Improvements	\$500,000.00
<b>Subtotal</b>	<b>\$5,713,500.00</b>
7. Contingencies (15%)	\$857,025.00

9. MEGA and MDNRE Act 381 Work Plan Review Fee	\$2,000.00
<b>Total Reimbursement to Developer</b>	<b>\$6,592,525.00</b>

11. Local Site Remediation Revolving Fund	\$324,028.00
<b>TOTAL Estimated Costs</b>	<b>\$8,183,233.00</b>

The costs listed are estimated costs and may increase or decrease depending on the nature and extent of environmental contamination and other unknown conditions encountered on the Property. While these are projections, the estimated costs of eligible activities may exceed the anticipated tax capture. The actual cost of those eligible activities encompassed by this Plan that will qualify for reimbursement from tax increment revenues of the DBRA from the property shall be governed by the terms of the Reimbursement Agreement.

**Other Development Incentives**

The property included in this Plan is seeking additional project support through a Land Bank program.

Honorable City Council:

Re: 411 W. Lafayette Brownfield Redevelopment.

The enclosed Brownfield Plan for the 411 W. Lafayette Building Redevelopment Project (the "Plan") (Exhibit A), submitted by the Detroit Brownfield Redevelopment Authority Board (the "DBRA") to the Community Advisory Committee (the "CAC"), has been considered and reviewed by the CAC and a public hearing was held by the DBRA on October 7, 2010 to solicit public comments. At its September 29, 2010 special meeting, the CAC considered and approved a resolution recommending approval of the Plan by the Authority and City Council in the form presented by the DBRA.

On October 13, 2010, the Authority adopted a resolution (Exhibit B) approving the Plan and authorizing the submission of a certified copy of its resolution and the Plan to the City Clerk, together with a request that the Detroit City Council call a public hearing concerning the Plan and to

take all other actions to approve the Plan in accordance with Act 381.

The Plan is now presented to the City Council for approval. The Detroit City Council will, after publication of the notices required by law, hold a public hearing on the Plan. After the public hearing, the City Council shall determine whether the Plan constitutes a public purpose and, if so, may approve or reject the Plan or approve it with modifications.

Project Introduction

Comerica Bank is the project developer (the "Developer"). This project brings together Comerica's Michigan headquarters with its other core business units into the 411 W. Lafayette building, which is an underutilized asset that has been owned by the bank since the merger of Comerica and Manufacturers in 1992. The building is approximately 450,000 square feet with over 12 floors, 3 of which are below grade. The purpose of the project is to renovate and update the building, which currently houses fewer than 700 employees. Eventually, 411 W. Lafayette is expected to house over 1,250 employees. Total investment is estimated at \$17,000,000. The Developer is requesting Tax Increment Financing (TIF) reimbursement of \$2,354,424.

Property Subject to the Plan

The property comprising the Plan consists of one parcel located at 411 W. Lafayette, bounded by Lafayette Street to the north, Cass Avenue to the east, the alley running parallel to Lafayette Street and Fort Street to the south and First Street to the west in Detroit's Central Business District.

Basis of Eligibility

The Property is considered "eligible property" as defined by Act 381, Section 2 because (a) the Property was previously or is currently utilized for commercial purpose; (b) it is located within the City of Detroit, a qualified local governmental unit under Act 381; and (c) the Property is determined to be functionally obsolete as defined by Act 381.

Eligible Activities and Projected Costs

The "eligible activities" that are intended to be carried out at the Property are considered "eligible activities" as defined by Sec 2 of Act 381, because they include interior demolition and lead and asbestos abatement, development and preparation of brownfield plan. The eligible activities and budgeted costs are intended as part of the development of the Property and will be financed solely by the Developer. The Authority is not responsible for any costs of eligible activities and will incur no debt. It is currently anticipated that construction will begin in the winter of 2010 and eligible activities will be completed within twelve (12) months.

Tax Increment Financing (TIF) Capture

The Developer desires to be reim-

bursed for the costs of eligible activities. Tax increment revenue generated by the Property will be captured by the DBRA and used to reimburse the cost of the eligible activities completed on the Property after approval of this Plan pursuant to the terms of a Reimbursement Agreement with the DBRA.

**ESTIMATED COST OF ELIGIBLE ACTIVITIES**

1. Brownfield Plan Preparation	\$ 20,000.00
2. Lead and Asbestos Abatement	\$ 163,570.00
3. Demolition	\$ 1,177,273.00
4. MEGA Review Fees	1,000.00
<b>Subtotal</b>	<b>\$ 1,361,843.00</b>
5. Contingency (15%)	\$ 201,126.00
6. Interest	\$ 791,455.00
<b>Total Reimbursement to Developer</b>	<b>\$ 2,354,424.00</b>
7. Authority Administrative Costs	\$ 353,164.00
<b>TOTAL Estimated Costs</b>	<b>\$ 2,707,588.00</b>

The costs listed are estimated costs and may increase or decrease depending on the nature and extent of environmental contamination and other unknown conditions encountered on the Property. While these are projections, the estimated costs of eligible activities may exceed the anticipated tax capture. The actual cost of those eligible activities encompassed by this Plan that will qualify for reimbursement from tax increment revenues of the DBRA from the Property shall be governed by the terms of the Reimbursement Agreement.

The 411 W. Lafayette Plan is located in Detroit's Downtown Development Authority (DDA) and as such, TIF capture will be limited to the available reimbursement from the school capture. Additionally, unless a longer term is approved through a Michigan Economic Growth Authority (MEGA) work plan, the 411 W. Lafayette TIF will be limited to twelve years.

Once the 411 W. Lafayette rehabilitation is complete, the facility will house over 1,250 employees. In the event that in any given year, the employment falls below the minimum amount, the TIF reimbursement will be reduced by an equal percentage as further detailed in the Plan and the Reimbursement Agreement.

Other Development Incentives

The property included in this Plan is seeking additional project support through an Obsolete Property Rehabilitation Act (OPRA) abatement.

Re: Request to accept an increase in the "Preventing Auto Theft" Grant for the Fiscal Year 2010/2011.

The State of Michigan's Automobile Theft Prevention Authority (ATPA) has awarded the Detroit Police Department (DPD) a "Preventing Auto Theft" grant in the amount of \$1,449,286.00 with a 50% cash match. Second Deputy Chief Tina Tolliver, of DPD Budget Operations, has indicated that matching funds are available. The grant is currently in the Fiscal Year 2010-2011 Red Book for \$1,371,640.00 (Appropriation #13104, Cost Center 372503). Fortunately, the DPD was awarded at \$77,646.00 increase.

The funding from the ATPA will be utilized to pay a portion of the salaries and wages of two sergeants and ten police officers assigned to the grant. Additionally, the ATPA grant funding will cover costs associated with contracting two vehicle identification technicians, leasing 14 vehicles for taskforce officers to utilize, and to purchase various field/office operation supplies. This grant will run from October 1, 2010 thru September 30, 2011, and its assigned grant number is 21-11. Lieutenant Marlon Wilson, of Investigative Operations, will continue to serve as the projected director.

Participation requires the approval of your Honorable Body, via adoption of the enclosed resolution authorizing the City of Detroit to accept the grant increase. The Board of Police Commissioners has been notified of the funding and approved participation.

Honorable City Council:  
 Re: Petition No. 3669 — GES, requesting  
 R.O.W. permit for the installation of  
 monitoring wells at 8901 Woodward  
 Avenue.

Petition No. 3669 of "GES", whose  
 address is 10381 Citation Drive, Suite  
 500, Brighton, Michigan 48116 request  
 permission to install and maintain Two (2)  
 monitoring wells within Holbrook Avenue  
 and Woodward Avenue in the area of the  
 intersection of Woodward Avenue, 100

feet wide and Holbrook Avenue, 66 feet  
 wide. The purpose of the bored wells is to  
 monitor the existence or extent of soil  
 contamination from leaking underground  
 fuel storage tanks (a.k.a. "L.U.S.T.").

The encroachment petition was  
 referred to the City Engineering Division  
 — DPW for investigation and report. This  
 is our report:

The Department of Environmental  
 Affairs (DEA) is responsible for develop-  
 ing and implementing a coordinated and  
 comprehensive environmental policy for  
 the City of Detroit, including soil remedia-  
 tion from leaking underground fuel stor-  
 age tanks. To ensure public safety DEA  
 will review the petitioner's environmental  
 actives prior to the issuance of city per-  
 mits. A Right-of-Entry is required by DEA  
 prior to contractor field activity.

Soil borings and monitoring well instal-

lations are equivalent to an "open cut" in a public street or alley. Necessary permits will have to be obtained for any street or alley opening, backfill, surface restoration, barricade, or occupancy of city rights-of-way to install monitoring wells. The City Engineering Division — DPW will require the permit applicant to secure approval of project plans from the Department of Environmental Affairs.

It is the responsibility of "Groundwater and Environmental Services Inc. (GES)/ Shell Oil" to give reasonable and proper notice to any abutting property owner(s) before commencing any open cut or boring operations within public rights-of-way.

The enforcement of fire safety regulations and building codes is the responsibility of the Fire Marshal and Buildings and Safety Engineering Department. Generally, the Fire Marshal and Buildings and Safety Engineering Department report no objections to the placement and maintenance of permanent L.U.S.T. monitoring well encroachments within public rights-of-way.

DTE Energy — Gas Division (DTE) reports involvement, but no objections provided that the proposed encroachments must be at least a minimum of 3.5 feet vertical and horizontal away from our existing gas facilities, also must be free from any obstruction(s) for DTE's equipment to do any repairs and/or relocation of DTE's existing gas facilities in the near future.

The Public Lighting Department (PLD) has a Traffic signal, and underground fed street lighting circuit and Old Communication duct run in the vicinity where the petitioner request for encroachment. PLD requires 24-hrs. vehicle access to the construction site to perform circuit and cable maintenance. No structure can be built over PLD installations. As per PLD requirements, any structure proposed to be built shall maintain a minimum of 3 feet horizontal clearance and 12 feet vertical clearance from the PLD conduit bank and manholes. The contractor should take necessary precautions not to damage PLD manholes and conduit banks, while doing any excavating or using heavy earth moving equipments. The contractor will be liable for any damages to any PLD underground facilities.

The Water and Sewerage Department (DWSD) reports involvement, but no objections provided the proposed encroachments for monitoring well installation provide a minimum clearance. The petitioner must follow DWSD provisions.

All other involved City departments and privately owned utility companies request the petitioner(s) make use of "Miss Dig" facilities before any soil borings or permanent monitoring wells are installed in public (street or alley) rights-of-way.

Finally, the City Engineering Division — DPW requires "Groundwater and

Environmental Services Inc. (GES)" to submit certified "as-built" drawings, a map and survey, showing the exact location of the petitioner's complete permanent L.U.S.T. monitoring well installations within public rights-of-way.

In accord with Detroit Code (Sec. 50-1-9), there is an appropriate resolution, granting the encroachment petition, attached for consideration by your Honorable Body.

Respectfully submitted,

MANILAL PATEL

Interim City Engineer

City Engineering Division — DPW  
By Council Member Tate:

Whereas, The Department of Environmental Affairs (DEA) is responsible for developing and implementing a coordinated and comprehensive environmental policy for the City of Detroit, including soil remediation from leaking underground fuel storage tanks. To ensure public safety DEA will review the petitioner's environmental activities prior to the issuance of city permits; also

Whereas, The State of Michigan requires that all underground storage tanks be registered and inspected for leaks. Also, the "State" has mandated the replacement of leaking tanks including removal (and proper disposal) of contaminated soil; also

Whereas, Any L.U.S.T. can contaminate soil and diminish the value of surrounding properties, including public rights-of-way. The taxpayers of Detroit invested substantial capital in the acquisition, site preparation, insurance, and maintenance of public rights-of-way. Finally, it is in the interests of public health, safety, and welfare to detect the presence of hazardous materials and/or soil contaminatin from L.U.S.T.(s); therefore be it

Resolved, The City Engineering Division — DPW is hereby authorized and directed to issue permits to "Groundwater and Environmental Services Inc. (GES)" at the site of 8901 Woodward Avenue, Detroit, Michigan to install and maintain Two (2) monitoring wells encroaching within the public rights-of-way for the purpose of detecting the presence of hazardous materials and/or soil contamination from any leaking underground storage tanks (L.U.S.T.); said public rights-of-way being nearby or adjoining property described as follows:

Land in the City of Detroit, Wayne County, Michigan being adjacent to and adjoining Lot 1 in the "Joseph R. McLaughlin's Subdivision" of the westerly 1492.92 feet of the Northerly 1/2 of Lot 4 and the Westerly 1492.92 feet of Lot 5 of the Subdivision of 1/4 section 44, 10,000 Acre Tract, Detroit, Wayne County, Michigan, as recorded in Liber 16 Page 77, Plats, Wayne County Records;

Also, Land in the City of Detroit, Wayne

County, Michigan being adjacent to and adjoining Lot 61 in the "Warner's Subdivision" of Lot 6 1/4 Section 45, 10,000 Acre Tract, Greenfield (Now City of Detroit) Wayne County, Michigan, as recorded in Liber 13, Page 93, Plats, Wayne County Records;

1 — Monitoring well on the West side of Woodward Avenue, 100 feet wide between Hazelwood Avenue and Gladstone Avenue on the west side of Woodward Avenue.

1 — Monitoring well on the South side of Holbrook Avenue, 66 feet wide east of Woodward Avenue.

Provided, That once the monitoring wells are decommissioned/discontinued that notification is sent to City Engineering Division — DPW for the encroachment to be removed from city records; and further

Provided, That nothing in this resolution shall be construed as giving any authority, permission or grant to the permittee for any part of the encroaching L.U.S.T. monitoring wells to be placed upon the surface or underground rights of privately owned property. Enforcement of violations of fire safety regulations and building codes is the responsibility of the Fire Marshal and the Buildings and Safety Engineering Department. The petitioner shall apply to the Buildings and Safety Engineering Department for approval and permits to place any monitoring wells on privately owned property (if necessary); and further

Provided, It is the intention of this resolution to authorize the City Engineering Division — DPW (prior to the issuance of "encroachment" permits) to require the permit applicant to perform any reasonable task to protect public property interests including, but not limited to, the submission of engineering plans (containing construction details and distances from property lines) of the proposed encroaching L.U.S.T. monitoring wells. The City Engineering Division — DPW shall require the permit applicant to secure approval(s) of said plans from the Department of Environmental Affairs. Also, the City Engineering Division — DPW may require the permit applicant to secure approval(s) of said plans from Wayne County, the State of Michigan, other city departments (including commissions, authorities, corporations, councils, boards, contractors, and agencies whenever applicable) and/or utility companies; whether Wayne County, the State of Michigan, other city departments and/or utility companies are specifically enumerated in this resolution or not; and further

Provided, Said L.U.S.T. monitoring well encroachments shall be maintained under the rules and regulations of the City Engineering Division — DPW, the department of Buildings and Safety Engineering, and the Fire Marshal in accord with Detroit Code Section 50-1-9 and 10; and further

Provided, Whenever it becomes necessary to open-cut, drill, bore, jack, occupy or barricade public rights-of-way for additional test holes or maintenance of the monitoring well installation(s), such work shall be according to detailed permit application drawings (to be submitted by the petitioner or their assigns, subject to city department review and stamp approvals) prior to any public right-of-way construction (including, if necessary, adjustments or removals); and further

Provided, It is the responsibility of "Groundwater and Environmental Services Inc. (GES)" to give reasonable and proper notice to any abutting property owner before commencing any (permitted) open cut or boring operations within public rights-of-way; and further

Provided, Said encroaching L.U.S.T. monitoring well installations shall be according to the specifications of the Public Lighting Department (PLD). Monitoring wells drilling equipment shall use "care and caution" to clear PLD overhead power lines; PLD requires the installer to maintain a minimum ten feet horizontal clearance at all times. The proposed permanent monitoring wells are not allowed to be built over PLD facilities (maintain a minimum of 3.00 feet horizontal clearance from any underground PLD facilities and/or manholes). The fixed encroachments shall not hinder movement of PLD maintenance equipment; and further

Provided, Said encroaching L.U.S.T. monitoring well installations shall be according to the specifications of the Water and Sewerage Department (DWSD). DWSD requires free and easy access to water main and/or sewer facilities at all times to permit proper operation, maintenance, alteration or repair of DWSD sewers, drains, water mains, fire hydrants, catch basins, sewer and water manholes (and any other DWSD facilities). The proposed permanent monitoring wells are not allowed to be built over DWSD facilities or hinder movement of DWSD maintenance equipment; and further

Provided, All costs for the construction, maintenance, permits and use of the encroaching L.U.S.T. monitoring wells shall be borne by the petitioner. Should damages to utilities occur the petitioner shall be liable for all incidental repair costs and waives all claims for damages to the encroaching installations; and further

Provided, If it becomes necessary to repair or replace the utilities located or to be located in the public rights-of-way, by the acceptance of this permission, the Petitioner(s) for themselves, their heirs or assigns, waive claims for any damages to the encroaching installations and agree to pay the costs incurred in the removal, if the removal becomes necessary, and to restore the property affected to a condi-

tion satisfactory to the City Engineering Division — DPW at the petitioner's expense; and further

Provided, That the encroaching L.U.S.T. monitoring wells shall be installed and maintained with a secure frame and cover, so as to fit flush within the public sidewalk, berm, or pavement grade. All public rights-of-way shall be maintained safe and convenient for public travel. The petitioner shall be liable for all claims, demands, costs, damages, expenses, and causes of action of every kind and character arising in favor of any person, or other legal entity on account of personal injuries or death or damage to property caused by or claimed or alleged to have arisen out of failure to properly install and maintain any encroaching L.U.S.T. monitoring well. The installation and maintenance of said encroachments shall comply with the rules and regulations of the City Engineering Division — DPW and Traffic Engineering Division — DPW; and further

Provided, The petitioner shall file with the Finance Department and/or City Engineering an indemnity agreement approved by the Law Department, saving and protecting the City of Detroit from any and all claims that may arise there from. Also, the petitioner shall be required by the Law Department in conjunction with the Finance Department — Risk Management Division to present proof of financial capability (bonds or insurance) to pay any claims, damages or expenses that may arise as a result of L.U.S.T. monitoring well(s) placement, installation or maintenance in public rights-of-way; and further

Provided, That said permittee shall be subject to any tax under the provisions of the General Property Tax Act which may be levied against it pursuant to law; and further

Provided, That no rights in the public streets, alleys or other public places shall be considered waived by this permission which is granted expressly on the condition that said encroachments shall be removed at the expense of the permittee at any time when so directed by the City Council, and the public property affected shall be restored to a condition satisfactory to City Engineering Division — DPW at the permittee's sole cost and expense; and further

Provided, That said permits issued by the City Engineering Division — DPW and/or the Buildings and Safety Engineering Department are granted with the distinct understanding that in the event the City Charter, or Detroit Code(s), or ordinance(s), or resolution(s), or City policies (governing the placement of encroachments in public rights-of-way) are amended to provide for the levying thereafter, of a fee, charge or rental, to be

hereafter determined upon, for the occupancy of public streets, alleys or other public places, that the permittee will pay said fee, charge or rental provided for in said Charter, or code(s), or ordinance(s), or resolution(s), or policies; also said permittee does hereby bind itself thereunto, and to accept said permits on the conditions hereby imposed, and in the event said permittee shall contest the validity of said Charter, or code(s), or ordinance(s), or resolution(s), or policies of said fee, charge or rental, or upon refusal to pay same, issued permits shall immediately become void; and further

Provided, That the grade shall be maintained in original condition after installation of the wells with flush covers for the holes; and further

Provided, This resolution is revocable at the will, whim or caprice of the City Council, and permittee hereby waives any right to claim damages or compensation for removal of encroachment(s), and further, that the permittee acquires no implied or other privileges hereunder not expressly stated herein; and further

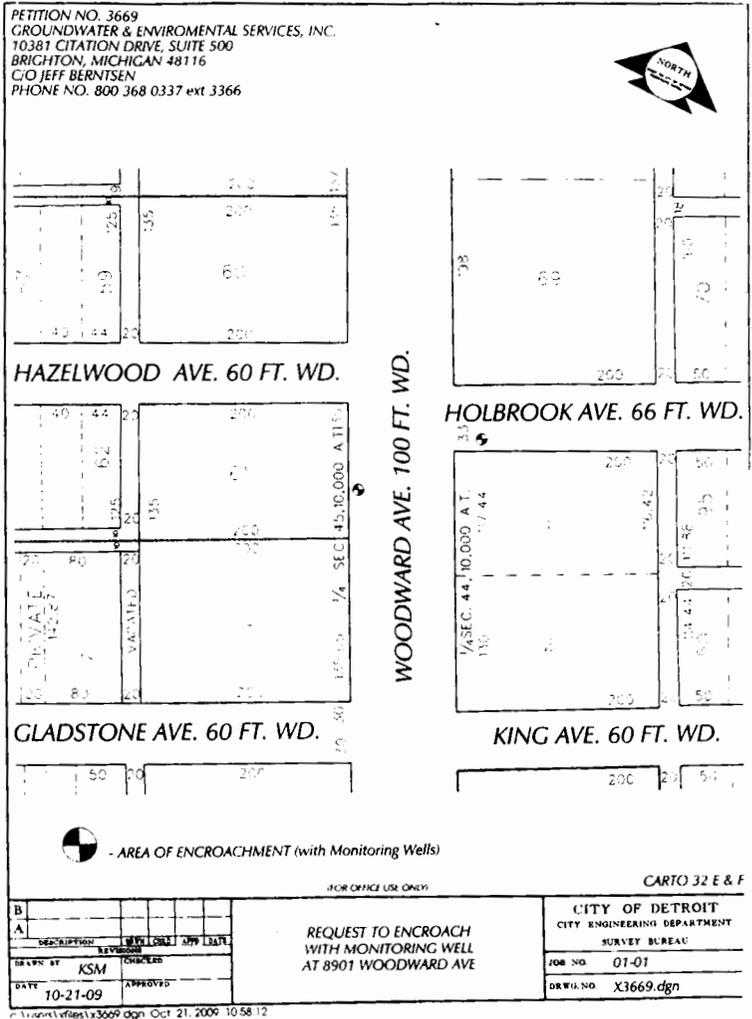

Provided, That the petitioner shall apply to and become a participating member of the "Miss Dig" to comply with Michigan Public Act 53 of 1974, "Protection of Underground Facilities (460.701-460.718)"; and further

Provided, The filing of the indemnity agreement and the securing of the necessary permit(s) referred to herein shall be construed as acceptance of this resolution by the permittee; and further

Provided, That the encroachment permit shall not be assigned or transferred without the written approval of the City Council; and further

Provided, That the City Clerk shall within 30 days record a certified copy of this resolution with the Wayne County Register of Deeds; and be it further

Resolved, The petitioner, "Groundwater and Environmental Services Inc. (GES)", shall submit "as built" drawing(s) sealed by a professional engineer or surveyor registered in the State of Michigan to the City Engineering Division — DPW within 30 days after obtaining the necessary "encroachment" permit to install three (3) proposed monitoring wells. Said "as built" drawing(s) shall furnish a complete means of identifying and ascertaining the precise position of every part of the "encroachment(s)" with courses, distances, and depth throughout (containing City of Detroit datum), so that it may be determined with certainty where any portion of the "encroachment(s)" has been built. #### RESOLUTIONS

By ALL COUNCIL MEMBERS:

THE FOLLOWING ITEM(S) ARE TO BE REFERRED TO THE PLANNING AND ECONOMIC DEVELOPMENT STANDING COMMITTEE:

#### FINANCE DEPARTMENT/PURCHASING DIVISION

Submitting the following Finance Department/Purchasing Division Contracts:

1. Submitting reso. autho. **Contract No. 85711** — 100% Federal Funding — To provide a Case Manager/Job Developer — Kwesi S. #### CITY COUNCIL/RESEARCH AND ANALYSIS DIVISION

3. Submitting report regarding Prin-

icipal Residence Exemption for Ms. Lou Johnson, 10296 Oakland Street. (The State of Michigan Department of Treasury has denied Ms. Johnson's attempts in getting the Principal Residence Exemption (PRE) for tax years 2005-2008 for the commercially zoned parcel. The Department of Treasury is basing its decision on a provision in the definition of Principal Residence that allows a PRE for property that is unoccupied, contiguous and residentially-zoned to the dwelling. It is Treasury's opinion that because the property held a commercial zoning classification then the parcel was ineligible for the PRE. It is Research and Analysis Division's opinion that Treasury may be misapplying the definition to Ms. Johnson's detriment. A strong argument can be made that both parcels were occupied by Ms. Johnson's home. Therefore, any focus on the property's zoning classification is misplaced.)

#### CITY PLANNING COMMISSION

The Plan is in conformance with the provisions of Act 381, the Master Plan of Policies, and the Detroit Zoning Ordinance and that the DBRA Community Advisory Committee has recommended approval of the Plan. The City Planning Commission recommends approval of the Brownfield Plan.)

6. Submitting reso. autho. Special District Review of proposed signs for a Blue Cross Blue Shield building located at 415 E. Jefferson Ave. (PCA District) (Recommend approval). **Law Department**

November 1, 2010

Honorable City Council:

Re: Proposed Ordinance to Amend Chapter 55, Article I, of the 1984 Detroit City Code, *In General*, and Chapter 55, Article IV, of the 1984 Detroit City Code, *Operation of Vehicles, Division 4, Driving While Under the Influence of Alcohol or a Controlled Substance*.

Pursuant to the applicable provisions of the 1997 Detroit City Charter, the above-referenced proposed ordinance is being submitted to your Honorable Body for consideration and approval. This proposed ordinance has been approved as to form.

This proposed ordinance amends Chapter 55, Article I, of the 1984 Detroit City Code, *In General*, by amending Section 55-1-1, *Definitions*, to amend the term 'unlawful alcohol content,' and to add the term 'passenger compartment,' for clarification. In addition, this proposed

ordinance amends Chapter 55, Article IV, of the 1984 Detroit City Code, *Operation of Vehicles, Division 4, Driving While Under the Influence of Alcohol or a Controlled Substance*, by renaming the division *Operating a Vehicle While Intoxicated By Alcohol, a Controlled Substance, or a Combination Thereof*, by amending Sections 55-5-71 and 55-4-72, and by adding Section 55-4-70, to make this division commensurate with state law by making the operation of a motor vehicle with an unlawful alcohol content of 0.08 grams through 0.16 grams per 100 milliliters of blood, per 210 liters of breath, or per 67 milliliters of urine a misdemeanor.

In accordance with the Michigan Vehicle Code, MCL 257.1 *et seq.*, this division permits the People of the City of Detroit to issue misdemeanor violations and to prosecute operators of motor vehicles who are driving while intoxicated. Section 3(k) of the Michigan Home Rule City Act, MCL 117.3(k), and Section 605 of the Michigan Vehicle Code, MCL 257.605, prohibit the City of Detroit, as a municipal corporation, from enacting any ordinance whose maximum criminal penalty for imprisonment is in excess of ninety-three (93) days. Public Act 462 of 2008, the Michigan Vehicle Code, MCL 257.1 *et seq.*, provides, effective October 31, 2010, that an operator of a motor vehicle, who has an alcohol content of 0.17 grams or more per 100 milliliters of blood, per 210 liters of breath, or per 67 milliliters of urine, be subject, upon conviction, to enhanced penalties, including imprisonment of not more than one hundred eighty (180) days.

In order to be commensurate with state law, this division makes the operation of a motor vehicle with an unlawful alcohol content of 0.08 grams through 0.16 grams per 100 milliliters of blood, per 210 liters of breath, or per 67 milliliters of urine a misdemeanor. In order to comply with the intent of Public Act 462 of 2008 to require enhanced penalties, prosecution of any misdemeanor, which charges operation of a motor vehicle with an alcohol content of 0.17 grams or more per 100 milliliters of blood, per 210 liters of breath, or per 67 milliliters of urine, is under the purview of the Office of the Wayne County Prosecutor.

The Law Department requests that this proposed ordinance be introduced and that a public hearing be scheduled, and held, prior to your Winter Recess. We are available to answer any questions that you may have concerning this proposed ordinance.

Thank you for your consideration.

Respectfully submitted,  
KRISTAL A. CRITTENDON

**MEMBER REPORTS:**

**J. WATSON:** It has come to my attention that some of our employee's in the division who are covered by health benefits have run into difficulties with some Human Resource staff whom seem not be aware of the new health care law that was passed by Congress and led by President Obama. That legislation calls for the requirement of businesses to allow employee's to list adult children up to a certain age to be registered;

that legislation was passed on October, 2010. In addition, Council Member Jenkins and Mr. Tony Jeffery of City Planning Commission had issues with Human Resources relative to adding members to their health plan.

**Refer to the Law, Research and Analysis Division, Fiscal Analysis Division, City Planning Commission and Human Resources for reports. Line item for Internal Operations Standing Committee on Tuesday.**

**S. JENKINS:** I passed out a memorandum today nominating Wayne County Commissioner Keith Williams for Board of Zoning & Appeals. When the term starts in January, he will no longer be a commissioner. Mr. Whitaker has assured me that there will not be a conflict. I would like to ask my colleagues for support once it comes up for a vote.

The East Michigan Environmental Action Counsel is doing a short film festival for youth. They're located here in the City of Detroit and they're having their first film festival for youth, where youth have put together short films about the environment. It's going to be at the Main Art Theater in Royal Oak on November 11, 2010 at 6:00 P.M. and the reception is at 7:00 P.M. There will be Detroit students involved in that, so I would ask everybody to go out and support.

Detroit Public Schools Police Department is recruiting parents. They're asking for parents to join their Yellow Jacket Squad and they will be helping kids. I'm asking all parents to get involved if you can. You can call (313) 873-2100 to volunteer to help keep our kids safe.

**B. JONES:** The reception for cable for Tuesday's and Thursday's were really poor. I'm told that they're still not able to hear us very well. Mr. Marable, has that been corrected?

**K. Marable, Mayor's Office:** What has been indicated by the department is that there are on-going issues. It pretty much has to do with the upgrade that was undertaken over the summer.

**C. Pugh:** Is Closed Caption an option?

**K. Marable:** We'll check on that.

**C. PUGH:** I had a really good trip to Pittsburgh and the Chamber who organized the trip to Pittsburgh is going to have a panel discussion; I want to invite all colleagues. I'll inform all offices of when they're going to have it. There were several members of this community that were represented and they just built a new hockey arena in Pittsburgh.

We looked at some innovative community development where there was

some businesses working with the Foundation Committee, really good collaborations that I think will be advantageous for us to dive deep into on how that will help us here. They also have a Pittsburgh Promise which promises college scholarships for all students who move through the Pittsburgh Public School System; we have a Detroit College Promise so I'm connecting those two to see what challenges our Detroit College Promise is having because a lot of folks don't know that it exists.

**SHEILA DAPREMONT, Dano Corporation** — complained to City Council that purchasing several properties on Lyndon Street (12700, 12770 and 12740) at the Wayne County foreclosure auction, she learned that the taxes owed on the properties are higher than what she paid for them. All three properties are in very poor condition and two are scheduled for emergency demolition. Ms. Dapremont requests

that the properties be reassessed. [Referred to the Budget, Finance & Audit and Public Health and Safety Standing Committees.]

**CARY EATMON, Muse Art Internet TV's representative** — invited City Council members to the company's launch party which will be held at the MGM Grand Hotel.

**PASTOR OVELLA, United Communities of America (UCA) president** — suggested that Council adopt a resolution declaring that the 22nd day of each month be a "city-wide day of peace and healing". To promote crime reduction, the organization has distributed 2,200 posters which read, "God said, Thou Shall Not Kill," and it hopes to pass out 48,000 more. The organization also hosted the city-wide "Night of Healing" at New Bethel Baptist Church. Pastor Ovella hopes City Council will approve the proposed resolution in time to make this coming November 22nd the first day of peace and healing. Written information was provided to City Council, explaining UCA's goal to promote peace and to "create awareness and consciousness in our community and in our people." Pastor Ovella told City Council, "We're going to have to fight for peace." [President Pugh's Office will work with the pastor to draft the resolution, and have it ready by next Tuesday.]

**KELSEY VON WORMER, Barnstormers' Director of Marketing** — reported to City Council that her company is doing good things for the Coleman A. The council woman participated in the recent Veteran's Parade. She thanked City Council for its assistance. She also expressed concern for some homeless people she met, who were living in a house on Masonic, which, unfortunately caught

fire during the parade. So far efforts to relocate the people to a homeless shelter have failed. C.O.T.S. is already full. She asked if there were any other organization that could help, and that if not, she would help to start one. [Councilwoman Jenkins said she would help find some temporary shelter as well as something permanent, if possible. She will have Ms. Branch from her office work with the Council woman from Harper Woods.]

**LAKISHA JOHNSON, Assistant Manager, Steve's Soul Food** — asked about the status of its petition to have a directional sign placed on Jefferson, at Riopelle. The petition has been pending since March of 2009. She has spoken with Council Members Cockrel and Watson, and now she is seeking help from the full City Council. **City Planning Commission**

October 28, 2010

Honorable City Council:

Re: Special District Review of proposed signs for a Blue Cross Blue Shield building, located at 415 E. Jefferson Ave. (PCA District) (Recommend Approval).

Blue Cross Blue Shield of Michigan is proposing installing two sets of identification signs on the company's building at 415 E. Jefferson Ave. on the northwest corner of E. Jefferson Ave. and Beaubien St. (the southeast and northeast corners of the building). The PCA (Restricted Central Business District) zoning classification, in which the building is located, requires City Council approval of the location and design of proposed signs following the review and recommendation by the City Planning Commission (CPC) (Sections 61-11-96, Detroit Zoning Ordinance).

**REVIEW**

CPC staff is sensitive to the appearance of signs in the PCA (Restricted Central Business District) zoning district,

as this district comprises areas that are a part of, or adjacent to, the public center and visited by hundreds of thousands of people yearly. External signs are a key part in establishing the character of Detroit's unique districts and communities. While some signs are appropriate and address both their surroundings and the immediate setting, care must be taken in examining each proposal.

In accordance with the Special District Review provisions of Article III, Division 6 and the PCA provisions of the Zoning Ordinance, reviews of proposed signs should be conducted in light of the following criterion, "signage and graphics should be tastefully designed to be visually appealing and in character with surrounding development; they should provide needed information, direction and orientation in a clear and concise manner" (Sec. 61-11-97(11)). Additionally, the "scale, form, massing and density should be appropriate to the nature of the project and relate well to surrounding development" (Sec. 61-11-97(2)). The proposal as presented in this recommendation meet these criteria.

The proposed signs consist of two sets of Blue Cross Blue Shield's nationally-recognizable logo, one located on the frieze of the Jefferson frontage and the other on the frieze of the Beaubien frontage (see attached photo). The proposed size of the signs is compatible with the mass and height of the building. Additionally, CPC staff finds that the design of the signs is in character with the building on which they will be installed as well as with surrounding development.

**MASTER PLAN CONFORMANCE**

Section 61-11-97(1) of the Detroit Zoning Ordinance requires that proposed development "reflect applicable policies stated in the Detroit Master Plan." The subject property is in the Central Business District (CBD) of Neighborhood Cluster 4. CPC finds that the proposed signage is compatible with the existing use, as well as the future land use designation for the area (Special Commercial), which allows medium-rise offices as an ancillary use. CPC finds that the proposed signage does reflect applicable policies of the Master Plan.

**RECOMMENDATION**

CPC staff has completed its review of the proposed signs. We find that the proposed on-premises business signs would be in keeping with the spirit and intent of the PCA zoning district and the Detroit Master Plan. The signs must also be reviewed and approved by the Buildings and Safety Engineering Department and the Department of Public Work's Traffic Engineering Division. CPC recommends City Council approve the proposal conditionally, subject to all other required departmental approvals.

Please find attached the appropriate resolution to effectuate this recommendation.

Respectfully submitted,  
MARCELL R. TODD, JR.  
Director  
LAURA BUHL, AICP  
Staff

By Council Member Jenkins:

Whereas, Blue Cross Blue Shield of Michigan desires to install identification signs on the company's building located at 415 East Jefferson Avenue; and

Whereas, The above mentioned property is subject to provisions of Section 61-11-81 through 61-11-98, the PCA (Restricted Central Business District) zoning classification of the Detroit Zoning Ordinance; and

Whereas, The PCA zoning district classification requires that the location and design of proposed signs within the PCA district be approved by resolution of the City Council following review by the City Planning Commission and the Planning and Development Department; and

Whereas, The staff of the City Planning Commission has reviewed the proposal pursuant to the Special District Review provisions of Article III, Division 6 of the Detroit Zoning Ordinance in order to ensure that the proposed signs are in keeping with the spirit, purpose, and intent of the PCA zoning district classification.

Now, Therefore, Be It Resolved, That the Detroit City Council conditionally approves the location and design of the proposed identification signs for the building located at 415 East Jefferson Avenue, between Beaubien Street and Brush Street, described in the foregoing communication from the City Planning Commission staff, dated October 28, 2010, and as depicted in drawings prepared by Nueumann Smith, dated October 5, 2010, subject to all required departmental approvals.

Adopted as follows:

Yeas — Council Members Brown, Cockrel, Jr., Jenkins, Jones, Spivey, Tate, Watson, and President Pugh — 8.

### City Planning Commission

October 27, 2010

Honorable City Council:

Re: Request of the Detroit Medical Center (DMC) Children's Hospital of Michigan to modify the approved plans for the existing PD (Planned Development) zoning classification on District Map No. 4 of the Detroit Zoning Ordinance at the 6-acre site containing 5.3 acres of land previously part of the Edward Tolan Playfield at 701 Mack Avenue and .7 acres of land at 3950 Beaubien Avenue. (DEPARTMENTAL REPORT)

On November 4, 2010, the City Planning Commission is expected to vote on the subject PD major plan modification. The DMC is very much interested in having the City Council act on the subject request prior to City Council's winter recess. As a result, the City Planning Commission (CPC) staff is submitting a report on the proposal as well as the draft recommendation.

Although the Law Department will not approve the rezoning ordinance as to form until the Planning Commission has voted its expected approval on the evening of November 4th, it would be appropriate for your Honorable Body's Planning and Economic Development standing committee, at its 10:00 AM meeting of November 4, 2010, to refer the ordinance for introduction at the formal session of November 9, 2010 in anticipation of the Law Department's approved ordinance. If the ordinance is not introduced on November 9th for a public hearing to be scheduled for the standing committee's meeting of November 18, 2010, there will not be sufficient time to provide the Charter-mandated 5-day notice of public hearing prior to Council's year-end recess.

### **Nature of the Request**

In August, 2008, the City Council approved the sale of approximately 5.3 acres of the northern end of the Tolan Playfield to the DMC in order for the site to be developed with a new pediatric medical office building. The DMC purchased the privately held .7 acres to complete 6-acre parcel. In November 2009, City Council passed Ordinance No. 25-09 to rezone the subject 6-acres from an R6 (High-Density Residential) zoning classification to a PD zoning classification subject to nine conditions.

Initially, the DMC proposed constructing a 4-story building containing 81,000 square feet and a 340-space surface parking lot. Since 2009, the DMC has reassessed part of the internal configuration of the 4-story building and is now proposing to include a 23,065 square foot basement. As proposed, the building would total 100,250 square feet. The DMC indicates the proposed basement would house mechanical equipment and space for physical and occupational therapy clinics. Initially, the physical and occupational therapy clinics were to be housed on the 2nd floor, but those are being replaced with the dialysis clinic being relocated from the main hospital. The proposed basement addition would increase the ratio of gross floor area to zoning lot area in excess of 5% thereby requiring a major modification to the approved PD plans pursuant to Sec. 61-3-97(2) of the Zoning Ordinance.

The restrictions of the site limit the DMC to provide the same 340 parking

spaces. No other major changes to the site plan are being proposed. A copy of the revised site plans are attached for reference.

#### **Public Hearing Results**

On October 7, 2010, the City Planning Commission held a public hearing on the subject PD modification.

At the hearing, several persons from the Medical Center Courts apartments and townhomes north of the proposed project raised concerns about the proposed project. The Medical Center Courts are owned by the Plymouth Housing nonprofit Housing Development Corporation and managed by Saperstein Associates Corporation. Those who raised concerns included representatives of the board for the Plymouth Housing Non-Profit Housing Corporation, Saperstein Associates Corporation, as well as residents of the 42-unit complex. The primary complaint of the group was that they were not properly notified and/or included in the past City review of the project, including the initial decision to sell the land in 2008 and the PD rezoning and other land use approvals granted in 2009. The group requested being involved in the review. Also, Saperstein Associates stated it did not find out about the subject October 7th hearing until October 1, 2010. Some of the other major concerns of the group include the following:

- Saperstein Associates Corporation stated in the past year, it conducted an extensive redevelopment review of the Medical Center Courts Apartments and in part worked with DMC representatives; however, Saperstein Associates Corporation thinks the DMC never informed them during that process how the proposed medical office building would overall impact or relate to the Medical Center Courts.
- Residents wanted to know the impact of the proposed project on Tolan Playfield.
- Other concerns were raised about noise from the project, proposed buffering, and access to the Playfield.

In response, the DMC representatives stated the DMC has made efforts in the past to reach out to residents of Medical Center Courts, including hosting an information meeting in 2008 at Plymouth Congregational Church. The DMC was surprised to hear of the concerns. Moving forward, the DMC stated it would like to work with the community to address any outstanding issues.

CPC staff noted its records showed that a notice was sent to Paige, Merrill Lynch Huntown in New York and to the on-site manager office of the Medical Center Courts.

#### **Public Hearing Follow-up**

On October 14, 2010, CPC staff met with representatives of the Plymouth Housing Nonprofit Housing Development

Corporation board and Saperstein Associates Corporation. The primary focus of the meeting was to explain the history of the project, to answer any questions, and discuss the proposed project. Representatives of Medical Center Courts later clarified that Merrill Lynch was a past mortgage holder, but the mortgage had been paid off last year.

On October 19, 2010, CPC staff attended a meeting with representatives of the Plymouth Housing Nonprofit Housing Development Corporation board, Saperstein Associates Corporation, the DMC, and the University Cultural Center Association. The various issues regarding access to Tolan Playfield, buffering, fencing, the I-75 curb-cut, the dumpster area, shadow lines, lighting, hours of operation, noise, improvements to the playfield, and construction impacts were discussed. The DMC indicated it had already planned to talk to surrounding entities about construction impact issues.

On October 20, 2010, another meeting was convened with representatives of CPC staff, the DMC, the Medical Center Courts apartments and townhomes, as well as several architects to discuss ways to address community concerns in more detail.

On October 21, 2010, CPC staff presented a preliminary recommendation to the City Planning Commission with sixteen draft conditions based on feedback from the DMC and the community.

On October 25, 2010, the Plymouth Housing Nonprofit Housing Development Corporation board convened a special meeting to review the proposal and discussed the proposed conditions. The board's input was used to slightly modify the conditions, and CPC staff understands the board is supportive of the proposed conditions.

#### **Staff Analysis**

##### **Previous Conditions**

The initial PD approved by City Council in Ordinance No. 25-09 had the following nine conditions:

1. That a revised landscape plan be submitted for review and approval by City Planning Commission staff indicating caliper, species, and location of such, and showing additional landscaping in the following areas: 1) within the parking lot along the north, east, and south perimeters, 2) at the front of the building facing Beaubien, and 3) along the north property line (to include shrubbery and possibly an undulating berm, to help buffer and screen the residential uses to the north);
2. That the site plan be revised to show the location of proposed parking lot gates and guard shack and that the site plan be submitted for review and approval by City Planning Commission staff;
3. That the site plan be revised to

show the decorative wrought iron fencing to be no higher than six (6) feet in height;

4. That the site plan be revised to show all parking spaces within the parking lot to be not less than nine (9) feet by twenty (20) feet (except handicap spaces, which shall comply with Article XIV, Division 1, Subdivision G of this Chapter) and that the size of the loading area be expanded subject to review and approval by City Planning Commission staff;

5. That the site plan be revised to show a location for bicycle parking, subject to review and approval by City Planning Commission staff;

6. That any lighting to be installed in the parking lot or on the building exterior be compatible with the surrounding residential community to the north and designed to reflect downward;

7. That the uses permitted on the site be restricted to the specific land use categories as follows: hospital, medical or dental clinic, medical office, physical therapy clinic, parking lot, and if needed, ground floor accessory commercial space commonly associated with hospital or clinic uses, such as a pharmacy, retail gift shop, medical supply store, or café, subject to review and approval by City Planning Commission staff; and

8. That the urban design elements of the front/west façade of the building, particularly around the front door, be modified to improve the visual activity and interest, by possibly including, but not limited to, a canopy and/or plaza, subject to review and approval by City Planning Commission staff; and

9. That final site plans, elevations, landscape, lighting and signage plans be submitted for City Planning Commission staff approval prior to making application for applicable permits.

CPC staff recommends that the 8th Condition above regarding an improved front façade be dropped, because it has already been addressed by the DMC. CPC staff recommends that based on community feedback that eight (8) new conditions be added (the proposed added conditions are reflected in conditions #9-#16 at the conclusion of this report). The CPC staff recommends that four Conditions be modified (shown as condition #3, #4, #6, and #7 at the conclusion of this report); the proposed changes are discussed below, which are reflected in the recommendation at the conclusion of this report.

#### **Parking and Loading**

The proposed site plan shows 340 parking spaces. For clinics, the Zoning Ordinance requires 1 space per 200 square feet or 5 per doctor, dentist or therapist, whichever is greater. However, it appears the 4th floor of the project could be classified as office space which requires 1 space per 400 square feet. As

a result, it appears the Zoning Ordinance would require 456 parking spaces. However, the two urban renewal plans require that medical institutions designed for out-patient treatment provide one parking space for each 350 square feet of net floor area in waiting rooms, treatment rooms, offices and reception rooms, which would appear to require about 286 parking spaces. The PD zoning allows flexibility in meeting the parking standards, and, as a result, CPC staff thinks the proposed amount of parking should be acceptable.

#### **Fencing and Landscape Buffering**

It is important to the community that the north end of the site have appropriate buffering, screening, and fencing to complement the residential units to the north, as well as to screen vehicular headlights. The DMC has committed to working with the community and CPC staff regarding an acceptable buffering and fencing plan. This is reflected in the modified Condition #3.

#### **Dumpster/Loading Area**

Initially, the 2009 rezoning stipulated that the size of the loading area be expanded. This was requested in part to meet Zoning Ordinance requirements. However, because this is adjacent to residential units, CPC staff, the DMC, and the community agreed the area should not be expanded. This is reflected in the modified Condition #4. Also, the community requested and the DMC agreed that additional screening be added to the dumpster/loading area; this is reflected in newly proposed Condition #10. Lastly, it was agreed that the dumpster not be emptied between the hours of 11:00 PM and 7:00 AM and that the dumpster not be emptied on Sundays. This is reflected in newly proposed Condition #11.

#### **Lighting**

The community requested and the DMC agreed that the lighting intensity be reduced outside of normal business hours; this is reflected in modified Condition #6.

#### **Ancillary Uses**

Initially, Condition #7 required that ancillary commercial uses be restricted to the first floor. The DMC requested and the community agreed that this should not be limited to the first floor. It was also agreed that any such uses should only operate when the principal use is in operation; this is reflected in modified Condition #7.

#### **Linkage to Tolan Playfield**

As stated earlier, the community is very concerned that a pedestrian friendly linkage be provided between the Medical Center Court Apartments and Townhomes and the remainder of Tolan Playfield. The DMC has agreed to provide a pedestrian path/corridor connecting the two uses. This is reflected in newly added Condition #9.

**Deliveries**

The CPC staff, community, and DMC agreed that deliveries not be made between the hours of 11:00 PM and 7:00 AM and that deliveries not be made on Sundays. This is reflected in newly added Condition #12.

**Security Cameras**

The community requested and the DMC agreed that security cameras not be fixed upon residential units to the north. This is reflected in newly added Condition #13.

**Construction Mitigation**

The CPC staff, community, and DMC agreed that a construction mitigation plan should be submitted; this is reflected in newly added Condition #14.

**Hours of Operation**

The community requested and the DMC agreed to prohibit any use operating 24 hours per day; this is reflected in newly added Condition #15.

**Curb-cut Entrance/Exit on I-75**

The community is very concerned that the access drive off the I-75 service drive is too close to the Medical Center Court Apartments and Townhomes and have requested that it be relocated farther south on the site plan. CPC staff understands this curb-cut needs to be approved by the City of Detroit, with input from the Michigan Department of Transportation. The DMC has not yet applied for this permit from the City. The DMC has agreed to explore moving this curb-cut farther south. However, there is a nearby pedestrian bridge over I-75 which could influence the location of the curb-cut. This is reflected in newly added Condition #16.

**Other Issues****Historic Marker**

The City Council has discussed the desire for a marker to be placed on the remainder of Tolan Playfield to commemorate Detroit, Thomas Edward Tolan, who was the first African-American to win gold medals in the 100 and 200 meters events at the 1932 Summer Olympics in Los Angeles. CPC staff recommends that said marker be funded and installed. The DMC has agreed to support this initiative.

**Redevelopment of Tolan Playfield**

The community is concerned about how Tolan Playfield will be developed and would like to contribute to decision that are made. As part of the subject land sale, the DMC gave \$375,000 toward the redevelopment of the Playfield. The Recreation Department has committed to spending these funds for Tolan Playfield. The community would like the City Council to require that these funds not be spent on any other City initiatives.

**Recommendation**

For the City Planning Commission meeting to be held on November 4, 2010, the CPC staff recommends **APPROVAL** of the request of the Detroit Medical

Center Children's Hospital of Michigan to modify the approved plans for the existing PD zoning classification on District Map No. 4 of the Detroit Zoning Ordinance at the 6-acre site containing 5.3 acres of land previously part of the Edward Tolan Playfield at 701 Mack Avenue and .7 acres of land at 3950 Beaubien Avenue with the following conditions:

1. That a revised landscape plan be submitted for review and approval by City Planning Commission staff indicating caliper, species, and location of such, and showing additional landscaping in the following areas: 1) within the parking lot along the north, east, and south perimeters, 2) at the front of the building facing Beaubien, and 3) along the north property line (to include shrubbery and possibly an undulating berm, to help buffer and screen the residential uses to the north);
2. That the site plan be revised to show the location of proposed parking lot gates and guard shack and that the site plan be submitted for review and approval by City Planning Commission staff;
3. That the site plan be revised to show the decorative wrought iron fencing to be no higher than six (6) feet in height and that the fencing plan along the north end of the site be submitted for review and approval by City Planning Commission staff;
4. That the site plan be revised to show all parking spaces within the parking lot to be not less than nine (9) feet by twenty (20) feet (except handicap spaces, which shall comply with Article XIV, Division 1, Subdivision G of this Chapter);
5. That the site plan be revised to show a location for bicycle parking, subject to review and approval by City Planning Commission staff;
6. That any lighting to be installed in the parking lot or on the building exterior be compatible with the surrounding residential community to the north and designed to reflect downward, and that the light levels/intensity of lighting be reduced outside of normal business hours;
7. That the uses permitted on the site be restricted to the specific land uses as follows: hospital, medical or dental clinic, medical office, physical therapy clinic, parking lot, and if needed, accessory commercial space commonly associated with hospital or clinic uses, such as pharmacy, retail gift shop, medical supply store, or café that are only operated when the principal use is in operation, subject to review and approval by City Planning Commission staff; and
8. That the final site plans, elevations, landscape, lighting and signage plans be submitted for City Planning Commission staff approval prior to making application for applicable permits.

9. That a pedestrian path/corridor to connect the residential units to the north with the remaining Tolan Playfield to the south be added to the final site plan subject to review and approval by City Planning Commission staff;

10. That additional landscaping and or screening be added to the dumpster/loading area in order to screen all levels of the adjacent residential uses, subject to review and approval by the City Planning Commission staff;

11. That the dumpster not be emptied or exchanged between the hours of 11:00 PM and 7:00 AM and that the dumpster not be emptied or exchanged on Sundays;

12. That deliveries not be made between the hours of 11:00 PM and 7:00 AM and that deliveries not be made on Sundays;

13. That any security cameras not be fixed upon residential units to the north;

14. That a construction impact mitigation plan be submitted for review and approval by City Planning Commission staff with particular concern regarding fugitive dust and noise impacts;

15. That hours of operation be limited to not include any uses that operate on a 24-hour basis;

16. That, subject to the Department of Public Works review and approval, the proposed curb-cut entrance/exit drive onto the I-75 service drive be relocated to a location as far south as possible on the subject site away from the residential units to the north.

CPC staff also recommends that it be requested that the Recreation Department include surrounding community participation in drafting the redevelopment plans for Tolan Playfield. Furthermore, CPC staff recommends that the City Council request that the \$375,000 donated by the DMC to the Recreation Department for the redevelopment of Tolan Playfield be spent on Tolan Playfield and not spent on other general fund items.

CPC staff finally recommends that a marker be placed on the remainder of Tolan Playfield to commemorate Detroit, Thomas Edward Tolan who was the first African-American to win gold medals in the 100 and 200 meter events at the 1932 Summer Olympics in Los Angeles.

**Conclusion**

Attached hereto is the ordinance being submitted to the Law Department for approval as to form.. In light of the petitioner's need for action on the proposed PD modification in the current year, the Planning and Economic Development standing committee is asked to refer this PD modification request to Council's formal session of November 9, 2010 for introduction of the ordinance and scheduling of the Charter-mandated public

hearing at the standing committee's final meeting of the year, November 18, 2010. We anticipate the Law Department will provide the approved-as-to-form ordinance between November 5th and November 9th.

Honorable City Council:

Re: Transfer of Jurisdiction of Surplus Property Development: West Portion of 5622 Kopernick a/k/a 5408 Kopernick.

The Director of the Municipal Parking Department has declared the above-captioned property surplus to their needs and requests that the Planning & Development Department assume jurisdictional control over the west portion of this parcel. 5622 Kopernick consists of a 62,971 square foot vacant and abandoned Public Parking lot that is no longer being used by the public and is in need of much repair and zoned B-3 (Shopping Business District).

The Planning & Development Department proposes to sell by Development Agreement, the west portion of 5622

Kopernick a/k/a 5408 Kopernick which consists of 12,130 square feet to Norberto Garita, owner of El Barzon Restaurant, for the purpose of re-constructing a paved surface parking lot directly behind his business located at 3710 Junction. El Barzon has been favorably reviewed by most of the local publications, e.g. Hour Magazine, Metro Times, The Detroit News and Free Press, etc. Over a short period of time, Mr. Garita has managed to develop a viable business with a large and diverse customer base, in a very distressed area of Detroit. His business, we believe could be a catalyst for additional economic growth in that neighborhood and for the City of Detroit. However, without secured parking, his business is being threatened and many of his customer's cars have been vandalized while being parked on the streets.

We, therefore, request that your Honorable Body approve the attached resolution authorizing the Municipal Parking Department to transfer jurisdiction of the west portion of 5622 Kopernick a/k/a 5408 Kopernick which consists of 12,130 square feet to the Planning & Development Department.

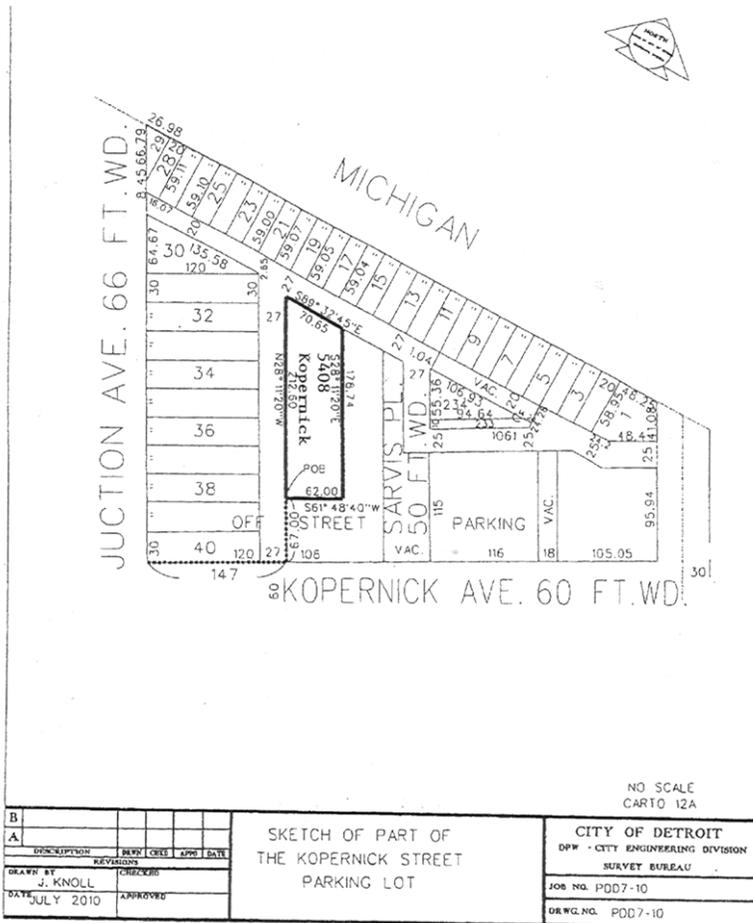

Respectfully submitted,

Re: Public Hearing on the Establishment of the Leland Estates Neighborhood Enterprise Zone as Requested by the Leland Estates Development Company, LLC in Accordance with Public Act 147 of 1992.

The Planning & Development Department and the Finance Department have reviewed the Master Plan and the neighborhood preservation and development goals of the City, and find that the establishment of the Leland Estates Neighborhood Enterprise Zone would be consistent with all of the aforementioned.

Public Act 147 of 1992, commonly

referred to as the Neighborhood Enterprise Zone (NEZ) Act, in Section 3(1) states "the governing body of a local governmental unit by resolution may designate one (1) or more neighborhood enterprise zones." Prior to acting upon the resolution establishing an NEZ, a public hearing must be held, and the City Clerk must provide written notice of the public hearing to the assessor and to the governing body of each taxing unit that levies an *ad valorem* tax within the proposed NEZ, said notice to be made not less than 45 days prior to your Honorable Body's passage of a resolution designating an NEZ.

The boundaries of the proposed NEZ are described in Exhibit A (legal description) and illustrated in the map also attached. The developer proposes to construct 85 residential units at an estimated cost of five (5) million dollars.

We request that a Public Hearing be scheduled on the issue of establishing this NEZ, as required by the NEZ Act. Attached for your consideration please find a resolution establishing a date and time for the public hearing, together with the aforesaid map and legal description of the proposed NEZ.

Respectfully submitted,  
WARREN P. PALMER

By Council Member Jenkins:

Whereas, The City of Detroit desires to promote economic activity and maintenance/increases in the number of jobs available to residents of the area, and

Whereas, Certain industries in the state are facing difficult times and the tool and die industry, in particular, has sustained losses due to foreign competition and increased productivity;

Whereas, The designation of a Renaissance Recovery Zone will temporarily reduce the tax burden paid by the business enabling it to reposition itself to compete globally, and

Whereas, The business has entered into a collaborative agreement with other business entities having the appropriate North American industrial classification; and

Whereas, The qualified tool and die business property is property leased or owned by a tool and die business and used primarily for tool and die operations;

Whereas, Should the area be designated a Renaissance Recovery Zone, property within that zone will be exempt from taxes levied by the city, county, and other units of government as provided under this Act, and

Whereas, We estimate that the tax revenue lost, which is estimated on the attached schedule, would be a small fraction of the benefits the designation of a Renaissance Recovery Zone will bring the community.

Whereas, The business will adhere to local hiring and wage ordinances and create no less than ninety five (95) jobs to be filled by Detroit residents only, and

Therefore Be It Resolved, That the City of Detroit requests that the State of Michigan designate Tranor Industries, LLC, 19365 Sherwood Street, Property ID #s: 15012185-232, 15012007-19, 15012233, 2300096.711, 15990755.00, 15990756.01 and 15990756.02, identified by the resolution a Renaissance Recovery Zone under Public Act 376 of 1996.

**City Planning Commission**

November 4, 2010

Honorable City Council:

Re: Installation of signs on the First National Building, located at 660 Woodward Avenue. (RECOMMEND APPROVAL).

The staff of the City Planning Commission (CPC) received a sign permit application for the installation of one business sign at the northwest corner of the First National Building, facing west to Campus Martius. The PCA (Restricted Central Business District) zoning classification in which the building is located calls for City Council approval of the location and design of proposed signs following the review and recommendation of CPC and the Planning and Development Department (P&DD) (Sections 61-3-182 and 61-11-96 of the Zoning Ordinance). CPC & P&DD staff have reviewed the application and submit this report and recommendation.

**PROPOSED SIGNS**

The proposed sign for the United Way is wrapped around the corner of the building at Woodward Avenue and Cadillac Square, in place of the existing "National City" bank sign in the same location. We interpret the location as being on the mezzanine level, between the first floor and the second story windows, a requirement of Sec. 3-7-6(3)(b)(3) of City Code. The proportion of its content appears to meet the definition of a business sign in Sec. 3-7-2, which is:

Business sign means a sign, at least seventy-five (75) percent of whose area is devote to directing attention to the principal business or profession conducted, or to the principal type of commodity, service, or entertainment sold or offered on the premises on which the sign is located or to which it is affixed.

It contains the slogan "Live United," the United Way logo, as well as the text "United Way" and "United Way of Southeast Michigan." It projects 9 inches from the building, is 96 inches tall, and is 29-1/2 inches wide on each side. The "Live United" portion is non-illuminated, and the bottom portion is internally illuminated. The submitted drawings are attached.

**REVIEW**

In accordance with the Special District Review provision of Sec. 61-3-185 of the Detroit Zoning Ordinance and the PCA provisions of Section 61-11-96, reviews of proposed signs should be conducted in light of the following criteria, "signage and graphics should be tastefully designed to be visually appealing and in character with surrounding development; they should provide needed information, direction and orientation in a clear and concise manner." After extensive review and discussion with City staff, the proposed signs appear to meet the requirements of City Code.

**RECOMMENDATION**

GPC staff has completed its review of the proposed signs, as has the Planning and Development Department staff. We find that the signs would be in keeping with the spirit and intent of the PCA zoning district. Therefore, staff recommends approval of the location and design of the proposed signs. Please find attached the appropriate resolution to effectuate your approval.

Respectfully submitted,  
MARCELL R. TODD, JR.

Director  
GREGORY F. MOOTS  
Staff

By Council Member Jenkins:

Whereas, Harmon Sign, on behalf of the United Way, has requested to install a business sign on the First National Building, located at 660 Woodward Avenue, on the northwest corner of the

building, facing north-west to Campus Martius; and

Whereas, The building is subject to provisions of Sec. 61-3-185 (Special District review) and Sec. 61-11-96, the PCA (Restricted Central Business District) zoning classification of the Detroit Zoning Ordinance; and

Whereas, The PCA zoning district classification requires that the location and design of proposed signs within a PCA district be approved by resolution of the City Council following the receipt of a written report and recommendation from the City Planning Commission; and

Whereas, Both the Planning and Development Department and the staff of the City Planning Commission have reviewed the proposal in order to ensure that the proposed signs are in keeping with the spirit, purpose and intent of the PCA zoning district classification; and

Whereas, The signs meet the requirements for business signs provided in Chapter 3, Article VII of the 1984 Detroit City Code;

Now, Therefore Be It

Resolved, That the Detroit City Council approves the location and design of the proposed business sign for the United Way on the north-west corner of the First National Building, located at 660 Woodward Avenue, described in the foregoing communication from the City Planning Commission staff and as depicted in the drawing prepared by Harmon Sign and dated October 11, 2010.

Adopted as follows:

Yeas — Council Members Brown, Cockrel, Jr., Jenkins, Jones, Spivey, Tate, Watson, and President Pugh — 8.

Nays — None.

**Planning & Development Department**

November 3, 2010

Honorable City Council:

Re: Request for Public Hearing. Mid City Rehabilitation Project. Development: Parcel 519; bounded by Garfield, John R, Forest and Woodward.

The Planning & Development Department (P&DD) is in receipt of an offer from Sugar Hill Commercial, LLC, a Michigan Limited Liability Company, to purchase the above-captioned property for the amount of \$105,660 and to develop such property. This property contains approximately 33,543.95 square feet or 0.77 acres and is zoned R-6 (High Density Residential District).

Sugar Hill Commercial, LLC, proposes to construct a two hundred thirteen (213) space parking garage for the storage of licensed operable vehicles along with a one-story 13,250 square foot building with commercial space and forty-four (44) residential apartments above the commercial space. This use is permitted subject to the re-zoning of the site from R-6 (High-

Density Residential District) to PD (Planned Development District) site plan approval from the Planning and Development Department and the City Planning Commission and all necessary approval actions as required. This proposal was presented to the Mid-City Citizen's District Council and approved by that body on July 23, 2009. Additionally, on August 13, 2009, the proposal was approved by the Detroit Housing Commission.

Sugar Hill Commercial, LLC is currently preparing its re-zoning application for City Planning Commission, however, due to Brownfield funding timeframes, will require Detroit City Council's conditional approval of the project.

The Planning & Development Department has evaluated the proposal from Sugar Hill Commercial, LLC, and recommends and supports your Honorable Body's conditional approval of the above project, subject to required zoning changes and site plan approvals.

Advertising of, and the holding of a public hearing concerning this offer on the 18th day of November, 2010 at 12:10 p.m.

Respectfully submitted,

WARREN P. PALMER

Director

By Council Member Jenkins:

Resolved, That this offer by Sugar Hill Commercial, LLC, a Michigan Limited Liability Company, to purchase and develop Parcel 519 in the Mid City Rehabilitation Project is in satisfactory form; and

That the disposal of this land by negotiation is an appropriate method for making the land available for redevelopment; and

That the developer possesses the qualifications and financial resources necessary to acquire and develop the property in accordance with the Development Plan; and

That the offered aggregate price of \$105,660 is equal to the fair market value of the land for use in connection with the Development Plan, and to hold a public hearing concerning this offer on the 18th Day of November, 2010.

Honorable City Council:

Re: Petition No. 237 — Marathon Petroleum Company, requesting encroachment of a non-standard approach for a truck entrance at 1025 Oakwood.

Petition No. 237 of "Marathon Petroleum Company" request for the approval for a non-standard approach on the south side of Oakwood Avenue, 83 feet wide, between South Dix, 66 feet wide and Pleasant Avenue, 50 feet wide. This approach will provide a staging area where multiple trucks can pull off the roadway and out of existing traffic while being cleared for security. The approach will also prevent trucks to backup in the slow lane of traffic on Oakwood causing a safety concern.

It is necessary to seek City Council approval for the waiver of a non-standard condition within the public right-of-way.

This petition was referred to the City Engineering Division — DPW for investigation (utility clearances) and report. This is our report.

All other city departments and privately owned utility companies reported that they have no objections to the requested changes in public rights-of-way.

An appropriate resolution is attached for consideration by your Honorable Body.

**Council Member Jones** reported Carrie Ray Frazier (*sp*), Executive Director of the General Population Music and Community Group, is hosting a "Follow the Leader" high school hip hop field trip at Focus Hope this week. It began yesterday and ends November 12th. Many high schools have already signed up to participate (i.e. High School for the Fine Performing Arts, Chandler

Those who attended will be putting together a report for colleagues highlighting those issues discussed that could be adopted here.

**Council Member Watson** thanked the Council Members who were involved in the Veteran's Parade and advised that there is another parade held on Veterans Day. Honorable City Council:

Re: Medical Center Village — Family Apartments: Payment in Lieu of Taxes (PILOT).

Laurence S. Tisdale of LarC Properties, the sponsor, has formed Medical Center Village Limited Dividend Housing Association Limited Partnership. The

Partnership is rehabilitating two buildings — one located at 4607-4699 Chrysler Drive and the other is located at 4607-4704 St. Antoine. The project consists of 194 residential units: 28 — 1 bedroom, 1 bath, garden style; 84 — 2 bedroom, 1 bath, garden style; 58 — 2 bedroom, 1.5 bath, townhouse style; 24 — 3 bedroom, 1.5 bath, townhouse style.

The project will be financed by the City of Detroit HOME Investor Loan Program for \$2,097,045 for 50 years at 0% interest; a secondary soft loan from MSHDA for \$3,567,789 for 41 years at up to 3% interest and LIHTC in an annual amount up to \$1,019,368.

In order to make this development economically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1996, (P.A. 346 as amended, MCLA 125.415A).

Eighty-seven (87) of the units held for lease must be occupied by households with incomes that do not exceed 45% of the area median income adjusted for family size; ninety-seven (97) of the units held for lease must be occupied by households with incomes that do not exceed 50% of the area median income, adjusted for family size; and ten (10) of the units held for lease must be occupied by household incomes that do not exceed 60% of the area median income, adjusted for family size.

Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a service charge of five percent (5%) for this housing project.

**General Services Department**

October 14, 2010

Honorable City Council:  
Re: Acceptance of Michigan's Cities of Promise Clean Energy Coalition (CEC) Grant.

Your Honorable Body is respectfully requested to accept the above-referenced grant. The City of Detroit's General Services Department (GSD) has been offered a grant from the State of Michigan through the Clean Energy Coalition in the amount of \$463,614.75 to be used to improve municipal facilities' energy efficiency and to purchase renewable energy equipment. The proceeds of this grant are proposed to be used to upgrade the 36th District Court Building.

This funding is contingent upon the City garnering matching funds in the amount of \$231,807.50 (50%). The grant the City of Detroit was previously awarded from the U.S. Department of Energy (DOE) via the Energy Efficiency & Conservation Block Grant (EECBG) more than fulfills this match requirement. Therefore, the City does not have to commit any additional funds.

The grant period for this project commences upon approval of the Detroit City Council and, as a condition of acceptance; all monies must be contracted and spent by June, 2011. On December 16, 2009, the GSD received your Honorable Body's approval to partner with the Detroit Building Authority (DBA) to assist in the management of the EE&CBG. Due to the identical nature of the purpose of these funds, and given the tight time constraints, GSD is anxious to move forward with this effort. Therefore, it is requesting,

City Council's acceptance of this award so that this important work can begin in a timely manner.

If you should have any questions, please feel free to contact me at 628-0913.

**Department of Public Works**

October 20, 2010

Honorable City Council:  
 Re: Traffic Signal Removal at 15 locations.

The following fifteen (15) signalized intersections are currently operating on full time "STOP control" mode for more than a year in compliance with the Michigan Manual of Uniform Traffic Control Devices (MMUTCD) and are scheduled for removal due to changes in traffic conditions.

The traffic volumes, accident reports and physical conditions were analyzed prior to placing the signals on full time flashing operation. The traffic volumes have dropped significantly over the years at these locations and currently none of the MMUTCD warrants are satisfied and therefore, continued operation of the traffic signals is no longer justified. Traffic Engineering Division has installed "Traffic Signal under Study for Removal" signs at each of these locations to inform the public about the removal study. The sign also included call back number for Traffic Engineering Division to receive any public feedback or concerns. However, no complaints were received in regards to the following flashing/STOP sign operated intersections.

No.	Street A	Street B	Flashing Since	Proposed Traffic Control
1	Concord	Lafayette E	3/12/2007	2-Way "Stop"
2	Beechwood	Maplewood	3/12/2007	All Direction "Stop"
3	Calvert	Fourteenth	3/12/2007	2-Way "Stop"
4	Chicago Blvd	Lawton	3/12/2007	2-Way "Stop"
5	Edsel Ford Fwy E SSD	Lucky Place	5/30/2006	1-Way "Stop"
6	Edsel Ford Fwy E NSD	U-turn Bridge (w/o Mt. Elliott)	5/30/2006	1-Way "Stop"
7	Euclid W	Second	6/30/2005	All Direction "Stop"
8	Euclid W	Third	6/30/2005	All Direction "Stop"
9	John R	Owen	10/27/2005	All Direction "Stop"
10	Beechwood	Joy	9/20/2006	2-Way "Stop"
11	Boston	Petoskey	3/12/2007	All Direction "Stop"
12	Ferry E	McDougall	3/12/2007	2-Way "Stop"
13	Calvert	Rosa Parks Blvd	6/29/2005	2-Way "Stop"
14	Lawton	McGraw	3/12/2007	2-Way "Stop"
15	Cherrylawn	Davison W	3/12/2007	2-Way "Stop"

The condition of the traffic signal equipment at most of these locations is not up to the MUTCD standards unless modernized. Since the signals are not warranted, modernization is not justified and federal funds will not be available to upgrade these traffic signals. Moreover, being unwarranted, these traffic signals will pose unnecessary liability for City unless removed.

As such, the Department of Public Works respectfully requests the adoption of the attached resolution for the removal of the traffic signals at the above mentioned fifteen (15) locations.

Respectfully submitted,  
 ALFRED JORDAN  
 Director

By Council Member Brown:

Resolved, That in accordance with the foregoing communication, removal of traffic signals at the following fifteen (15) locations is hereby approved.

No.	Street A	Street B

**Department of Human Services**

October 27, 2010

Honorable City Council:

Re: Authorization to enter into 2010-2011 Head Start and Early Head Start Program contracts with four (4) delegate agencies.

The Department of Human Services (DHS) is the Grantee for the Head Start and Early Head Start Program currently serving 6,592 eligible children and their families in the City of Detroit. The program is funded on an annual basis by the U.S. Department of Health and Human Services — Administration for Children and Families. Our grant year runs from November 1, 2010 through October 31, 2011 and official notification of the grant totaling \$50,138,151 will be received shortly. Because we have not received the grant award from the U.S. Department of

Health and Human Services in a timely manner, we are not able to process a continuation contract with our delegate agencies before the New Program Year begins on November 1, 2010. These contracts are being processed and all the proper clearances have been obtained. However, the time required to process these contracts might adversely affect the delivery of Head Start and Early Head Start services. To avoid any disruption of service and circumvent cash flow problems that our delegates may experience, DHS is requesting that City Council pass a resolution authorizing DHS to enter into contracts with four (4) delegate agencies. The Department intends to prepare and process the formal contracts as soon as possible. At this juncture, it is necessary to request pre-approval of these contracts. However, as always, the approved detailed budgets are attached to the contracts. All expenditures will be in accordance with the budget approved by the U.S. Department of Health and Human Services and DHS. The Head Start and Early Head Start delegates 2010-2011 contract amount and eight week advance payment requests are as follows:

<b>Contractor's Name</b>	<b>CPO #</b>	<b>SPO #</b>	<b>Contract Amount</b>	<b>Advance Payment</b>
Order of the Fishermen Ministry	2824549	2824551	\$ 4,819,507	\$ 556,097
Detroit Public Schools — Head Start	2825029	2825030	5,007,125	557,745
Detroit Public Schools — Disability	2825031	2825032	200,172	23,097
New St. Paul Tabernacle Head Start	2824554	2824555	5,293,533	610,792
Clark Associates	2824749	2824750	8,035,998	1,236,307
<b>Total</b>			<b>\$23,356,335</b>	<b>\$2,984,038</b>

Your support in helping us to maintain Head Start and Early Head Start services is very much appreciated. The delegate contracts making up the balance of the grant have already been approved. The Department of Human Services respectfully requests a waiver of reconsideration.

**Planning & Development Department**

November 10, 2010

Honorable City Council:

Re: Amendment to Sales Resolution. Wholesale Distribution Center Rehabilitation Project No. 3 Development: Parcel 500-A; bounded by Erskine, Dequindre, Scott & St. Aubin.

On October 19, 2010, your Honorable Body authorized the sale of the above-

captioned property to Detroit Edison Public School Academy, a Michigan Non-Profit Corporation, for the amount of \$163,000, subject to an amendment to the Detroit Master Plan of Policies changing the property's designation to INST (Institutional), an amendment to the Wholesale Distribution Center Rehabilitation Project No. 3 Development Plan to provide for Detroit Edison Public School Academy's intended use of the property (as a public school site), and an amendment to the City's zoning ordinance designating the property as SD-2 (Special Development District).

It has recently come to our attention that the financing structure that will enable Detroit Edison Public School Academy to pay for the property and the development of it as a public school site requires an interim transfer of the property to the entity that will be doing the actual development and construction work on the site; which entity will, upon completion of the project convey the completed development to Detroit Edison Public School Academy. The financing structure requires that Detroit Edison Public School Academy pay for a turnkey operation that includes both the property and the completed project.

The Planning and Development Department (P&DD) has received the request by Detroit Edison Public School Academy and has determined it to be reasonable and appropriate. Therefore, P&DD recommends and requests that your Honorable Body amend its prior land sale resolution authorizing the transfer of the property to Detroit Edison Public School Academy and allow for the property to be initially transferred to Millennium Development Holdings, LLC, an Indiana Limited Liability Company, or such other Developer as may be determined by Detroit Edison Public School Academy, and then to Detroit Edison Public School Academy upon completion of the project by the Developer.

We, further, request that said land sale be contingent upon the Planning & Development Department's Director, or his authorized designee, entering into such other written agreements as he may deem necessary, to ensure that in the event the Developer fails to complete the project by the date specified in any agreement between the Developer, Detroit Edison Public School Academy and/or the City of Detroit, that Detroit Edison Public School Academy's obligation to take title to the property and ensure completion of the project is absolute.

Currently, the form of the agreement to be entered into between the Developer and Detroit Edison Public School Academy provides for that absolute obligation on the part of Detroit Edison Public School Academy and, once executed, will

likely satisfy the needed contingency. The agreement, however, cannot be executed until the prior resolution is amended; thereby, authorizing a two step conveyance of the property, contingent upon this Department's review of the proposed agreement between the Developer and Detroit Edison Public School Academy, and/or such other agreements as we may determine to be necessary, to ensure that the project will be completed and that Detroit Edison Public School Academy will ultimately take title to the property.

The proposed amendment to the prior resolution is attached for your consideration and approval.

Respectfully submitted,  
WARREN P. PALMER  
Director

By Council Member Jenkins:

Whereas, By resolution adopted October 19, 2010, City Council approved the sale subject to certain contingencies set forth in said resolution, of Parcel 500-A, as more particularly described in the attached Exhibit A (the "Property"), to Detroit Edison Public School Academy (DEPSA), for the amount of \$163,000; and

Whereas, The financing structure contemplated by DESPA requires that the Property and the contemplated improvements to the Property be conveyed to DEPSA as a completed turnkey project; and

Whereas, DEPSA intends to enter into an agreement with Millennium Development Holdings, LLC, an Indiana Limited Liability Company ("MDH"), whereby DEPSA will agree to purchase the Property upon completion of the project and, in the event MDH defaults and fails to complete the project, MDH will convey title to the Property to DESPA and DESPA will assume the obligation to complete the project;

Be It Resolved, That in accordance with the preambles and the foregoing communication, City Council hereby amends the aforementioned resolution as follows:

1) Paragraph 4) of the prior resolution which states: "The Director of the Planning and Development Department, or his authorized designee, is authorized to execute an agreement to purchase and develop the Property, together with a deed to the Property and such other documents as may be necessary to effectuate the sale of the Property to Detroit Edison Public School Academy, consistent with the terms set forth in this resolution and provided that all conditions precedent to such sale have been satisfied;" is rescinded in its entirety and replaced by the following:

The Director of the Planning and Development Department, or his authorized designee, is authorized to execute an agreement to purchase and develop

the Property with such parties as determined by the Director of the Planning and Development Department, or his authorized designee, together with a deed to the Property and such other documents as may be necessary to effectuate the sale of the Property on an interim basis to Millennium Development Holdings, LLC, an Indiana Limited Liability Company (or such other entity determined by Detroit Edison Public School Academy), consistent with the terms set forth in the prior resolution as amended by this resolution and provided that all conditions precedent to such sale have been satisfied.

2) All other terms of the prior resolution shall remain in effect.

#### Department of Public Works City Engineering Division

November 5, 2010

Honorable City Council:

Re: Petition No. 474 — Detroit Edison Public School Academy, request to vacate alleys and streets between Hale and Wilkins; and between St. Aubin and Dequindre.

Petition No. 474 of "Detroit Edison Public School Academy", request the outright vacation and conversion to easement of certain public rights-of-way in the block bounded by Hale Street, 50 feet wide, and Erskine Street, 40 feet wide, Dequindre Avenue, 70 feet wide, and St. Aubin Avenue, 50 feet wide. This request is necessary for the construction of the New Detroit Edison High School.

The request was approved by the Planning and Development Department, the Solid Waste Division — DPW, and the Traffic Engineering Division — DPW. The petition was referred to the City

Engineering Division — DPW for investigation (utility clearance) and report. This is our report.

The Detroit Water and Sewerage Department (DWSD) reports sewers and water mains located in the streets and alleys requested to be outright vacated and converted into easement. DWSD has no objections to the requested outright vacations and conversion to easement, provided that the attached provisions are to be strictly followed. The water mains and sewers are to be relocated by the petitioner at no cost to DWSD or the city.

The Public Lighting Department (PLD) reports no objections to the conversion to easement and outright vacation of the public rights-of-way, provided that the removal and relocation of PLD's facilities will be done at project cost.

DTE Energy Electric Division reports an estimated cost of \$44,000.00 for the removal and rerouting of services in said area.

DTE Energy — MichCon Gas Company reports no objections to the conversion to easement and outright vacation of the public rights-of-way, provided that the petitioner and/or the property owner contact Michcon Public Improvement Department for the drawings and estimated cost of removing and/or rerouting such mains and services.

AT&T reports that prior to the commencing construction the petitioner, property owner and/or Construction Company must call MISS DIG "811" and if more accurate locations and elevation information for planning purposes, please contact the AT&T design engineer for feasible test holes.

The Petitioner and/or property owner is responsible to pay all costs such as, but not limited to the cost of removal and rerouting of utilities associated to vacate the said streets and alleys as it relates to this development and no cost to the City.

All other city departments and private utility companies reported no objections to the changes of the public rights-of-way. Provisions protecting utility installations are part of this resolution (if necessary).

I am recommending adoption of the attached resolution.

Respectfully submitted,

WHEREAS, Recipients of the Urban Areas Security Initiative are the 64 highest risk urban areas in the nation, and

WHEREAS, The ten highest risk urban areas, designated Tier I Urban Areas, are eligible for \$524,487,600. The City of Detroit and the 53 remaining urban areas, designated Tier II Urban Areas, are eligible for \$308,032,400, and

WHEREAS, The Detroit region was the target of a thwarted Al-Qaida terrorist attack, and has population demographics that render it particularly vulnerable to terrorist activity, and

WHEREAS, The City of Detroit, unlike any designated Tier I Urban Area, is an international border city, which borders the nation's largest trading partner, and

**RESOLUTION IN MEMORIAM FOR**

**THE HONORABLE BEVERLY JEAN HAYES-SIPES**

By COUNCIL MEMBER BROWN:

WHEREAS, On November 5, 2010, the City of Detroit and its judicial system lost a vibrant, compassionate, and fair member of the 36th District Court. More importantly the family and friends of Judge Beverly Jean Hayes-Sipes released their loved one to heaven. While they mourn her physical passing, they are comforted by the assured knowledge that spiritually she is still with them and awaiting their reunion; and

WHEREAS, On November 11, 2010, Beverly will be laid to rest on the day she would have turned 68 years old. This is truly significant and fitting because Beverly lived a full, productive and meaningful life. While she may be gone, there should be no regret because she experienced the family, love, profession, travel and shopping that many people only dream about; and

WHEREAS, Beverly was the first of nine children born to the union of Ellis Edward Hayes, Sr., and Ernestine Hayes. She was raised by her parents to be educated and indoctrinated to be the best and do her best at whatever she encountered in life. She never forgot how she was raised and always sought ways to give back to her community by mentoring youth to help them achieve their dreams and ambitions; and

WHEREAS, After passing both the Michigan and Massachusetts bar exams in 1981, Beverly began her legal career in Springfield, Massachusetts, as the first African-American Assistant District Attorney for Hampden County. Despite this achievement and other key positions in Massachusetts, we are pleased she chose to come home to Detroit and employ her legal acumen within city government. Upon her return, Beverly served as Spencer Litigator and Supervisor of the Property Department and was elected to the 36th District Court Bench in 2002; and

WHEREAS, Throughout her legal career Judge Hayes-Sipes served on many community and professional organizations as a member and in leadership

roles. However, it was her role as mother and grandmother that brought her the most joy. Her sons, Martin and David, were a source of pride and they enriched her life with two wonderful daughters-in-law and seven amazing grandchildren. NOW, THEREFORE BE IT

RESOLVED, That Detroit City Council Member Gary A. Brown and the Detroit City Council hereby join the family, friends, and legal community in mourning the death of the Honorable Beverly Jean Hayes-Sipes. Yet, we celebrate the life she lived and the legacy she leaves. May God bless and comfort all of those who love and remember Beverly's grace, character and style.

#### CONSENT AGENDA

#### MEMBER REPORTS

**COUNCIL MEMBER GARY BROWN:** We have been working with Fitzgerald School and I had a meeting with Mr. Bobb concerning maintenance problems. The problems were taken care of in a heart beat. I have been sending staff to Rosa Parks Transit Center weekly. A citizen came to the table stating they were having a community meeting. I sent staff to the meeting at Rosa Parks Transit Center and received a message saying that there was water, debris and tissue all over the floor. My staff could not go into the lady bathroom but he could see a mess.

I want to know from Administration, what will it take to put a maintenance program together or I will do a resolution asking that we remove Rosa Parks name from the Center if we cannot keep it clean; it is disrespectful.

I sent staff over to do a complete assessment of the center and they addressed security concerns but the cleanliness of the building is just a simple maintenance program with someone responsible for checking and making sure the work is done.

I am requesting Research Analysis Division and Law Department to provide a legal opinion by Friday where the Council can revoke its approval to sell the bonds regarding the police headquarters. If they are not sold by the end of the year, we will lose the 2% subsidy. Without the subsidy, the interest rate will be higher and property taxes will go up. We will need to hear from Administration by Friday about plan B if we cannot sell the bonds by the end of the year.

**COUNCIL MEMBER SAUNTEEL JENKINS:** The next Youth Violence Prevention Task Force Meeting is Wednesday, December 1, 2010, at City Year, located at 1 Ford Place.

Mariners Inn, a substance abuse treatment and housing program for homeless men, is kicking off "Adopt a Family" program. This is where homeless men fighting addiction go and adopt families in the city that are needy. They raise money to provide food, toys and clothing for children in needy families. You may contact Mariners Inn at 313-962-9446 if you want to participate in "Adopt a Family" program. I am asking RAD to scroll this on the screen.

Triumph Church is hosting "We Shall Never Forget" on January 17 and asking people who have been impacted by violence to contact Triumph Church to participate in this program. This is a tribute to those who have lost love ones to violence in Detroit.

I want to thank Channel 7. I issued a challenge to Brandon Totten (Channel 7) that said we have so many good news stories in Detroit that he need to report them. He said send them to him and we will report it. It sent two stories and they actually reported two stories. I would like to thank Brandon Totten and Channel 7 for reporting the good news. If you have good news stories, please let us know and we will continue to send them to Channel 7. He is fighting to get the story about Detroit 100 — 100% graduation, 100% college goal that Council President Pugh and I are working on.

DPS bond oversight committee; it has been over a year since the bond was approved and as committed to by Robert Bobb, within this year, all of the contracts have been read and signed off. They signed \$393,000,000 approximately in contracts for rebuilding, rehab and security systems for schools. They are 10.7 million dollars under budget so far for the contracts, which is excellent. Better news is the goals they are meeting for Detroit Headquarters businesses in the building phase; the goal was 71%, they are at 71%. For Detroit residence in the non-trade, the goal was 47% and they have hired 54% Detroiters. For Detroit resident trade the goal was 65%; they have fallen short at 53%. The carpenters are saying that it is harder to place carpenters because they are using pre-fab materials. The goals for Detroit Headquarters sub-contractors was 47%, they are at 58%. In addition to that, there are apprentices; Randolph who is working with the electrical workers and carpenters are meeting everything Robert Bobb promised they are doing and holding contractors account-

able to the timelines with financial penalties which is something the City should review. We should look at this contracting process and use some of their practices. I am going to give Robert Bobb and the Bond Oversight Committee kudos.

**BRENDA JONES:** There should be financial penalties per Executive 2007-1 that the City passed that the former Mayor signed in place in 2007 that we are not implementing. We need to start implementing. There is something in place; the City is just not implementing it.

**KENNETH COCKREL, JR.:** I had a notice circulated regarding rescheduling some discussions in the Budget, Finance and Audit Committee.

**BRENDA JONES:** A transformational forum at Wayne County Community College, Friday, November 19, from 8:30 to 1:00 p.m. at the Downtown Campus "Discover your Life's True Purpose and how to get started regarding "Clean Green" and available career opportunities.

**ANDRE SPIVEY:** Council Member Tate and I attended the prayer breakfast at Northwestern High School and represented the Council. We brought tickets and lift up the greatest alumni, Gary Brown, and saw his work.

**JAMES TATE:** There will be a "Thanks for Giving" dinner at the Real Talk One on One Committee and the rest of the Youth Volunteer Task Force. These young people put this together and they are steering the entire task force. In addition to a Committee meeting and the "Thanks for Giving" dinner, there will be an appreciation for our law enforcement officers at Brenda Scott Academy. The date is 18th between 5:30 p.m. and 7:30 p.m., Brenda Scott Academy, 18440 Hoover.

**COUNCIL MEMBER JOANN WATSON:** I would like to share information from a formal that I am sending Mayor Bing with copies to Kirk Lewis, President Charles Pugh and Honorable Council Members. I am requesting that we get document and information relative to NSP1, NSP2, NSP3, HPRP and CDBG R Programs for Housing Task Force Meeting to be held November 19, 2010 at 3:00 p.m.

The Detroit News lead story written by reporter Charlie LeDuff on the slow status of the city's demolition efforts leaves me deeply troubled and concerned in respect to the slow pace and the status of rehab activities because there is enough money. I am requesting with respect to 47.1 million dollars we have already received from NSP 1; 40.7 million dollars from NSP 2; 21.3

millions dollars from NSP 3; 15.2 million dollars from HPRP and including Block Grant 9.5 millions dollars. Knowing that there is a Section 3 compliance report from HUD that says you are suppose to hire your own and have contact with your own resident first. There words are to use all efforts to make sure you provide jobs and contracts from your own residents.

I AM REQUESTING THAT THIS OFFICE AND ALL OF OUR OFFICES RECEIVE A COMPLIANCE REPORT WITH RESPECT TO SECTION 3. We would be heroes in our city. The Mayor and all nine of us would be heroes if we help our people get jobs and contracts with 134 million dollars already from HUD, just in this year. This is nothing new; it has been in place for 40 years. It has not been in compliance. It has not been enforced.

There was a meeting held yesterday in Lansing ordered by HUD, mandated by Michigan State Housing Development Authority. Someone told the Planning and Development Staff, who was supposed to be there, not to go. It was a mandated meeting and our people who handed HUD dollars were told not to go. We, not just the Mayor, are accountable for these HUD dollars.

I WANT TO ASSIGN MYSELF TO MONITORING ALL THESE MONIES COMING INTO OUR CITY, MR. PRESIDENT.

**WATSON:** I was with the Dramatics on Saturday night, the Conquers and the Miracles at the Music Hall and I represented the Council. They gave us recognition and the MC was kind enough to tell me that since I was there, Tyler Perry was given him some turkeys; therefore, I will be distributing turkeys on behalf of the Council. Thanks to Tyler Perry, MC and the Dramatics.

**PRESIDENT PUGH:** LET US LINE ITEM THE ISSUES OF COMPLIANCE WITH MAKING SURE THAT HUD DOLLARS ARE SPENT LOCALLY. WE WILL REFER THIS TO PLANNING AND ECONOMIC DEVELOPMENT STANDING COMMITTEE.

**WATSON:** I received a whistleblower letter from someone in this building alleging that an employee of the City of Detroit Human Resources has set up an entrepreneurial stand on three floors which is illegal; on the sixth floor (626); fifth floor (508) and third floor (316). They are selling candy, chids, cookies, juice, pop, popcorn, etc. This is a little haven ran by an employee of the City without benefits of licenses, permits, fees, Health Department or Buildings and Safety Engineering support. We cannot have illegal activities

because the vending operations operate legally inside the building have to have permits and fees. You cannot sell items near your desk; this is against the law.

**SPIVEY:** The Charter Commission will have their convention this weekend; Saturday, November 20, from 9 a.m. to 5 p.m., Sunday, November 21, from 1 p.m. to 5 p.m. at Brenda Scott School.

#### **COUNCIL PRESIDENT CHARLES PUGH:**

There will be an evening community meeting tonight from 7 p.m. to 8:30 p.m. at Northwestern Christian Church on Ilene (corner of Schoolcraft — one block west of Wyoming).

We thank our Job Core students for coming to observe our entire City Council Meeting. They had an opportunity to see a competent, scholarly and well-prepared version of during City Business. We work hard on your behalf and we want you to tell your families, classmates that you came to a very professional City Council meeting. Not only were you informed, you also laugh a little.

**Budget Department**

November 5, 2010

Honorable City Council:  
 Re: Reprogramming of Capital Funds for the General Services Department.  
 The Budget Department is requesting authorization to re-program existing general obligation bond funds for use by the General Services Department (GSD) for improvements to the 36th District Court Madison Center. The city recently acquired ownership of the Madison Center and found that the building requires immediate reports to

the roofing system. GSD would like to begin repairs directly in order to minimize any potential service disruption to court operations. GSD does not have sufficient existing capital bond balances to meet this unanticipated capital repair cost.

In addition, the Budget Department requests authorization to re-program existing general obligation bond funds for capital improvements at the Detroit Transportation Corporation (DTC) — The People Mover. These additional bond funds would allow the DTC to begin replacement of its substation power distribution equipment and/or other critical capital improvements.

Re: Joanna Crosby vs. City of Detroit.

Case No.: 09-011941 NF. File No.: A20000.02549 (MRJ).

We have reviewed the above-captioned lawsuit, the facts and particulars of which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body. From this review, it is our considered opinion that a settlement in the amount of Forty Thousand Dollars and No Cents (\$40,000.00) is in the best interest of the City of Detroit.

We, therefore, request authorization to settle this matter in the amount of Forty Thousand Dollars and No Cents (\$40,000.00) and that your Honorable Body direct the Finance Director to issue a draft in that amount payable to Christopher J. Trainor, her attorney, and Joanna Crosby, to be delivered upon receipt of properly executed Releases and Stipulation and Order of Dismissal entered in Lawsuit No. 09-011941 NF, approved by the Law Department.

**Division of Research & Analysis**

November 4, 2010

Honorable City Council:

Re: Resolution Supporting the Use of Tax Exemptions for Eligible Nonprofit Housing Property.

The Research and Analysis Division (RAD) was to re-submit a resolution regarding the above referenced matter. The proposed resolution is attached for your consideration. It should be noted that this resolution only encourages eligible non-profits to apply for the tax incentives that have been available under state law. Nothing has precluded eligible entities from applying for the incentives since the state law became effective in 2007. A separate resolution would be submitted for the

actual tax exemption to a specific non-profit for specific parcels of land or structures.

The General Property Tax Act was amended in 2006 after non-profit housing entities, such as Habitat for Humanity, advocated for tax relief during construction and rehabilitation of low-income housing. This provision reduces the non-profit organization's overhead during this period and could also reduce the amount of subsidy necessary to make the home available to the target group of homeowners because the non-profit would not have the expense of taxes. This exemption is directed at specific eligible properties that the non-profit identifies for consideration. The identification of specific properties allows for the taxing jurisdictions as well as the local assessor to comment on the fiscal impact at the required hearing. There is not blanket exemption for non-profit housing property, qualified organizations apply for the exemption via resolution for specific, eligible parcels of land or structures. A copy of the statute has been attached for reference purposes.

The first resolution, which was not adopted, was circulated by RAD on June 1, 2009.

MCL 211.7kk. This provision became effective January 2007 and is considered a very new portion of the General Property Tax Act. RAD was unable to locate evidence that its has been used by an eligible organization to date.

Respectfully submitted,  
DAVID D. WHITAKER  
Director

**RESOLUTION SUPPORTING THE USE OF TAX EXEMPTIONS FOR ELIGIBLE NONPROFIT HOUSING PROPERTY**  
By COUNCIL MEMBER JONES:

WHEREAS, The General Property Tax Act, Public Act 206 of 1893, was amended so that specific nonprofit housing properties, if eligible, could be exempt from taxation for up to two (2) years or until a transfer of ownership or lease agreement is effectuated; and

WHEREAS, The relevant section, MCL 211.7kk, sets forth the procedure to obtain the exemption for specific properties, which includes: adoption of a resolution by the Detroit City Council, notification to all taxing jurisdictions, as well as a hearing on the proposed exemptions, which must be done upon application of each nonprofit so requesting the exemption; and

WHEREAS, This exemption is available to eligible charitable nonprofit housing organizations defined in the Act as an organization having the primary purpose of constructing or renovating residential housing for conveyance to low-income persons; and

WHEREAS, Eligible properties include single family dwellings or duplexes owned by an eligible charitable nonprofit housing organization which intends to transfer the dwelling to a low-income individual for use as principal residence; and

WHEREAS, The Detroit City Council has vested interest in preserving and expanding homeownership opportunities for residents of the City and doing all things practicable to assist non-profit developers in their efforts to make housing available to low-income individuals; NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council strongly encourages eligible charitable nonprofit housing organizations to apply for the aforementioned tax incentive for qualified housing developments or renovations; and BE IT FINALLY

RESOLVED, That a copy of this resolution be sent to the City of Detroit Mayor's Office, Planning & Development Department, Finance Department and Community Development Advocates of Detroit.

Re: Request to Amend the Official Compensation Schedule.

Recommendation is submitted to amend the 2010-2011 Official Compensation Schedule by approving the rate changes identified in the attached Schedule A. At the request of the General Services Department, the Human Resources Department performed an extensive review of the essential duties and requirements, and market data pertaining to salaries typically paid to employees performing work comparable to the subject classifications. Adjustments to salaries were made for cost of living and fringe benefits in order to make reasonable comparisons. These recommendations are the outcome of that analysis.

The General Services Department concurs with the recommendations and requests approval of the compensation rates. The adjustments will address internal equity disparities and disincentives associated with certain managers and supervisors, earning less than their subordinates when overtime is factored in

only slightly more on a non-overtime basis.

Attached hereto for your Honorable Body's consideration is a Resolution authorizing the Historic Designation Advisory Board to submit an application to the State Historic Preservation Office for a federal grant of not greater than \$24,000. #### Law Department

November 18, 2010

Honorable City Council:

Re: Petition Number 3810 — Report and Recommendation for Approval of the Issuance of a Dance and Entertainment Permit by the Michigan Liquor Control Commission in Conjunction with the Transfer of Ownership of a "Class C License" to Vondie's on the River, LLC, for a Group "A" Cabaret at 260 Schweizer Place.

#### BACKGROUND

Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), requires that, prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance permit, entertainment permit, or a combination dance and entertainment permit, an establishment licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of the local legislative body of the municipality within which the premises is located.

Pursuant to this requirement, the MLCC has forwarded to this Body a Local Approval Notice, Request ID Number 520148, which has been designated by the City Clerk as Petition Number 3810. This Local Approval Notice requests City Council approval of the issuance of a dance and entertainment permit in conjunction with the transfer of ownership of a "Class C License" to Vondie's on the River, LLC, ("Permit Applicant"), for a Group "A" Cabaret at 260 Schweizer Place.

The Buildings, Safety Engineering, and Environmental Department ("BSE&SE") reports that the property is located in an SD4 (Special Development District-Riverfront Mixed Use) zoning district and the current legal, permitted use of the

property is 'Restaurant and Class C Bar with accessory dance/entertainment' per building permit number 47876, dated July 2, 2001, pursuant to Case Number 149-00, effective April 13, 2001 and building permit number 16454. A Certificate of acceptance to re-establish the restaurant and bar and Group "A" use was issued on April 30, 2010. Therefore, the continued use of the location for patron dancing and entertainment is permitted subject to compliance with all relevant state codes and City ordinances, including the issuance of a Group "A" Cabaret business license by the BSE&E Business License Center and a dance and entertainment permit to the Permit Applicant. Pursuant to Section 916 of the Michigan Liquor Control Code, being MCL 436.1916(6), the issuance of a dance or entertainment permit does not allow for adult entertainment, such as topless activity, in a licensed establishment.

Pursuant to Section 5-7-21 of the 1984 Detroit City Code, a Group "A" Cabaret business license is required for any establishment that sells or serves alcoholic beverages with or without food, and either allows dancing with or without live entertainment, or provides three (3) or more live entertainers at one time with or without patron dancing. Accordingly, the Permit Applicant has applied for a Group "A" Cabaret business license for the location.

#### **APPROVAL CRITERIA**

The City Council Procedures and Criteria for Michigan Liquor Control Commission Permits ("Procedures and Criteria") became effective upon publication on August 25, 2009. Part VI of the Procedures and Criteria states that City Council shall grant the Permit Applicant's request for approval of the issuance of an MLCC permit unless one or more of the eleven (11) specified criteria are not met by the Permit Applicant. Pursuant to Part V of the Procedures and Criteria, the designated MLCC Permit Coordinator ("Coordinator") has submitted a report to the City Council, the City Planning Commission, and the Law Department concerning the approval criteria contained in Part VI of the Procedures and Criteria. A copy of the Coordinator's report, dated October 20, 2010, has been mailed to the Permit Applicant.

A review of the Coordinator's report indicates that the Permit Applicant has met the approval criteria contained in Part VI of the Procedures and Criteria, except for Approval Criteria Nos. 8 and 9. Approval Criterion No. 8 concerns the issuance of a real estate tax clearance pertaining to the subject premises. Specifically, the Coordinator's report indicated that property taxes were delinquent in the amount of six thousand three hundred sixteen dollars and ninety-seven cents (\$6,316.97). Approval Criterion No.

9 concerns unpaid fees or uncured violations under the purview of BSE&E for the subject premises. Specifically, in its report to the Coordinator, dated October 1, 2010, BSE&E indicated that there were violations at the location, outstanding fees, and the lack of a Certificate of Occupancy for the location.

Upon notification of the abovementioned deficiencies in the approval criteria, the Permit Applicant has taken the following actions concerning this request for this Body's approval of the issuance of the dance and entertainment permit:

(1) The Permit Applicant has indicated that the owner of the premises has paid the current taxes due. The Law Department has confirmed that the first half City property taxes have been paid and that the balance of the property taxes are not due until January, 2011.

(2) The Permit Applicant has requested and obtained a re-inspection of the alleged BSE&E violations and delinquent fees. The Law Department has been advised by the BSE&E Mechanical and Electrical Divisions that clearances will be issued for the violations upon verification that certain mechanical equipment is not in use and that the Michigan Electrical Code violations have been corrected.

#### **RECOMMENDATION**

Part VI of the Procedures and Criteria states that City Council shall grant the Permit Applicant's request for approval of the issuance of an MLCC permit unless one or more of the eleven (11) specified criteria are not met by the Permit Applicant. As a result of aforementioned actions taken after the filing of the Coordinator's report, the Permit Applicant has met the approval criteria contained in Part VI of the Procedures and Criteria.

Therefore, attached is a proposed resolution approving the issuance of a dance and entertainment permit by the MLCC to the Permit Applicant, Vondie's on the River, LLC, for a Group "A" Cabaret at 260 Schweizer Place. The Law Department recommends that the Resolution be moved to the Committee of the Whole for its action.

If there are any questions or concerns, please do not hesitate to contact our office.

### Law Department

November 17, 2010

Honorable City Council:

Re: Petition Number 275 — Report and Recommendation for the Approval of a Request for the Issuance of Michigan Liquor Control Commission Dance and Entertainment and Topless Activity Permits to Whittier Café, Inc., for an Adult Cabaret at 10631 Whittier.

Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), requires that, prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance permit, entertainment permit, or a combination dance and entertainment permit, or a topless activity permit, a location licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of the legislative body of the municipality within which the premises are located.

Pursuant to this requirement, the MLCC has forwarded a Local Approval Notice, Request ID Number 488707, to the Detroit City Council, which has been designated by the City Clerk as Petition Number 275. This Local Approval Notice requests City Council approval of a request for the issuance of a dance and entertainment and topless activity permits in conjunction with the transfer of ownership of a "Class C License," in escrow at 10631 Whittier, from Fleetwood Management, Inc., to Whittier Café ("Permit Applicant") for an adult cabaret at the same location.

Buildings, Safety Engineering and Environmental Department ("BSE&E") reports that the property at 10631 Whittier is in a B4 (General Business District) zoning district and that the current legal land use is Cabaret "D" (adult cabaret). BSE&E

Business License Center records indicate that the location has been historically licensed as a Group "D" Adult Cabaret. BSE&E also reports that a Certificate of Compliance for the location was issued on September 9, 2010.

Section 5-15-2 of the 1984 Detroit City Code defines an adult cabaret as a nightclub, juice bar, restaurant, bottle club, or similar commercial establishment, regardless of whether alcoholic beverages are served, which regularly features live conduct by persons who appear in a semi-nude condition. Section 5-15-21 of the 1984 Detroit City Code provides that a sexually-oriented business license is required to operate an establishment featuring such conduct. Accordingly, the Permit Applicant has applied for an adult cabaret license business license, in conjunction with the transfer of ownership of the MLCC liquor license in escrow at 10631 Whittier.

### APPROVAL CRITERIA

The City Council Procedures and Criteria for Michigan Liquor Control Commission Permits ("Procedures and Criteria") became effective upon publication on August 25, 2009. Part VI of the Procedures and Criteria states that City Council shall grant the Permit Applicant's request for approval of the issuance of an MLCC permit unless one or more of the eleven (11) specified criteria are not met by the Permit Applicant. Pursuant to Part V of the Procedures and Criteria, the designated MLCC Permit Coordinator, ("Coordinator") has submitted a report to the City Council, the City Planning Commission, and the Law Department concerning the approval criteria contained in Part VI of the Procedures and Criteria. A copy of the Coordinator's report, dated October 13, 2010, has been mailed to the Permit Applicant.

A review of the Coordinator's report indicates that the Permit Applicant has met the approval criteria contained in Part VI of the Procedures and Criteria, except for Approval Criteria Nos. 8 and 11. Approval Criterion No. 8 concerns the issuance of a real estate tax clearance pertaining to the subject premises. Specifically, the Coordinator's report indicated that property taxes were delinquent in the amount of four thousand ninety-eight dollars and eleven cents (\$4,098.11). Approval Criterion No. 11 concerns unpaid fees or uncured violations under the purview of the Fire Department related to the subject premises. Specifically, in its report to the Coordinator, the Detroit Fire Department Fire Marshall Division recommended denial of the request for the issuance of the MLCC due to delinquent fees.

### RECOMMENDATION

Upon notification of the abovementioned deficiencies in the approval criteria,

the Permit Applicant has taken the following actions concerning the request for approval of the issuance of dance and entertainment and topless activity permits for the location:

(1) The Permit Applicant has provided the Law Department a copy of a paid receipt for the payment of outstanding City of Detroit property taxes and fees in the amount of four thousand one hundred fifty-five dollars and fifty-seven cents (\$4,155.57) for 10631 Whittier. The Law Department has verified that this amount has been paid; and

(2) The Permit Applicant has cured the outstanding violation of the Detroit Fire Prevention and Protection Code, being Chapter 19, Article I, of the 1984 Detroit City Code, and paid the Detroit Fire Department Fire Marshal Division eight hundred and twenty dollars (\$820.00) in delinquent fees.

**RECOMMENDATION**

Part VI of the Procedures and Criteria states that City Council shall grant the Permit Applicant's request for approval of the issuance of an MLCC permit unless one or more of the eleven (11) specified criteria are not met by the Permit Applicant. As a result of the aforementioned actions taken after the filing of the Coordinator's report the Permit applicant has met the approval criteria contained in Part VI of the Procedures and Criteria.

Therefore, attached is a proposed resolution approving the issuance of dance and entertainment and topless activity permits in conjunction with the transfer of a "Class C License." in escrow at 10631 Whittier, from Fleetwood Management, Inc., to Whittier Café, Inc., for an adult cabaret at the same location. The Law Department recommends that the Resolution be moved to the Committee of the Whole for its action.

If there are any questions or concerns, please do not hesitate to contact our office.

Honorable City Council:

Re: Petition Number 3918 — Report and Recommendation for Approval of the Issuance of a Dance Permit by the Michigan Liquor Control Commission in Conjunction with the Transfer of Ownership of all Stock in a "Class C License" for a Group "A" Cabaret at 20323-20327 West Seven Mile Road.

**BACKGROUND**

Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), requires that, prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance permit, entertainment permit, or a combination dance and entertainment permit, an establishment licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of the local legislative body of the municipality within which the premises is located.

Pursuant to this requirement, the MLCC has forwarded to this Body a Local Approval Notice, Request ID Number 530357, which has been designated by the City Clerk as Petition Number 3918.

This Local Approval Notice requests City Council approval of a request by GW Holdings, Inc., ("Permit Applicant") for the issuance of a dance permit, in conjunction with the transfer of ownership of all stock in a "Class C License," for a Group "A" Cabaret at 20323-20327 West Seven Mile Road, from James Dobbins to new stockholder Lariesa B. Davis.

The Buildings, Safety Engineering, and Environmental Department ("BSE&E") records for 20323-20327 West Seven Mile Road indicate that the location is in a B4 (General Business) zoning district. Pursuant to Section 61-9-82 of the 1984 Detroit City Code, the Detroit Zoning Ordinance, the use of this location for a cabaret, or an establishment for the sale of beer or intoxicating liquor for consumption on the premises, is conditional. By virtue of Buildings and Safety Engineering Department Case Number 07-05 and Building Permit Number 82647, dated April 28, 2005, the current legal, permitted-with-approval use of this property is a Class "C" bar with a standard restaurant and nightclub accessory use. Therefore, the continued use of the location for patron dancing is permitted subject to compliance with all relevant state codes and City ordinances, including the issuance of a Group "A" Cabaret business license by the BSE&E Business License Center and a dance permit to the Permit Applicant. Pursuant to Sections 916(2) of the Michigan Liquor Control Code, being MCL 436.1916(6)(2), the issuance of a dance permit does not allow for adult entertainment, such as topless activity, in a licensed establishment.

#### **APPROVAL CRITERIA**

The City Council Procedures and Criteria for Michigan Liquor Control Commission Permits ("Procedures and Criteria") became effective upon publication on August 25, 2009. Part VI of the Procedures and Criteria states that City Council shall grant the Permit Applicant's request for approval of the issuance of an MLCC permit unless one or more of the eleven (11) specified criteria are not met by the Permit Applicant. Pursuant to Part V of the Procedures and Criteria, the designated MLCC Permit Coordinator ("Coordinator") has submitted a report to the City Council, the City Planning Commission, and the Law Department concerning the approval criteria contained in Part VI of the Procedures and Criteria. A copy of the Coordinator's report, dated October 13, 2010, has been mailed to the Permit Applicant.

A review of the Coordinator's report indicates that the Permit Applicant has met the approval criteria contained in Part VI of the Procedures and Criteria, except for Approval Criteria Nos. 8, 9, 10, and 11. Approval Criterion No. 8 concerns the issuance of a real estate tax clearance

pertaining to the subject premises. Specifically, the Coordinator's report indicated that property taxes were delinquent in the amount of three thousand three hundred forty-three dollars and ninety-one cents (\$3,343.91). Approval Criterion No. 9 concerns unpaid fees or uncured violations under the purview of BSE&E for the subject premises. Specifically, in its report to the Coordinator, dated September 30, 2010, BSE&E indicated that a Temporary Certificate of Occupancy issued on August 16, 2007 was still open and had expired. In addition, the BSE&E report indicates that the location required a Certificate of Maintenance of Grant Conditions, that there were violations of the Michigan Electrical Code at the location, and that there were unpaid inspection fees. Approval Criteria No. 10 concerns unpaid fees or uncured violations under the purview of the Department of Health and Wellness Promotion ("DHWP"). Specifically, the Coordinator's report indicates that the DHWP had not received a food license application from the Permit Applicant. Approval Criterion No. 11 concerns unpaid fees or uncured violations under the purview of the Fire Department related to the subject premises. Specifically, in its report to the Coordinator, the Detroit Fire Department's Fire Marshal Division recommended denial of the dance permit due to delinquent fees.

Upon notification of the abovementioned deficiencies in the approval criteria, the Permit Applicant has taken the following actions concerning this request for this Body's approval of the issuance of the dance permit:

(1) The Permit Applicant has provided copies to the Law Department and Finance Department receipts for the payment of five thousand two hundred six dollars and ninety-five cents (\$5,206.95) for outstanding City of Detroit real property taxes for the location. The Law Department has verified that a real property tax clearance will be issued by the Finance Department for the location;

(2) The Permit Applicant has corrected the Michigan Electrical Code violations and paid BSE&E the outstanding fees for the issuance of a Certificate of Occupancy, the Certificate of Grant Conditions, and other permit fees. BSE&E has advised the Law Department that a clearance will be issued for the location;

(3) The Permit Applicant has corrected the name on the Michigan Food Service Establishment license, obtained the required Michigan Food Service Establishment License, and presented a copy of a DHWP record that verifies that the location is in compliance with the Michigan Food Law of 2000, being MCL 289.1101 *et seq.*; and

(4) The Permit Applicant has provided a copy of a paid receipt in the amount of one hundred ninety-five dollars (\$195.00) for the delinquent Detroit Fire Department Fire Marshal Division permit fee for a permit that expires on January 31, 2011.

**RECOMMENDATION**

Part VI of the Procedures and Criteria states that City Council shall grant the Permit Applicant's request for approval of the issuance of an MLCC permit unless one or more of the eleven (11) specified criteria are not met by the Permit Applicant. As a result of aforementioned actions taken after the filing of the Coordinator's report, the Permit Applicant has met the approval criteria contained in Part VI of the Procedures and Criteria.

Therefore, attached is a proposed resolution approving the issuance of a dance permit by the MLCC to the Permit Applicant, GW Holdings, Inc., for a Group "A" Cabaret at 20323-20327 West Seven Mile Road. The Law Department recommends that the Resolution be moved to the Committee of the Whole for its action.

Honorable City Council:

Re: Petition #3493 Historic Designation Advisory Board submitting its final report and recommendation and proposed ordinance for the Michigan Bell and Western Electric Warehouse Historic District (For introduction of Ordinance and the setting of a Public Hearing).

At the direction of the Historic Designation Advisory Board at its meeting of January 14, 2010, I am pleased to submit to your Honorable Body the Board's final report on the proposed Michigan Bell and Western Electric Warehouse Historic District which is on file in the City Clerk's Office. Issues with the project unrelated to the historic designation request resulted in the delay of transmittal to your Honorable Body. The recommendation of

the Advisory Board is for designation and, therefore, an ordinance of designation is attached. The ordinance has been approved as to form by the Law Department.

This designation was requested by the Neighborhood Service Organization (NSO). Ms. Deborah Fisher was appointed to an *ad hoc* membership with the Advisory Board representing the ownership interest. Harold Ellis was appointed as an *ad hoc* to the Advisory Board representing the community interest.

Also on file in City Clerk's Office is a copy of the minutes from the public hearing held by the Advisory Board on this matter.

If you should have any questions, please contact our office at 224-3487.

Respectfully submitted,

**AN ORDINANCE to amend Chapter 25, Article II, of the 1984 Detroit City Code by adding Section 25-2-176 to establish The Michigan Bell and Western Electric Warehouse Historic District, commonly known as 882 Oakman Boulevard and also known as 14300 Woodrow Wilson, and to define the elements of design for the district.**

IT IS HEREBY ORDAINED BY THE PEOPLE OF THE CITY OF DETROIT THAT:

**Section 1.** Chapter 25, Article II, of the 1984 Detroit City Code is amended by adding Section 25-2-176 to read as follows:

**Sec. 25-2-176. The Michigan Bell and Western Electric Warehouse Historic District.**

(A) A historic district to be known as The Michigan Bell and Western Electric Warehouse Historic District is established in accordance with the provisions of this article.

(B) This historic district designation is certified as being consistent with the Detroit Master Plan.

(C) The boundaries of The Michigan Bell and Western Electric Warehouse Historic District (commonly known as 882 Oakman Boulevard and also known as 14300 Woodrow Wilson, tax parcel identification number 06006256.001) are as shown on the map on file in the office of the City Clerk, and are as follows:

On the south, the centerline of Oakman Boulevard; on the west, the centerline of Woodrow Wilson Avenue; on the north, the southerly line of the Pennsylvania Detroit Railroad right-of-way; and on the east, a line drawn parallel to and 377.7 feet east of the centerline of Woodrow Wilson Avenue. (Legal Description: Land

in the City of Detroit, County of Wayne, State of Michigan, described as all that part of 1/4 Section 6, 10,000 Acre Tract, City of Detroit, Wayne County, Michigan, more particularly described as follows: Beginning at an iron stake fixing the intersection of the north line of Oakman Boulevard and the easterly line of Woodrow Wilson Avenue, formerly known as Oakman Avenue; thence easterly along the northerly line of Oakman Boulevard north 64 degrees 13 minutes east 340.35 feet to an iron stake; thence north 26 degrees 20 minutes west to the southerly line of the Pennsylvania Detroit Railroad right-of-way; thence westerly along said southerly line of the Pennsylvania Detroit Railroad right-of-way, 340.2 feet to the easterly line of Woodrow Wilson Avenue, south 26 degrees 19 minutes east to the place of the beginning, commonly known as 882 Oakman Boulevard and also known as 14300 Woodrow Wilson, tax parcel identification number 06006256.001).

(D) The defined elements of design, as provided for in Section 25-2-2 of this code, are as follows:

(1) *Height.* The main block of the Michigan Bell and Western Electric Warehouse building running parallel to Oakman Boulevard is six (6) stories tall, with a twelve (12) story, central tower. A five-story wing extends northward, perpendicular to the east end of the front section of the building. A tall chimney rises along the northern bay of the east elevation and a single story, square tower projects above the roof from the center of the rear elevation. A two-story warehouse sections runs along the east side of the building, and a two-story garage section extends from the west end of the front portion of the building. At the north side of the building is a one-story garage.

(2) *Proportion of Building's Front Façade.* The front façade of the main block of the building is more than twice as wide as it is tall. It is composed of five (5) identical bays on each side of a central, three-bay wide tower that rises substantially from the block of the building. The two-story warehouse section east of the main block of the building is also wider than tall and extends the width of the front façade along Oakman Boulevard.

(3) *Proportion of Openings Within the Façade.* The building's front façade is composed of approximately twenty percent (20%) to twenty-five percent (25%) openings. Each bay in the main block of the front façade flanking the central tower, as well as each bay of the building's three-bay east and west side elevations, is outlined by brick piers and contains three (3) steel sash windows that are three-over-three in configuration on each floor. Fenestration in the central tower is composed of the set of double doors with

sidelights and a transom on the ground floor of the recessed, two-story angled arch entrance opening. Above it, beginning at the third story level are two (2) stacked groupings of three-floor tall openings containing a paired steel sash window per floor, flanked by a single window with four-over-four configurations per floor. Most of the basement windows on the ground floor are now filled with brick. Each bay of the five story, six bay wide wing extending perpendicularly northward from the east end of the front block of the building contains multi-paned steel industrial-type windows. The front façade of the two-story warehouse section to the east has multi-paned, steel industrial-type windows at the first floor that have been painted over. A long monitor with divided lights extends lengthwise along the roof of the warehouse section. Extending from the west end of the front block is a two-story garage that has six (6) bays of multi-paned, steel industrial-type windows and a garage door opening at its south end.

(4) *Rhythm of Solids to Voids in the Front Façade.* A regular rhythm of solids to voids is created by a grid-like arrangement of window openings, which are placed in rows, one over the other by floor, on all elevations.

(5) *Rhythm of Spacing of Buildings on Streets.* No rhythm of spacing of buildings exists due to single-building district.

(6) *Rhythm of Entrance and/or Porch Projections.* The entrance into the main block of the building is centered on and recessed into the front (south) façade, and approached up two (2) steps.

(7) *Relationship of Materials.* The building is faced in brick with limestone trim and terra cotta accent panels. Steps leading up to its entrance are unpolished granite. The original materials of the double doors, transom and sidelights were replaced by aluminum and glass. Decorative molded synthetic panels are located between the top of the doors and the second floor windows, and between the floors serving as spandrels in the center column of windows of the tower. Terra cotta decorates the tops of the tower walls and parapets of two-story sections of the building. Traces of large metal lanterns, now absent, flank the doorway. The steel and glass of the windows and roof monitors also provide major material relationships.

(8) *Relationship of Textures.* Brick laid in courses of common bond set in mortar contrasts with the smoother texture of the limestone entrance portal and trim, and terra cotta panels. Design details, such as chevrons, notched arches, geometric patterns, and stepped pilasters add greatly to the textural interest of the building.

(9) *Relationship of Colors.* Varied, light-orange colored brick contrasts with gray mortar and biege limestone facing

and trim. The terra cotta accent panels are buff colored. Window frames are painted green. Decorative molded synthetic panels are charcoal gray in color.

(10) *Relationship of Architectural Details.* Michigan Bell and Western Electric Warehouse is Art Deco in style, with most of the stylistic detail focused on the central, angular arched portico and the upper extremities of the building. Decorative molded synthetic panels above the entrance doors and spandrels beneath windows in the central tower bay have insets in angular arch and polygonal shapes. A keystone in the form of a stylized relief representing a cable motif marks the top of the angled two-story entrance arch. Tops of tower walls, parapets, and the chimney are faced with terra cotta details displaying chevron and geometric relief patterns. Brick elements consistently located throughout the building, such as the stepped brick piers and brick framed spandrels, define its structure and frame its fenestration. A neon sign in the form of the Yellow Pages book and a telephone mounted on the top of the tower in 1961 blocks a clear view of the upper two stories of the tower. In general, the building is rich in architectural detail.

(11) *Relationship of Roof Shapes.* The building's main roof is flat and not visible from the street. A rooftop monitor on the warehouse portion of the building is visible from various angles. A tall communications tower and a flagpole project from the roof of the central entrance tower.

(12) *Walls of Continuity.* Not applicable due to single building district.

(13) *Relationship of Significant Landscape Features and Surface Treatments.* The Michigan Bell and Western Electric Warehouse is located on a flat site close to the public right-of-way, providing a very narrow strip of grass along the perimeter of the front façade. Where the two-story warehouse section on the east is set back, a slightly deeper grass strip exists. To the east of the warehouse section are two piers of similar brick to the building that once provided entry into the side lot and rear of the property off Oakwood Boulevard, but now part of a chain link and barbed wire fence that continues to enclose the vacant lot to the east. Fluted and rusted light poles with modern crane's necks run along the Oakman Boulevard (south) façade; tall wooden poles carrying electrical lines run along the Woodrow Wilson (west) side. A concrete median divides the street into a boulevard.

(14) *Relationship of Open Space to Structures.* Open space within the boundaries of the historic district exists to its north between the building and the railroad right-of-way that provides its northern boundary. It is paved and formerly used for parking. A rail spur once led to

the northeast corner of the warehouse section on the building's east side. Vacant land generally surrounds the district.

(15) *Scale of Façade and Façade Elements.* The Michigan Bell and Western Electric Warehouse is a large-scale industrial building with a monumental, two-story portal at the base of its entrance tower. Decorative details are complementary and moderate in scale, outlining the entrance and the bays of the façades, running in bands, and crowning the tops of walls. The neon sign over the upper floors of the tower is oversized for the scale of the building.

(16) *Directional Expression of Front Elevation.* The Michigan Bell and Western Electric Warehouse is primarily vertical in directional expression, due to its soaring tower and long, narrow vertical elements within the horizontal block of the building.

(17) *Rhythm of Building Setbacks.* The main building is set back very slightly from the front lot line along Oakman Boulevard. Its warehouse section to the east is set back approximately one-half bay from the main section of the building.

(18) *Relationship of Lot Coverage.* The footprint of the building occupies approximately fifty-five percent (55%) of its lot.

(19) *Degree of Complexity within the Façade.* The front façade has a low degree of complexity in massing, fenestration, and arrangements of architectural elements. The Art Deco detail adds some complexity to the overall design. The massing of the building as a whole is somewhat complex, its plan organized with sections ranging from one (1) to twelve (12) stories.

(20) *Orientation, Vistas, Overviews.* Michigan Bell and Western Electric Warehouse is located at the northeast corner of Oakman Boulevard and Woodrow Wilson Avenue. Its primary façade is oriented south towards Oakman Boulevard, the east-west street that defines the southern boundary of the district. Due to the height and bulk of the building and its placement with respect to the open space of the surrounding area, it is a visible presence from many locations in the surrounding community. With its tall tower bearing a large, visually dominant neon sign covering its top stories, the building is clearly visible from the Lodge Freeway (M-10) at great distances.

(21) *Symmetric or Asymmetric Appearance.* The main block of the building with its tower is symmetrical in appearance.

(22) *General Environmental Character.* The Michigan Bell and Western Electric Warehouse is located in what was formerly a mixed-use area with commercial, industrial and residential structures. At present, the immediate area is mostly industrial with other sizable, Art Moderne buildings nearby between many vacant lots along

Oakman Boulevard and Hamilton Avenue. The proximity of the intersection of two sunken highways, the Lodge Freeway (M-10) on the west and the Davison Freeway (M-8) on the south, has altered the flow of street traffic in the area, and provides dramatic views of the building to northbound drivers from the Lodge Freeway.

**Section 2.** All ordinances or parts of ordinances, or resolutions or parts of resolutions, in conflict with this ordinance are repealed.

**Section 3.** This ordinance is declared necessary for the preservation of the public peace, health, safety, and welfare of the people of the City of Detroit.

**Section 4.** If this ordinance is passed by a two-thirds (2/3) majority of City Council Members serving, it shall be given immediate effect and shall become effective upon publication in accordance with Section 4-116 of the 1997 Detroit City Charter; otherwise, it shall become effective in accordance with Section 4-115 of the 1997 Detroit City Charter.

Honorable City Council:

Re: Petition #3318 Historic Designation Advisory Board resubmitting its proposed ordinance for the Cass-Davenport Historic District (For introduction of Ordinance and the setting of a Public Hearing).

In a letter dated November 15, 2010, it was brought to Council's attention that the

**AN ORDINANCE to amend Chapter 25, Article II, of the 1984 Detroit City Code by adding Section 25-2-179 to establish the Cass-Davenport Historic District and to define the elements of design for the district.**

IT IS HEREBY ORDAINED BY THE PEOPLE OF THE CITY OF DETROIT THAT:

**Section 1.** Chapter 25, Article II, of the 1984 Detroit City Code is amended by adding Section 25-2-179 to read as follows:

**Sec. 25-2-179. Cass-Davenport Historic District.**

(A) A historic district to be known as the Cass-Davenport Historic District is established in accordance with the provisions of this article.

(B) This historic district designation is certified as being consistent with the Detroit Master Plan.

(C) The boundaries of the Cass-Davenport Historic District are as shown on the map on file in the office of the City Clerk, and are as follows:

Beginning at a point, that point being the intersection of the centerline of Davenport Avenue and the centerline of the north-south alley located east of and parallel to Cass Avenue; thence south along the centerline of the alley to its intersection with the centerline of Martin Luther King, Jr. Boulevard; thence west along the centerline of Martin Luther King, Jr. Boulevard to its intersection with the centerline of Cass Avenue; thence north along the centerline of Cass Avenue to its intersection with the south line of Lot 2, Block 89, of the Subdivision of Part of Cass Farm, Liber 1, Pages 175-77 Plats, Wayne County Records, extended east and west; thence west along the south line of Lot 2, as extended, to its intersection with the alley west of and parallel to Cass Avenue; thence north along the centerline of the alley to its intersection with

the north line of Lot 3, Block 89, of the Subdivision of Part of Cass Farm, Liber 1 Pages 175-77 Plats, Wayne County Records, extended east and west; thence east along said line to its intersection with the centerline of Cass Avenue; thence north along the centerline of Cass Avenue to its intersection with the centerline of Davenport Avenue; thence east along the centerline of Davenport Avenue to the point of beginning.

(Legal Description: Lots 2, 3, and 4, Stimmons Subdn of Park Lot No. 67, City of Detroit, as recorded in Liber 1, Page 241 of Plats, Wayne County Records; also, Lots 2 and 3, Block 89, of the Subdivision of Part of Cass Farm, as recorded in Liber 1, Pages 175-77 of Plats, Wayne County Records. Commonly known as 3515 Cass Avenue, 3523 (or 3525) Cass Avenue, 3550-3556 Cass Avenue, 3566 Cass Avenue, and 149 Davenport Avenue.)

(D) The defined elements of design, as provided for in Section 25-2-2 of this code, are as follows:

(1) *Height.* The four apartment buildings comprising the Cass-Davenport Historic District range from three (3) to six (6) stories tall on high basements.

(2) *Proportion of Building's Front Façade.* Three of the front façades in the Cass-Davenport Historic District are approximately as wide as tall; the building on the west side of Cass Avenue (3525 Cass Avenue) is wider than tall. Three-sided outer bays of the front façade of 149 Davenport Avenue rise through all three stories of the building. The two side elevations visible along Martin Luther King, Jr. Boulevard are substantially wider than tall; a light court and set back on the south side of 3550 Cass Avenue cause a break in its long, flat wall surface.

(3) *Proportion of Openings Within the Façade.* The buildings within the Cass-Davenport Historic District are each composed of approximately twenty-five per cent (25%) to thirty-five per cent (35%) openings in their front façades. Double-hung windows are the predominant window type in the district, of which most are two times taller than wide, but when grouped in pairs, result in square openings. Upper sashes and transoms, where they exist, are typically subdivided into smaller panes. The windows on the façade of 149 Davenport Avenue consist of a large bottom sash and a fixed, subdivided, horizontally-oriented sash above. On the second through fourth story of the projecting central bay of 3525 Cass Avenue, where six individual window units are grouped together, horizontal rows of windows result, 3525 Cass Avenue exhibits the greatest variety in proportions of windows, including the two-faceted oriel windows on the second floor. Its first floor openings have been altered with

more modern replacements. The sixth story window openings in the façade of 3550 Cass Avenue appear elongated because of their arched transoms. The window units on that façade have been removed from their openings, and its first floor has been boarded, covering the original openings. Main entrance openings of the buildings in the district are centered on the first floors of the principal façades and vary in form, from the rectangular entrance opening of 149 Davenport Avenue to the segmental-arched opening of 3566 and 3525 Cass Avenue. Wide rectangular doorways open onto the porches of the multistory portico on the central bay of 3566 Cass Avenue. The original storefront openings of the two southernmost buildings have been covered up and the original arrangements altered.

(4) *Rhythm of Solids to Voids in Front Façades.* All of the façades are symmetrically arranged with regular rhythms of fenestration and are divided into bays vertically and by floors horizontally. The main entrance of each building is centered on the principal façade. The original storefronts flanking the entrances of 3525 Cass Avenue and 3550 Cass Avenue have been altered or boarded over, but secondary entrances have replaced the originals in the same locations. 149 Davenport Avenue and 3566 Cass Avenue have regularly arranged windows in their high basements. Consistent rows of window openings are broken where the central stairwell landings are fenestrated at the half-story, as at 149 Davenport Avenue and 3550 Cass Avenue. 3525 Cass Avenue features the most varied rhythm of solids to voids; its small, two-faceted, secondary story oriel windows that jut out from the wall surface and different treatments of the bays create a more lively rhythm of solids to voids compared to the other buildings in the district.

(5) *Rhythm of Spacing of Buildings on Streets.* Rhythm of spacing on streets is generally determined by setbacks from the side lot lines. While the clustering of buildings on the east side of Cass Avenue have narrow open spaces between them, there are too few buildings to discern a rhythm. The building at 3525 Cass Avenue abuts its neighboring building to the north.

(6) *Rhythm of Entrance and/or Porch Projections.* Primary entrances are prominently centered on their front façades, and are composed of ornamented, wide openings. All are at grade or a single step above, with the exception of 3556 Cass Avenue, which has six steps leading to its three-story, projecting, monumental porch with balconies between the chamfered, square brick columns of its upper stories. 149 Davenport Avenue features a porch recessed into the central bay with a single door and window to its side. In general, no

rhythm of entrance or porch projections is created amongst the four buildings; each building is distinct.

(7) *Relationship of Materials.* The building materials are generally composed of brick with cast stone or limestone trim. Common brick appears on side elevations that were not intended to be visible. Window frames and sashes are wooden; the building at 3525 Cass Avenue features a small wooden oriel window on the second floor of each outer bay and the building at 3566 Cass Avenue has wooden porch brackets. Wrought or cast iron balcony railings and/or tin or galvanized metal cornices exist, as does a metal fire escape on the north side of the building at 149 Davenport Avenue. The original materials of the first floors of 3525 Cass Avenue and 3550 Cass Avenue have been altered or covered.

(8) *Relationship of Textures.* The major textural effect is that of brick with mortar joints juxtaposed with cast stone trim and detail. Raised brick is used for framing windows and wall panels, and at 3566 Cass Avenue, to imply a rusticated high basement and first story and decorative frieze beneath the cornice. Repetitive ornamental detail in brick, stone, or metal, primarily on belt courses and cornices, contribute significantly to textural interest. Subdivided window sashes also contribute to textural interest.

(9) *Relationship of Colors.* The natural brick colors of red, orange, and light brown are contrasted with beige or light gray trim, elements and details. Window surrounds and sashes are shades of green or white. Recent vinyl awnings on 3525 Cass Avenue are green. Balcony railings are painted green or black, and fencing is black. The original colors of any building, as determined by professional analysis, are always acceptable for that building and may provide guidance for similar buildings.

(10) *Relationship of Architectural Details.* The styles of the buildings comprising the Cass-Davenport Historic District are twentieth century revival styles, including Tudor Revival (3525 Cass Avenue), with panels of characteristic Gothic tracery; Renaissance Revival (3550 Cass Avenue), with arcing at its cornice and festoon-filled panels; Classical Revival (3566 Cass Avenue), with its modillion cornice and cartouches at its upper corners; and Beaux Arts (149 Davenport Avenue), with egg-and-dart moldings and decorative console brackets. Their architectural elements and details relate to their styles. Entrance bays, window frame, and cornices are areas of the façades where architectural detail is concentrated. The façades of the two oldest apartment buildings, 149 Davenport Avenue and 3566 Cass Avenue, have greater three-dimensional qualities as

compared to the two later and larger apartment buildings that have flatter applied detail, although all four buildings contribute to the architectural richness of the district.

(11) *Relationship of Roof Shapes.* All of the buildings have flat roofs that cannot be seen from the ground. A tower with a pyramidal roof above the flat roof of 3550 Cass Avenue can be seen from Martin Luther King, Jr. Boulevard.

(12) *Walls of Continuity.* Walls of continuity exist on the Davenport Avenue and east side of Cass Avenue façades due to the proximity of the buildings. 3525 Cass Avenue, by facing similarly massive apartment buildings, contributes to a sense of enclosure.

(13) *Relationship of Significant Landscape Features and Surface Treatments.* A chain link fence with barbed wire currently encloses the front yard of 149 Davenport Avenue; modern black wrought iron-style fencing exists between the buildings and encloses the parking lot south of 3525 Cass Avenue on the west side of the street. A curb separates the sidewalk from the slightly raised and planted front yard of the building at 3566 Cass Avenue and 149 Davenport Avenue. A narrow concrete walkway from Martin Luther King, Jr. Boulevard to Davenport Avenue and a tall, black wrought iron-like fence separates the east side of the district from the vacant lot further east, which is planted with grass and trees. Curbs are concrete throughout the district, with the exception of the brownstone curbs on Davenport Avenue. Modern steel light posts are placed regularly on the sidewalk.

(14) *Relationship of Open Space to Structures.* Open space is sparse in the district, as the buildings either sit on or are close to the wide public sidewalk that extends to the street curb. Three of the buildings have shallow, planted front yards between the public side walk and their front façades; the building at 3550 Cass Avenue sits directly on the front lot line but has a strip of grass along its Martin Luther King, Jr. Boulevard elevation. The three buildings clustered between Martin Luther King, Jr. Boulevard and Davenport Avenue east of Cass Avenue are separated from each other by narrow slices of open space that are connected at the building line with high black wrought iron-like fences. The two side elevations along Martin Luther King, Jr. Boulevard indicate the past existence of close or abutting buildings. Immediately outside of the boundaries of the district are vacant parcels of land; to the south of 5325 Cass Avenue is a paved parking lot surrounded by a black wrought iron-like fence, and a fenced, paved parking lot exists north of the district across Davenport Avenue.

(15) *Scale of Façade and Façade Elements.* The four façades range from small in scale to large for apartment buildings from the first quarter of the twentieth century. Elements within the façades, such as a monumental porch, large arched doorways, or heavy cornices, are medium to large in scale.

(16) *Directional Expression of Front Elevations.* Each of the front elevations of the apartment buildings comprising the Cass-Davenport Historic District is neutral in directional expression. Where buildings are clustered together on the east side of Cass Avenue and the south side of Davenport Avenue, the streetscape flows horizontally.

(17) *Rhythm of Building Setbacks.* An irregular rhythm of setbacks is created by the inconsistent placement of buildings from their front lot lines.

(18) *Relationship of Lot Coverages.* Lot coverage by the buildings is high; the building at 3525 Cass Avenue occupies approximately eighty (80) per cent of its lot; the cluster of buildings at the southeast corner of Cass Avenue and Davenport Avenue occupy approximately sixty-five percent (65%) of their combined lots.

(19) *Degree of Complexity within the Façades.* The front façades are simple in their massing and regular in their fenestration, but the variety of window shapes, materials, architectural elements and details of individual buildings increase the complexity and interest in the district overall.

(20) *Orientation, Vistas, Overviews.* The Cass-Davenport Historic District is oriented toward Cass Avenue, the north-south street running in front of three of the buildings. The small cluster of buildings forms the entrance into the Midtown section of the Cass Corridor from its south, or

Martin Luther King, Jr. Boulevard. The general overview is of a medium-density, mixed use neighborhood with scattered apartment buildings. Originally extending eastward to Woodward Avenue, Davenport Avenue is now accessed only from Martin Luther King, Jr. Boulevard and Cass Avenue due to the realignment of the historic street pattern, resulting in the triangular shape of the block.

(21) *Symmetric or Asymmetric Appearance.* The appearances of all of the front façades in the district are symmetrical.

(22) *General Environmental Character.* The Cass-Davenport Historic District consists of a small cluster of four architecturally, multi-unit residential buildings located north of the intersection of Martin Luther King, Jr. Boulevard and Cass Avenue. The immediate neighborhood has been scarred by building vacancies and cleared lots, significantly altering its historic setting, but is now emerging as a mixed-use district.

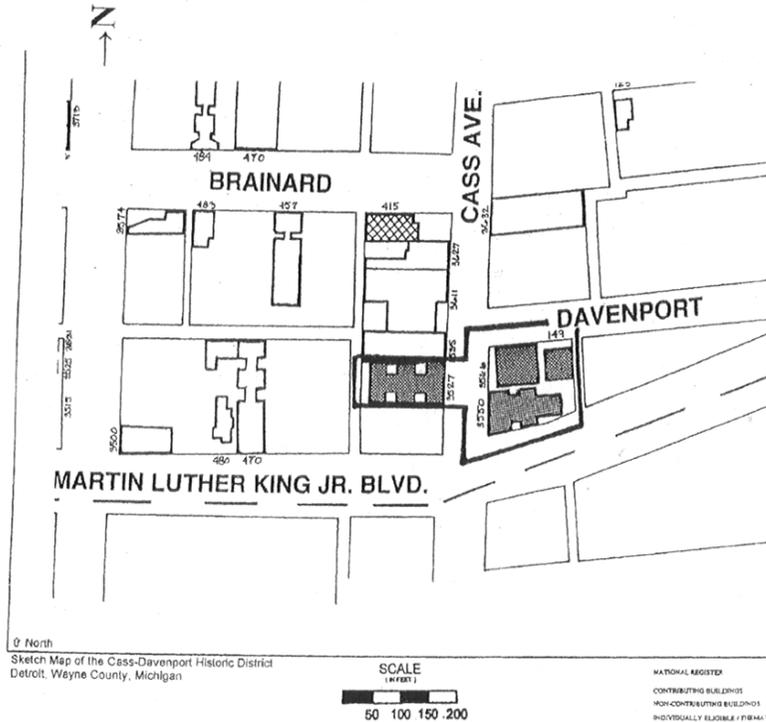

**Section 2.** All ordinances or parts of ordinances, or resolutions or parts of resolutions, in conflict with this ordinance are repealed.

**Section 3.** This ordinance is declared necessary for the preservation of the public peace, health, safety, and welfare of the people of the City of Detroit.

**Section 4.** If this ordinance is passed by a two-thirds (2/3) majority of City Council Members serving, it shall be given immediate effect and shall become effective upon publication in accordance with Section 4-116 of the 1997 Detroit City Charter; otherwise, it shall become effective in accordance with Section 4-115 of the 1997 Detroit City Charter.

**City Planning Commission**

November 9, 2010

Honorable City Council:

Re: Petition of Woodward Avenue Action Association (#742) — requesting

approval to install 20 Woodward Avenue All American Road signs in the City of Detroit (Recommend Approval).

City Planning Commission (CPC) staff has reviewed the above-referenced petition. Following is our report.

In 2002 Woodward Avenue was designated a National Scenic Byway by the Federal Highway Administration, and in 2009, designated as an All American Road. This is an exclusive designation, as only 30 roads nationally have been designated as such. The Woodward Avenue Action Association (WA3) is the designated manager for the All American Road, and wishes to celebrate the recent designation by installing 20 signs along the length of Woodward in the City of Detroit, with more installed along the road between 8 Mile Road and Pontiac. The signs would be installed on Public Lighting Department (PLD) poles, and that department has prepared the proper resolution allowing that installation. The required indemnity agreement has been approved by the Law Department.

The WA3 will fabricate, install, and replace the signs when they are damaged, as well as maintain them. The City Traffic Engineering Department has reviewed and approved the sign placement, and the Michigan Department of Transportation (MDOT) will officially approve the signs at the time of permit

issuance by that department. MDOT has indicated support for the signs.

It should be noted that CPC staff represents the City of Detroit as an alternate Board member on the WA3.

CPC staff recommends approval of the above petition. Please contact Gregory F. Moots of CPC staff at 313-224-2110 with any questions.

2. The signs are to be purchased, installed and maintained at the petitioner's expense and shall be installed on supports identified in the petition. The lower edge of the sign must be at a minimum height of 7 feet.
3. The petitioner(s) is advised that these signs are to be installed and maintained in good condition at all times at the petitioners cost.

Upon approval from City Council, a copy of the approval and the drawing for the "Woodward Avenue All American Road" sign will be remitted to the petitioner as permission to proceed with sign installation.

**Planning & Development Department**

October 12, 2010

Honorable City Council:

Re: Establishment of the Lofts of Merchants Row Neighborhood Enterprise Zone, requested by the Schostak Brothers & Company.

Attached for your consideration please find a resolution and legal description which will establish the Lofts of Merchants Row Neighborhood Enterprise Zone (NEZ) in accordance with Public Act 147 of 1992 ("the Act").

Your Honorable Body conducted a public hearing on this matter on October 7, 2010 as required by the Act. No impediments to the establishment of the NEZ were presented at the public hearing.

As you may recall the Schostak Brothers & Company proposes to invest an additional \$1.5 million to convert 157 rental units to market rate condominium units.

The Act requires that at least 60 days must pass from the date of the notice of the public hearing, which was October 7, 2010, to the date of your formal approval of a resolution establishing the NEZ. We request that you approve the resolution at your regular formal session on or near December 9, 2010.

Respectfully submitted,  
**WARREN P. PALMER**  
Director

By Council Member Jenkins:

Whereas, Michigan's Public Act 147 of 1992, the Neighborhood Enterprise Zones Act ("the Act"), provides for the establishment of Neighborhood Enterprise Zones (NEZs), the exemption from *ad valorem* taxes, and the imposition of a specific property tax in lieu of *ad valorem* real property taxes within NEZs; and

Whereas, The City of Detroit meets all the distress criteria set forth within the Act; and

Whereas, The Detroit City Council finds that designation of certain areas as NEZs is consistent with the adopted Master Plan, as amended, and will further the economic and physical development goals and objectives of the City by encouraging new housing starts and housing rehabilitation, thereby aiding in the preservation of existing neighborhoods and preventing further decay in others; and

Whereas, The Detroit City Council has found the establishment of the Lofts of Merchants Row NEZ to be consistent with

the Detroit Master Plan of Policies and the neighborhood preservation and development goals of the City; and

Whereas, The Detroit City Council has adopted a statement of goals, objectives and policies relative to the maintenance, preservation, improvement, and development of housing for all persons regardless of income level living within proposed NEZs; and

Whereas, The Detroit City Council has enacted a housing inspection ordinance requiring that before the sale of a unit in a new or rehabilitated facility for which an NEZ Certificate is in effect, an inspection is to be made of the unit to determine compliance with Chapter 26 of the Code of the City of Detroit; and

Whereas, The Act requires that the designation of NEZs must be approved by a resolution adopted by the local governmental unit subsequent to a public hearing at which any taxpayer or resident, or representative of any taxing authority levying a property tax in the City of Detroit, was given the opportunity to address the requested establishment of an NEZ; and

Whereas, A public hearing on the issue of establishing the Lofts of Merchants Row NEZ was conducted before the Detroit City Council on October 7, 2010, with notice of the public hearing having been given to the general public and by certified mail to every taxing authority levying a property tax with the City of Detroit; and

Whereas, No impediments to the establishment of the Lofts of Merchants Row NEZ were cited;

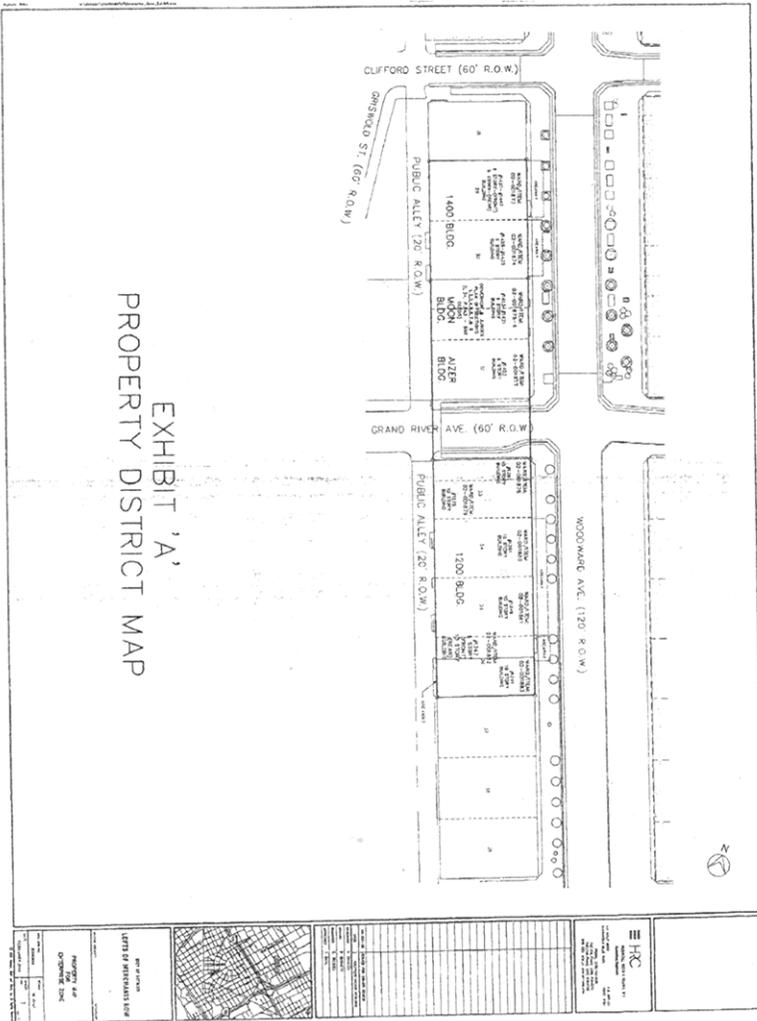

Now Therefore Be It

Resolved, That the land area described in the attached legal description, and shown on the attached map, is hereby established as the Lofts of Merchants Row NEZ pursuant to Public Act 147 of 1992, the Neighborhood Enterprise Zone Act.

Re: A request for a Public Hearing on the Establishment of the Community 1st Paradise Valley Neighborhood Enterprise Zone as requested by the Community First Development Company, LLC in accordance with Public Act 147 of 1992.

The Planning & Development Department have reviewed the Master Plan and the neighborhood preservation and development goals of the City, and find that establishment of the Community First Paradise Valley Neighborhood Enterprise Zone to be consistent with the neighborhood preservation and development goals and with the Master Plan.

Public Act 147 of 1992, commonly referred to as the Neighborhood Enterprise Zone (NEZ) Act, in Section 3(1) states "the governing body of a local governmental unit by resolution may designate one (1) or more neighborhood enterprise zones". Prior to acting upon the resolution establishing an NEZ, a public hearing must be held, and the City Clerk must provide written notice of the public hearing to the assessor and to the governing body of each taxing unit that levies an ad valorem tax within the proposed NEZ, said notice to be made not less than 30 days prior to your Honorable Body's passage of a resolution designating an NEZ.

The boundaries of the proposed NEZ are described in Exhibit A (legal description) and illustrated in the map also attached. The developer proposes to construct an estimated 100 residential units at an estimated cost of \$1.2 million.

We request that a Public Hearing be scheduled on the issue of establishing this NEZ, as required by the NEZ Act. Attached for your consideration, please find a resolution establishing a date and time for the public hearing, together with the aforesaid map and legal description of the proposed NEZ.

Respectfully submitted,

Now Therefore Be It

Resolved, That on the 20th day of January, 2011 at 11:15 A.M., in the City Council Committee Room, 13th floor, Coleman A. The Planning & Development Department has reviewed the request of the Elevator RDR, LLC to establish a Commercial Rehabilitation District and find that it satisfies the criteria set forth by P.A. 210 of 2005 and that it would be consistent with development and economic goals of the Master Plan.

October 21, 2010

Honorable City Council:

Re: Amendment to Agreement to Purchase and Develop Land Development: 3550-3556 Cass.

By resolution adopted February 7, 2007, your Honorable Body authorized an Assignment, Assumption and Consent Agreement assigning interest in the above-captioned property from Kemerko Mack, LLC, to Cass Corridor Neighborhood Development Corporation. Under the terms and conditions of the Agreement, Cass Corridor Neighborhood Development Corporation proposed to rehabilitate the property into approximately thirty-five (35) or more two bedroom units. Subsequently, on November 20, 2009, your Honorable Body approved an extension of the completion of construction until December 31, 2011.

To secure the financing necessary for the initiation of construction, Cass Corridor Neighborhood Development Corporation applied for and obtained a commitment from the Michigan State Housing Development Authority ("MSHDA"). Said commitment, however, is subject to satisfying certain conditions, including the amendment of the Development Agreement to suspend the operation of the City's reverter clause remedy for Developer default contained therein, using standard language previously utilized by the City for government financed projects, for so long as MSHDA mortgage loan financing exists as an encumbrance upon the Project.

Cass Corridor Neighborhood Development Corporation has requested that the City amend and modify the Development Agreement to accommodate MSHDA's financing conditions. The Planning and Development Department (P&DD) agrees that it is necessary, appropriate and in the City's best interest to do so, in order for the proposed development to proceed.

Therefore, P&DD recommends and

requests that City Council modify its prior land sale approval resolution to permit an amendment of the Development Agreement to satisfy MSHDA's financing terms and conditions and allow for the construction of the project by the Developer.

A suitable resolution to that effect, which also reaffirms Council's prior authorization for P&DD's Director to execute such other documents as may be necessary to effect the sale, is attached for your consideration and approval.

Respectfully submitted,

WARREN P. PALMER

Director

By Council Member Jenkins:

Whereas, Cass Corridor Neighborhood Development Corporation, a Michigan Non-Profit Corporation, has obtained mortgage loan financing approval from the Michigan State Housing Development Authority (MSHDA) for Project construction, subject, however, to certain conditions described in the foregoing communication; and

Whereas, The Developer has requested and P&DD has recommended that Council amend its prior land sale approval resolution to permit amendments to the Development Agreement to satisfy MSHDA's financing terms and conditions and allow the construction of the Project by the Developer; and

Therefore, Be It Resolved, That Council by this resolution does hereby approve and authorize an amendment to the Development Agreement previously executed and entered into by the Developer and the City in connection with this transaction, with terms and conditions for such Amendment as follows:

1. P&DD may, in exercise of its discretion, in order to facilitate MSHDA mortgage loan financing deemed necessary for the Project, amend the Development Agreement to incorporate a standard and customary "Rider" provision suspending the operation of the City's reverter clause remedy for Developer default, for so long as MSHDA mortgage loan financing exists as an encumbrance upon the Project, which provision has been used and approved in connection with other Projects for which Project mortgage financing for land acquisition and construction has been provided by other governmental entities.

Be It Further Resolved, That the Planning & Development Department's Director, or his authorized designee, is hereby authorized to execute any and all such documents as may be necessary to effect the land sale of 3550-3556 Cass, more particularly described in the attached Exhibit A, to Cass Corridor Neighborhood Development Corporation, a Michigan Non-Profit Corporation and facilitate MSHDA mortgage loan financing for the Project.

**City Planning Commission**

November 17, 2010

Honorable City Council:

Re: Installation of a Temporary roof over the entrance off of Washington Boulevard at 250 West Larned Avenue (Fire Department Headquarters) and Temporary video screen at 1 Washington Boulevard (Cobo Hall) for Auto-Show related event (Recommend approval).

The staff of the City Planning Commission (CPC) received a permit application from Centigrade, Inc., on behalf of Volkswagen for the temporary installations of a roof over the entrances to 250 W. Larned Ave. (the Detroit Fire Department headquarters) facing Washington Blvd. and a video screen with sound in front of the entrance to Cobo Hall, across from 250 W. Larned Ave. The PCA (Restricted Central Business District) zoning classification in which the buildings are located calls for City Council approval of the location and design of any exterior changes following the review and recommendation of CPC and the Planning and Development Department (P&DD) (Sections 61-3-182 and 61-11-96 of the Zoning Ordinance). CPC and P&DD staff have reviewed the application and submit this report and recommendation.

**PROPOSED INSTALLATIONS**

The event for which these installations is requested is the evening of January 9, 2011, the night before “press week” at the North American International Auto Show. Volkswagen is planning to do a product launch that night, and is renting the first floor of the Detroit Fire Department Headquarters building for the duration of the Auto Show, as Chrysler has done in previous years. For the product launch, Volkswagen is requesting to install a covered entrance over the west-facing doors of the Headquarters building that would span the sidewalk. It is only needed for the one night, and would be installed the week before and removed in the two days following the event. The “roof” would extend over the decorative arched entrances to the building. It would be supported by pre-assembled trusses.

Also requested is the temporary installation of a video display on the plaza of Cobo Hall across from the Headquarters. This would be approximately 30 feet wide and 22 feet tall (including base), and would be used for the display of Volkswagen-related material. It would

have sound capability, and would be wrapped in product advertising. The submitted drawings for both are attached.

Related to this request is the partial closing of Washington Boulevard and West Larned Avenue around the Fire Headquarters during the event. This petition is being separately considered by City Council.

**REVIEW**

In accordance with the Special District Review provision of Sec. 61-3-185 of the Detroit Zoning Ordinance and the PCA provisions of Section 61-11-96, reviews of proposed temporary installations should be conducted in light of the following criteria:

(2) Scale, form, massing and density should be appropriate to the nature of the project and related well to surrounding development;

(3) The proposed development should be compatible with surrounding development in terms of land use, general appearance and function and should not adversely affect the value of adjacent properties.

As these are temporary structures, staff feels that they meet the requirements of City Code.

**RECOMMENDATION**

CPC staff has completed its review of the proposed installations, as has the Planning and Development Department staff. We find that the installations would be in keeping with the spirit and intent of the PCA zoning district. Therefore, staff recommends approval of the location and design of the proposed temporary roof and video screen. Please find attached the appropriate resolution to effectuate your approval.

Respectfully submitted,  
MARCELL R. TODD, JR.

By Council Member Jenkins:

Whereas, Centigrade, Inc., on behalf of Volkswagen, has requested the temporary installations of a roof over the entrances to 250 W. Larned Ave. (the Detroit Fire Department headquarters) facing Washington Blvd. and a video screen with sound in front of the entrance to Cobo Hall, across from 250 W. Larned Ave.; and

Whereas, The sites are subject to provisions of Sec. 61-3-185 (Special District Review) and Sec. 61-11-96, the PCA (Restricted Central Business District) zoning classification of the Detroit Zoning Ordinance; and

Whereas, The PCA zoning district classification requires that the location and design of proposed exterior changes within a PCA district be approved by resolution of the City Council following the receipt of a written report and recommen-

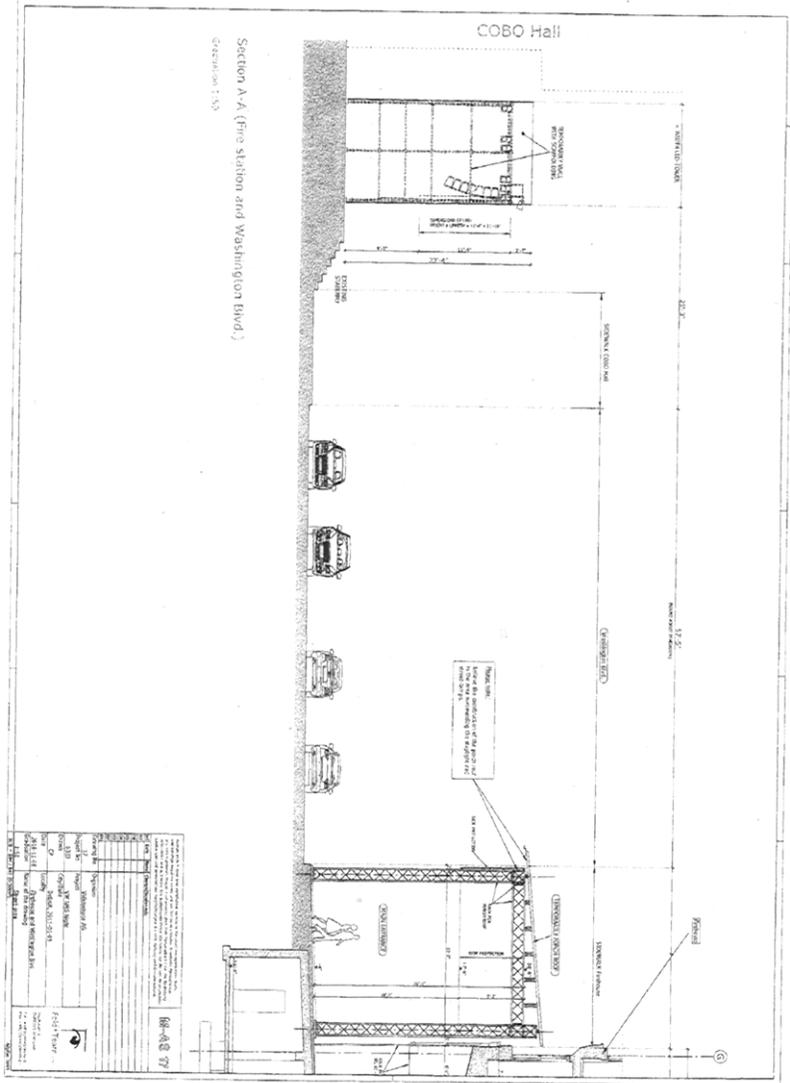

ation from the City Planning Commission; and

Whereas, Both the Planning and Development Department and the staff of the City Planning Commission have reviewed the proposal in order to ensure that the proposed installations are in keeping with the spirit, purpose and intent of the PCA zoning district classification; and

Whereas, The signs meet the requirements for business signs provided in Chapter 3, Article VII of the 1984 Detroit City Code;

Now, Therefore, Be It Resolved, That

the Detroit City Council approves the location and design of the proposed temporary roof over the entrances to 250 W. Larned Ave. (the Detroit Fire Department headquarters) facing Washington Blvd. and temporary video screen with sound in front of the entrance to Cobo Hall, across from 250 W. Larned Ave., to be used only for an event on January 9, 2011, and described in the foregoing communication from the City Planning Commission staff and as depicted in the drawing prepared by Field + Team and dated November 28, 2008.

WHEREAS, This revisionary language is crucial because it provides the City a remedy it can exercise without court intervention to regain control of property that is sold for a planned purpose under a Development Agreement; and

### Finance Department Board of Assessors

November 19, 2010

Honorable City Council:

Re: Technical Amendments to Resolutions extending Renaissance Zone Designations.

I would like to thank you in advance for your help.

On October 6, 2010, your Honorable Body adopted resolutions approving Renaissance Zone extensions for the following ten (10) projects: Bridgewater Interiors, Boasso America, Junctions Driggs, LLC — Detroit Tube Products, EEE Holdings — Delray Mechanical Co., Renaissance Global — James Group International — Ford Motor Company, Lafayette Properties — John Johnson, Lafarge Midwest, Waterfront Petroleum Terminal Company, Peerless Metals Powders & Abrasives — PTDC Properties, LLC — Phyllis Newman, Trust and Auction Block-Warehouse Management.

Earlier this week, the Michigan Economic Development Corporation ("MEDC"), which assists the Michigan Strategic Fund in administering the Renaissance Zone program, identified a point of confusion in one of the recitals in the extension resolutions adopted in October. Each resolution contains a recital that states that the business will make a certain capital investment **within** the first year of the extension. However, Section 4(7) of the Michigan Renaissance Zone Act states that the investment need only **begin** in the first year of the extension. Similarly, the state's Renaissance Zone policy guidelines state that for extensions, the investment must **begin** in the first year following the effective date of the extension. The MEDC has requested the City of Detroit to revise the resolutions to eliminate the confusion and mirror the language in the Renaissance Zone Act and the policy guidelines.

The requested change appears in the Ninth Whereas paragraph of each resolution:

WHEREAS, The business will maintain its current employment level of NUMBER (XX) jobs, and create no less than NUMBER (XX) full time jobs and/or make a capital investment of no less than (INVESTMENT DOLLAR AMOUNT), ~~within~~ beginning in the first year of the extension, or otherwise be in violation of the terms of the written agreement and will be subject to revocation by the Michigan Strategic Fund (MSF) and;

Enclosed are revised resolutions for each of the ten (10) projects. Please approve these revised resolutions at your November 23, 2010 formal session, with a waiver of reconsideration, so that the Board of the Michigan Economic Development Corporation may consider these Renaissance Zone Extension requests at its December 15, 2010 meeting.

Respectfully submitted,  
LINDA M. BADE  
Chief Assessor

**City Planning Commission**

November 18, 2010

Honorable City Council:

Re: Review and approval of temporary use permit applications and temporary sign permit applications during City Council's 2010 year-end recess.

The Detroit Zoning Ordinance requires that any permit application submitted to the Buildings Safety Engineering and Environmental Department for exterior work within the Public Center (PC) District and Restricted Central Business (PCA) District must be reviewed by the City Planning Commission (CPC) and the Planning and Development Department (P&DD).

The CPC then submits a report and recommendation to your Honorable Body together with a resolution.

The North American International Auto Show takes place at the Cobo Exhibition Center on land zoned PC and PCA. Every year exhibitors request permits for temporary displays and structures; very often those permit applications are received during City Council's end-of-year recess and consideration of those applications by

Council often overlaps with the opening of the Auto Show.

CPC staff notes that while the "special district review" provisions of the Zoning Ordinance are appropriate for PC and PCA Districts, the Zoning Ordinance is silent on whether these same provisions apply to temporary uses and structures. While a clarificatory amendment to the Zoning Ordinance is being prepared to address this matter, CPC staff recommends adoption of a resolution which authorizes CPC and P&DD staff to review, approve, deny, or approve with conditions any temporary use, temporary structure, and temporary sign permit application related to land zoned PC and PCA, submitted prior to City Council's return on January 10, 2011.

Respectfully submitted,  
M. RORY BOLGER  
Deputy Director

By Council Member Jenkins:

Whereas, The Detroit Zoning Ordinance requires that any permit application submitted to the Buildings Safety Engineering and Environmental Department related to the exterior design, location, and appearance of work within the Public Center (PC) District and Restricted Central Business (PCA) District must be reviewed by the City Planning Commission (CPC) and the Planning and Development Department (P&DD); and

Whereas, Consistent with Sec. 61-3-182 of the Zoning Ordinance, the City Council approves, by resolution, any such permit application subsequent to receipt of a report and recommendation from the City Planning Commission; and

Whereas, The Zoning Ordinance is silent as to the applicability of these "special district review" provisions for applications for temporary uses, temporary structures, and temporary signs on land zoned PC and PCA; and

Whereas, The North American International Auto Show takes place at the Cobo Convention and Exhibition Center on land zoned PC and PCA; and

Whereas, Exhibitors routinely submit permit applications during City Council's end-of-year recess period for temporary uses, temporary structures, and temporary signs for the North American International Auto Show (NAIAS); and

Whereas, It is the desire of Detroit City Council to facilitate the staging of the 2011 North American International Auto Show during the recess period of November 24, 2010 through January 9, 2011, while ensuring adherence to the spirit of the Zoning Ordinance; Now Therefore Be It

Resolved, The Detroit City Council authorizes the staff of the City Planning Commission and Planning and Development Department to review, approve,

deny, or approve with conditions any temporary use, temporary structure, and temporary sign permit application related to the NAIS on land zoned PC and PCA, submitted prior to City Council's return on January 10, 2011 in consultation with other departments as appropriate.

Adopted as follows:

Yeas — Council Members Brown, Cockrel, Jr., Jenkins, Jones, Spivey, Tate, and President Pugh — 7.

Nays — Council Member Watson — 1.

**City Planning Commission**

November 19, 2010

Honorable City Council:

Re: Draft resolution requesting that the Recreation Department 1) earmark funds from the Detroit Medical Center (DMC) specifically for the redevelopment of Tolan Playfield and 2) solicit and consider community input regarding how Tolan Playfield should be redeveloped. (Departmental Report).

On November 18, 2010, the Planning and Economic Development Standing Committee held a public hearing on the request of the DMC to modify plans for its proposed Pediatric Specialty Center to be developed in part on 5.3 acres of Tolan Playfield.

During the hearing, it was noted by City Planning Commission (CPC) staff that the DMC had agreed in 2008 and had already given \$375,000 to the City to be used for the future redevelopment of the remainder of Tolan Playfield. It was reported by CPC staff that the surrounding community, in particular representatives of the nearby Plymouth Housing Non-Profit Housing Corporation, had requested assurances that the subject \$375,000 would be spent specifically on Tolan Playfield; there is a concern the \$375,000 might be used by the City to address other pressing City needs. Furthermore, it was reported that the surrounding community had requested that the Recreation Department include input from the community when drafting the redevelopment plans for Tolan Playfield.

CPC staff spoke with the Recreation Department which indicated it planned to spend upwards of \$600,000 on the redevelopment of Tolan Playfield, which included the subject \$375,000. Also, the Recreation Department indicated it had already reached out to community representatives regarding how the park should be redeveloped.

At the conclusion of the November 18th hearing, the Planning and Economic Development Standing Committee directed the CPC staff to draft a resolution formally requesting that the Recreation Department: 1) earmark funds from the

DMC specifically for the redevelopment of Tolan Playfield and 2) solicit and consider community input regarding how Tolan Playfield should be redeveloped.

Whereas, In August, 2008, the City of Detroit agreed to sell approximately 5.3 acres of Tolan Playfield to the Detroit Medical Center Children's Hospital of Michigan for the development of a new pediatric medical office building; and

Whereas, The Detroit Medical Center gave \$375,000 to the City to be used toward the redevelopment of the remainder of Tolan Playfield; and

Re: Request permission to accept an increase in the Disproportionate Minority Contact Grant from the Wayne County Children and Family Services Department (CFS).

In 2009, the Wayne County Children and Family Services Department (CFS) granted the Detroit Police Department \$50,000.00, with no cash match, to update the Department's computerized database (desk blotter) to collect specific information on juveniles detained by the Detroit Police Department (DPD). This helped to develop and expand pre-adjudication diversionary programs with a view towards reducing disproportionate minority contact with the juvenile justice system. The CFS has now granted the Department an additional \$15,000.00, with no cash match, to further enhance the database, bringing the total amount awarded to \$65,000.00 in Grant Contract #431B9200190.

The grant period for the newly awarded funding will run from October 1, 2010

through September 30, 2011. If approval is granted to accept this increased funding, Lieutenant Marlon Wilson, of Criminal Investigative Operations, would continue to serve as the project director. The cost center for the grant is 372560.

**Department of Public Works

November 4, 2010

Honorable City Council:

Re: Petition No. 737 — The Planning and Development Department request the dedication/widen of Rivard and Wilkins Streets.

Petition No. 737 of "The Planning and Development Department (P&DD)", request City Council to accept the dedication of land for the widening of Rivard Street, 50 feet wide, between Watson Street (vacated), 50 feet wide, and Wilkins

Street, 50 feet wide; and widening Wilkins Street, 50 feet wide, between Rivard Street, 50 feet wide, and the Chrysler Freeway Service Drive; and the widening of the Chrysler Freeway Service Drive by 18.00 feet between Watson Street (vacated), 50 feet wide, and Wilkins Street, 50 feet wide.

The dedication/widen is necessary because the Planning and Development Department approved with the Honorable City Council to designate said area as the Wholesale Distribution Center Rehabilitation Project No. 1 (Eastern Market) Development Plan Area. When this Development Plan was first enacted, improvements to widen said Rivard and Wilkins were made, however, no dedications of the rights-of-way for sidewalk was done. In effect, the current landowner at 3000 Chrysler Drive, R. Hirt Jr. Company, is technically land locked on their property. The approval of this resolution will resolve this land lock issue and provide the business owner with the necessary documents to expand his/her business.

The City Engineering Division — DPW/Street Design Bureau and the Traffic Engineering Division of DPW approved the request. The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

All other city departments and privately owned utility companies have no objections to the requested widening of the public rights-of-way.

An appropriate resolution is attached for consideration by your Honorable Body.

Respectfully submitted,

MANILAL PATEL

October 29, 2010

Honorable City Council:

Re: Petition Number No. 472 — Walbridge Joint Venture for Detroit Public Schools, requesting the vacation of two existing easements located on the site of the Martin Luther King Jr. High School.

Petition No. 472 of "Walbridge Joint Venture for Detroit Public Schools", requesting the outright vacation of Elmwood Avenue, 60 feet wide, and Congress Street, 60 feet wide, all in the block bounded by Fort Street, 50 feet wide, (vacated on October 13, 1969), Larned Street, 120 feet wide, McDougall Avenue, 120 feet wide, and Mt. Elliott Avenue, 120 feet wide. This outright vacation is necessary for the construction of the New Martin Luther King Jr. High School.

The petition was referred to the City Engineering Division — DPW for investigation (utility clearance) and report. This is our report.

The Detroit Water and Sewerage Department reports no objection to the requested outright vacation of the easements provided the sewers and water mains are relocated by the petitioner at no cost to DWSD/City, and the proposed new sewers and water mains within the site do not create excessive and additional surcharges or pressures in the surrounding area, also that the attached requirements and provisions are strictly followed.

The Public Lighting Department (PLD) reports of an underground fed high voltage primary and old communication duct run where the petitioner request for an outright vacation. Removal and relocation of PLD facilities will be done at no cost to PLD/City.

AT&T Telecommunication reports underground facilities in vacated Fort Street running east/west. AT&T has no records of facilities south of this point between McDougall and Mt. Elliott.

DTE Energy — MichCon Gas Company reports no objections to the property change provided that 60 feet wide easement of the full width of the public right-of-ways of the streets in Elmwood Avenue are reserved. If this easement cannot be provided, the petitioner must contact MichCon Public Improvement Department at 313-389-7370 for the drawings and estimate cost of removing and/or rerouting such mains and services. The removing and rerouting of such mains and services shall be done at no cost to the City.

All other city departments and private util-

ity companies have reported no objections to the changes of the public rights-of-way. Provisions protecting utility installations are part of the resolution (if necessary).

I am recommending adoption of the attached resolution.

Respectfully submitted,

Honorable City Council:

Re: Authorization to submit a grant to the Michigan State Housing Development Authority and State Historic Preservation Office for a Michigan Lighthouse Assistance Program Grant for the William Livingstone Lighthouse Preservation Project in Belle Isle Park.

The Detroit Recreation Department is hereby requesting the authorization of your Honorable Body to submit a grant application to the Michigan State Housing Development Authority and State Historic Preservation Office, for funding under the 2010 Michigan Lighthouse Assistance Program for rehabilitation and historic preservation work at the William Livingstone Memorial Lighthouse in Belle Isle Park.

The amount being sought from the Michigan Lighthouse Assistance Program is \$37,000. To that amount, the Recreation Department would be adding \$19,000 in matching funds from its Partners Account for a total project cost of \$56,000.

The grant would enable the Department to do the following:

- Cut out and replace 100% of the sealant on the vertical and horizontal stone joints of the lighthouse tower;
- Pull and reset stones (approximately 12 stones) around the tower base;
- Cut out and replace 100% of the sealant at the base stone joints;
- Inspect and repair the lighthouse roof, as needed.

With your authorization, the Department will submit a grant request to the Michigan Lighthouse Assistance Program in the amount of \$37,000. The City match of \$19,000 will come from a donation identified for Belle Isle Park that was received in the Partners Account.

We respectfully request your approval to apply for this grant by adopting the following resolution, with a Waiver of Reconsideration.

Sincerely,

## COMMUNICATIONS FROM THE MAYOR AND OTHER GOVERNMENTAL AGENCIES

### Mayor's Office

November 23, 2010

Honorable City Council:

Re: Proposed Ordinance to Amend Chapter 9.5 of the 1984 Detroit City Code, *Cable and Related Electronic Communication*: 1) to Require that Three Cable Commissioners be Appointed by the City Council, Three Cable Commissioners be Appointed by the Mayor, and One Cable Commissioner be Appointed by the City Council Subject to Approval by the Mayor; and 2) to Require that All Meetings of the City Council and the Body's Task Forces be Broadcast on PEG Channels in Their Entirety on the Same Day and that the Council May Amend the Broadcast Schedule Through Adoption of a Resolution.

The City Clerk has forwarded to me for my approval or veto a proposed ordinance to amend Chapter 9.5 of the 1984 Detroit City Code, *Cable and Related Electronic Communication*, which, among other things: 1) requires that three Cable Commissioners be appointed by City Council, three Cable Commissioners be appointed by the Mayor, and one Cable Commissioner be appointed by the City Council subject to approval by the Mayor; and 2) requires that all meetings of the City Council and the Body's task forces be broadcast on PEG channels in their entirety on the same day and that the Council may amend the broadcast schedule through adoption of a resolution. For the reasons stated below, I hereby veto this proposed ordinance.

The Detroit Cable Communications Commission was established in Section 61A-2-1 of the 1964 Detroit City Code, which was passed by the City Council on April 29, 1981 by a vote of 9-0. In part, Section 61A-2-1 provided that "the Commission shall be composed of seven Commissioners, four of whom shall be appointed by the City Council and three of whom shall be appointed by the Mayor."

On May 7, 1981, former Mayor Coleman A. Young vetoed the proposed ordinance. In his veto message he stated: "Section 61A-2-1 . . . violates not only the [1974] Charter of the City of Detroit but also the traditional concepts of separation of powers and checks and balances which have so long given strength to our system of government . . .

The ordinance . . . as originally proposed . . . would have established a Cable Television Commission composed of five members. They were to be appointed consistent with the City Charter, by myself, subject to approval of the City Council.

While the Commissioners would serve at my pleasure, any replacement commissioner could have been appointed only with the approval of [y]our Honorable Body.

Thus, the traditional executive/legislative division of authority would have been maintained.

The ordinance as [passed] by [y]our Honorable Body would create a seven member commission, four appointed by City Council without executive approval and three appointed by the Mayor without legislative approval. In the same manner, you would have members removed without cause by the appointing body and then replaced by that body without the approval of the other branch of government. There is none of the traditional system of checks and balances in this arrangement. Under the ordinance passed by [y]our Honorable Body, both legislative and executive branches of government would have unbridled discretion as to appointments to this vital commission. neither executive nor legislative branch would act as a check upon the other.

On May 14, 1981, the City Council overrode the Mayor's veto by a vote of 6-2. 1981 J.C.C. page 1109. The ordinance was enacted as ordinance 440-H. However, nine months later, Mayor Young and the City Council arrived at a compromise where, on February 10, 1982, the Law Department submitted to Council an ordinance to amend Section 61A-2-1 to provide for Mayoral appointment of four members of the Commission and for Mayoral appointment of three members of the Commission from a list submitted by the City Council. On March 17, 1982, the

City Council passed the Ordinance, which was designated as ordinance 495-H. Section 61A-2-1 was recodified into the 1984 Detroit City Code as Section 9.5-2-1 and has remained the law for 28 years.

It is important to note that the Detroit Cable Communications Commission was established in 1981 as an Executive Branch agency charged with carrying out a "program, service and activity" of the Executive Branch of City government within the context of Section 5-102 of 1997 Detroit City Charter. The Commission was created in the Executive Branch, is found in the Executive Organization Plan, and performs Executive Branch functions, that is, it carries out "programs, services, and activities of City government."

Section 5-102 of the 1997 Detroit City Charter. There is no federal, state, or Charter authority which supports removing the Commission from the control of the Executive Branch where the Body was created and, by law, must remain. This was true in 1981 when the City Council first attempted to seize control of the Commission. The law cited in former Mayor Coleman A. Young's May 7, 1981 veto message of prior proposed ordinance remains unchanged. In his veto statement, Mayor Young said, among other things:

The Commentary to Section 5-102 points out, with special relevance to the situation here presented:

It [Section 5-102] defines the basic role of the branch of City government which has been put under the charge of the Mayor, namely, to enforce and administer laws and ordinances. **It forbids the creation of agencies outside of the Mayor's control, to discharge executive or administrative functions.** ([1974] Charter Commentary, page 13) (Emphasis added).

May 14, 1981 J.C.C. page 1109-1111. This legal basis for Mayor Young's veto statement remain valid.

Section 7-102 of the 1997 Detroit City Charter requires the Mayor "to prepare an executive organization plan which, consistent with law and this Charter, sets forth all agencies of the executive branch and assigns authorized programs, services and activities to each agency." Section 380 of that Executive Organization Plan, which was approved by the City Council in accordance with Section 7-102, contains the Detroit Cable Communications Commission. The Executive Organization Plan provides that the Body's function is:

to represent the City of Detroit in any matters relating to cable communication systems within the City. The Commission monitors the franchisee's compli-

ance with the Franchise Agreement and encourages governmental and public access programming.

1984 Detroit City Code, *Executive Organization Plan*, page 143.

In 1991, the City Council moved the appropriation for the Commission from the budget of the Mayor's Office to the budget of the Public Information Department, another Executive Branch agency. In *City Council vs. Coleman A. Young*, Wayne County Circuit Court Case No. 91-132-489-AW, decided May 4, 1992, the Wayne County Circuit Court held that this move was permissible, because there was nothing in the Executive Organization Plan which "expressly prohibited" such a move of appropriations for a program, service, activity of function to another department *within* the Executive Branch. While the City Council has budgetary authority over the Commission's appropriations as an Executive Branch agency, such authority does not include placing an Executive Branch agency under the control of the Legislative Branch.

The requirements in Section 9.5-2-1 of the proposed ordinance is squarely within the prohibitions of Section 5-102 of the 1974 and 1997 Detroit City Charters. Because the Cable Communications Commission carries out executive and administrative functions, the agency cannot be placed, by ordinance, outside the control of the Executive Branch and within the control of the Legislative Branch. This includes the proposed requirement that all meetings of the City Council and the Body's task forces be broadcast on PEG channels in their entirety on the same day and that the Council may amend the broadcast schedule through adoption of a resolution.

Rather, than moving forward on the critical issues that concern City government, the City Council has chosen to pass an ordinance, which rekindles a Charter dispute that was resolved in 1982 by former Mayor Coleman A. Young and the former City Council members. More disturbing is that City Council's action violates the clear delineation of City Charter authority between the Mayor and Council, which "forbids the creation of agencies outside of the Mayor's control, to discharge executive or administrative functions." Charter Commentary to Section 5-102 of 1974 City Charter, page 13.

For all of these reasons, I must veto this proposed ordinance with the view that, after examining the history of this issue, City Council will sustain the veto. It is my hope that City Council will work with the Administration and the Law Department to resolve the Body's concerns without causing this issue to come before a court for a determination that the actions of Council in this instance run afoul of the

mandates in the 1997 Detroit City Charter as adopted by the people of our great City.

Respectfully,  
DAVE BING  
Mayor

Honorable City Council:

Re: Implementation of Certain Wage and Fringe Benefit Changes for Senior Accountants, Analysts and Appraisers Association (Bargaining Unit 7100).

As a part of the negotiation process for the 2008-12 collective bargaining agreements, the Senior Accountants, Analysts and Appraisers Association and the City of Detroit engaged in negotiations for fifteen months. Therefore, it is clear that the parties are deadlocked and at impasse. On November 1, 2010, the City notified Senior Accountants, Analysts and Appraisers Association that it would impose the City's last proposals on the open issues.
